Electoral Officers Report

Paulene Graham SRC Electoral Officer 2013

The following nominations outlined in pages 8 to 82 of this publication have been received and declared legal by the Electoral Officer as candidates in the Annual Elections for the 86th Students' Representative Council, University of Sydney, including: President of the 86th SRC, Editors of Honi Soit, NUS Delegates, and Representatives of the 86th SRC.

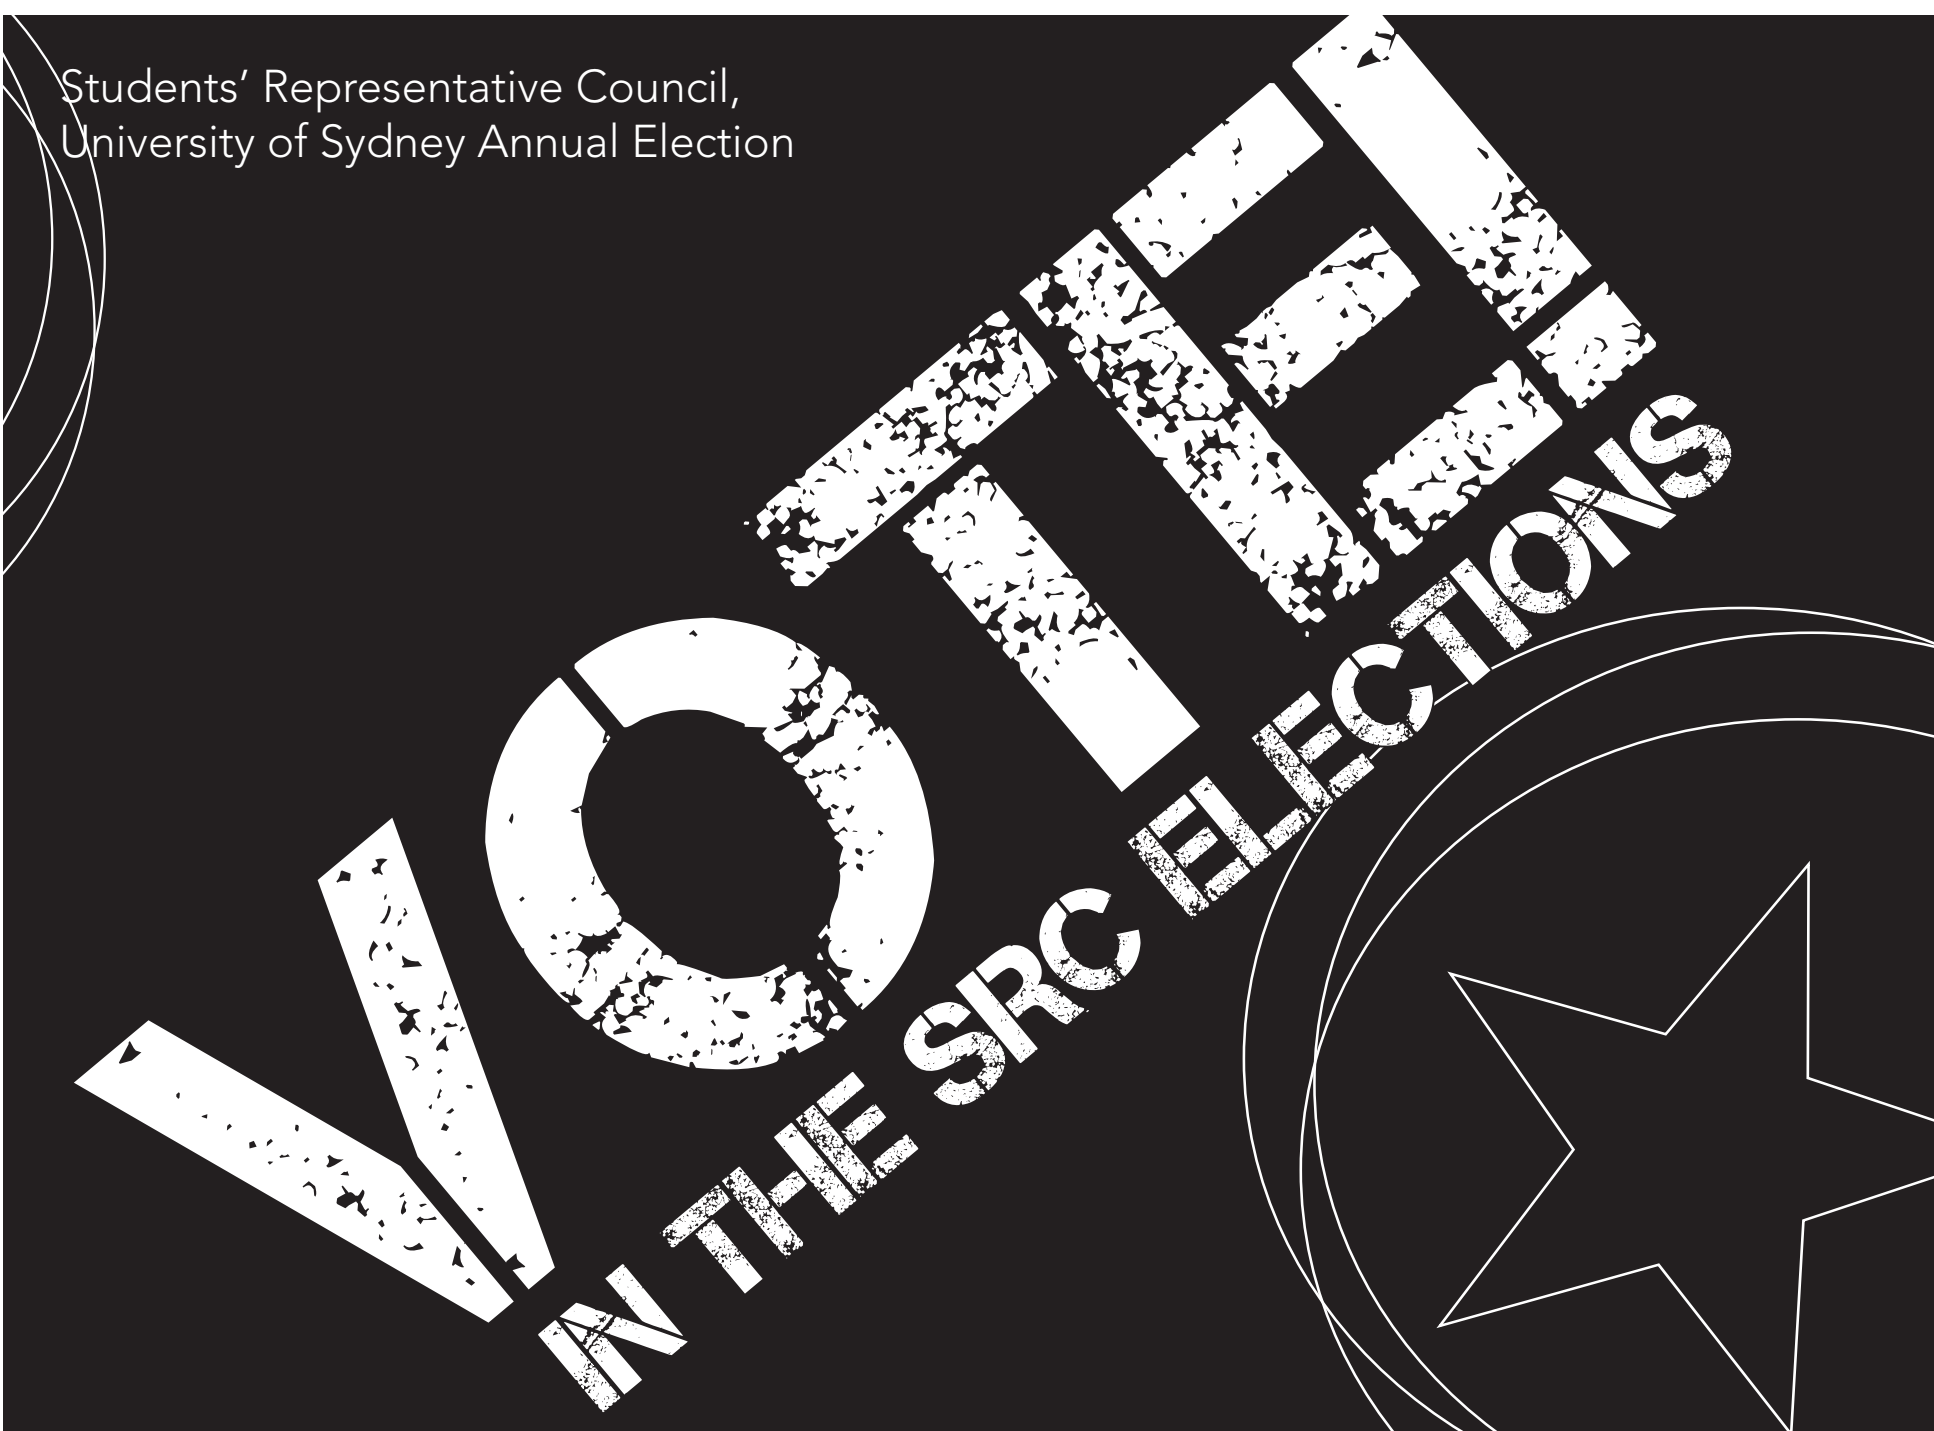

The candidates are printed in the order they will appear on the ballot paper.

The election will be conducted in accordance with Part Eight of the SRC Constitution which may be found at www.src.usyd.edu.au

.....

Instructions for Voters

The first thing to get your head around is that at this election there will be four separate ballots:

- SRC President
- Honi Soit Editors
- 33 SRC Representatives
- 7 Delegates to the National Union of Students.

The ballots for SRC President and Honi Soit Editors are for single positions and the ballot will be counted using optional preferential voting. This is the method of voting used to elect Members of the NSW Legislative Assembly (lower house).

It is a system of voting in which the voter ranks candidates in order of their preference. If a candidate achieves over 50% of the vote then they are elected. If not, then the candidate with the fewest votes is excluded and the second preferences of that candidate, if any, are then distributed amongst the remaining candidates. This process is continued until one candidate has over 50% of the vote or there are only two candidates left in which case the candidate with the larger vote is declared the winner.

The 33 SRC Representatives and the 7 Delegates to the National Union of Students are elected by proportional representation. The system used for SRC elections is similar to the method used to elect the Members of the NSW Legislative Council (upper house). The rules for counting the proportional representation ballots are set out in Schedule Two of the SRC Constitution.

In these elections candidates are elected not when they reach a majority but when they reach a quota. A quota is determined by the formula:

$$\text{Quota} = \frac{\text{Total Formal Vote}}{\text{Candidates to be elected} + 1} + 1$$

(disregard any fractions)

For SRC representatives the quota will be approximately 2.95% and for NUS delegates 12.5%

Candidates who achieve over a quota are able to pass on their surplus votes to other candidates in the same ratio as expressed by the next preferences of that candidate's supporters. This process continues until all candidates with over a quota have had their preferences distributed. At this point the candidate with the lowest vote is excluded from the ballot and his/her preferences are distributed to the continuing candidates according to the voter's next preference. This continues until sufficient candidates are elected to fill all the positions available.

For the SRC Representatives and NUS Delegates, voters have the choice of voting:

EITHER for a group by placing the number "1" left of the line in the square next to the name of the group you wish to vote for. You may indicate further preferences by placing the number 2,3 and so on for other groups.

OR individually for candidates by placing the number "1" right of the line in the square next to the name of the candidate you wish to vote for. You may indicate further preferences by placing the numbers 2,3 and so on next to the names of other candidates.

If you vote both left and right of the line, only the right hand side will be counted.

So, the important things to remember are:

- Vote only one side of the vertical line: left side for a group ticket OR, right side for individual candidates.
- Place as many or as few number as you like.
- DO NOT use the same number more than once.
- Place your numbers in consecutive order, from 1 (for your favourite candidate or group), 2 (for your second favourite candidate or group), 3 and so on.
- Use numbers, not ticks and crosses.

Over the Horizon – next steps for sustainable cities and the world

City Talks

city of villages

Our world faces unprecedented environmental challenges. Across the globe, people are battling climate change, but so much more is needed.

Dr David Suzuki CC OBC, passionate environmentalist, award-winning scientist and outstanding broadcaster, has been one of the strongest voices in this battle.

He received UNESCO's Kalinga prize for Science, the United Nations Environmental program medal, UNEPs Global 500 and the Right Livelihood Award (Alternative Nobel Prize).

Dr Suzuki's much anticipated City Talk keynote will explore where governments should be heading, globally and in our region.

Then he will be joined for a discussion with leaders from the Australian environmental movement.

SRC Electoral Regulations

2. The Annual Elections and any By-Elections for any of the above-mentioned positions shall be conducted under the personal supervision of the Electoral Officer, and, if he or she deems necessary, of Deputies appointed by him or her in writing whether in a general or specific purpose capacity.

3. The Electoral Officer shall ensure the fair and efficient conduct of the elections. The Electoral Officer:

(a) shall be appointed by the Council at least forty (40) days before the close of voting in the case of the Annual Elections and at least twenty (20) days in the case of By-Elections.

(b) shall not necessarily be employed by the Council, but shall be reimbursed for expenses incurred in the pursuit of the duties of the position of the Electoral Officer provided that these have been carried out with due diligence.

(c) (i) shall act in accordance with and apply the provisions of the Constitution and these Regulations as they stood at the time when nominations were called but otherwise shall not act on any direction of the Council or its office-bearers. The Electoral Officer shall not be a member of Council.

(ii) with respect to the election of NUS delegates, shall act in accordance with Part Thirteen of these Regulations and with the relevant sections of the NUS Constitution and Regulations.

(d) shall table before the next meeting of Council after the declaration of the election, a report on each election he/she has conducted and any matters dealt with by the ELA as well as a copy of the declaration;

(e) shall not be a candidate, nominator or seconder of a candidate;

(f) shall not be eligible for election to an executive position after an election he/she has conducted until the next Annual Elections;

(g) shall hold office until paragraph (d) of this section has been fulfilled;

(h) may submit observations to be included in future Electoral Officers' handbooks;

(i) shall be responsible for securing a location at which to conduct the count.

(j) shall designate polling days, on which polling booths shall be open at locations in accordance with s.15 below; and shall designate pre-poll voting days on which votes may be cast at a location notified by the Electoral Officer.

9. (a) For Annual Elections, the Electoral Officer shall edit and supervise the layout by the current editors of a Special Election Issue of Honi Soit to be distributed to the Student Body not later than nine days prior to the opening to the ballot, and which shall contain:

(i) where submitted, a bona fide photograph of each candidate (not altered since the time it was taken), curriculum vitae and policy statement

(ii) an explanation of the ordinary preferential and quota-preferential proportional representation voting systems

(iii) sections of the Regulations as specified in this Part

(iv) polling places and times.

It may also contain paid advertisements not related to the elections. It shall not contain:

(i) artwork which in any way comments favourably or unfavourably upon any candidate or group of candidates or which ridicules the election process

(ii) editorial comment on the merits of candidates or issues.

(b) At a reasonable time determined by the Electoral Officer, and with proper supervision, candidates may inspect all final copy before despatch to the printers.

(c) The Electoral Officer shall ensure that there is no direct comment on candidates or their policies in relation to the elections and in their capacity as candidates for election in any issue of Honi Soit between the publication of the Special Election Issue and the close of polling. Honi Soit may still contain comments about candidates in relation to other matters.

(d) For any election, the order of appearance of candidates in the Election Issue shall be the same as that on the ballot paper.

(e) In the case of By-Elections there shall in the last issue of Honi Soit before the election, be a supplement which adheres to the prescriptions set out in this section.

(f) For the election issue of Honi Soit the Director of Student Publications elected by Council shall act within her/his duties as prescribed in Part Six section 1. Where the DSP is a candidate in the election, Council shall appoint a DSP to act for the election issue of Honi Soit.

10. Policy statements may be submitted by candidates and groups before the close of nominations as follows:

(a) in the case of candidates for the office of President or of Editor(s), they shall not exceed 500 words.

(b) in the case of Representatives, they shall not exceed the lesser of the number of candidates nominating in a group multiplied by 200, or 2,000 words. Where candidates are grouped by common consent, a group statement of no more than 750 words may precede statements by individual candidates. The remainder of the word allocation shall be available to the candidates as long as no individual statement exceeds 200 words.

(c) Candidates or groups shall specify the number of words claimed to be used either in the group or individual statements.

11. Each candidate for the position of Representative, Honi Soit editor or NUS delegate may submit a curriculum vitae consisting of not more than fifteen items. The curriculum vitae of candidates for the position of President shall not be limited. A curriculum vitae shall consist of information about the candidate in some or all of the following five areas:

(i) Students' Representative Council;

(ii) University of Sydney;

(iii) University of Sydney Union;

(iv) Clubs and Societies; and

(v) other interests.

12. (a) The Electoral Officer shall cause to be printed and widely distributed a poster of at least A3 size or larger encouraging the Student Body to vote in the Annual Elections. (altered 11/6/03)

(b) This poster shall be of a completely non-political, non-partisan nature.

(c) This poster shall also bear the location of polling booths and the times during which they shall remain open.

(d) There shall be at least fifty (50) copies of this poster printed and distributed.

(e) These posters shall be distributed evenly on notice boards and other suitable locations on campus and at off-campus teaching areas.

(f) The Electoral Officer shall produce a similar poster not smaller than 20cm x 30cm for any By-Election and shall cause to be printed a sufficient number to publicise the election.

13. The Electoral Officer may adopt any other reasonable method of acquainting the electors with the policies of the candidates.

14. Voting shall be by secret ballot.

15. (a) (i) At the Annual Elections or By-Election, voting shall remain open for at least one polling day.

(ii) Pre-poll votes for the Annual Election and any By-Election may be cast at times and location(s) designated by the Electoral Officer during the period commencing not before the publication of the election issue of Honi Soit to not later than the day before the first polling day.

(b) The Electoral Officer shall determine, within the provisions of the remainder of this regulation, the location and hours of polling booths, subject to the approval of the Executive. Such polling booths shall be established in locations suitable for those eligible to vote in the election and which do not unduly affect the convenience of passers by.

(c) (i) A polling booth shall be established at Fisher Library between the hours of 0830 and 1830 on the first day of polling and between 0830 and 1700 on the second day of polling.

(ii) A polling booth shall be established at Jane Foss Russell between the hours of 0830 and 1800 on the first day of polling, and between 0830 and 1800 on the second day of polling.

(iii) A polling booth shall be established at Manning House between the hours of 1000 and 1600 on both days of polling.

(iv) A polling booth shall be established at Cumberland College of Health Sciences between the hours of 1100 and 1500 on both days of polling.

(v) Polling booths shall be established at the Conservatorium of Music, Sydney College of the Arts and the Electrical Engineering Building between the hours of 1200 and 1400 on one day of polling.

(g) The Electoral Officer shall advertise the hours of opening and location of polling booths, provided that no polling booth shall remain open for a period of less than two (2) hours.

17. (a) The method of voting and counting the ballots shall be by the system of quota preferential proportional representation set out in the Second Schedule of the Constitution, with optional marking of preferences. Voters shall also be given the option of voting 'above the line' and preferencing a group or groups in the elections for Representative and NUS Delegate.

(b) Voters may vote either above the line or below the line. In the event that a voter has recorded a formal vote both above and below the line, the ballot paper will be treated as though the voter has marked below the line only.

18. (a) If the Electoral Officer deems it necessary, he or she or a person authorised by the Electoral Officer shall initial each ballot paper or stamp it with the prescribed stamp of the SRC.

(b) For the purposes of reconciling the numbers of ballot papers with the numbers of students claiming a vote, the Electoral Officer may instruct Polling Booth Attendants to place on the back of each ballot paper issues, a mark identifying the polling place.

22. (a) The Electoral Officer shall appoint Polling Booth Attendants, herein after referred to as PBA's who shall act under his or her personal supervision from the time when they attend the meeting called by the Electoral Officer to explain the manner in which duties shall be performed.

(b) The PBA's are responsible to the Electoral Officer for the conduct of voting and observance of the Regulations.

(c) The Electoral Officer shall ensure that the PBA's are conversant with their duties and shall issue to each PBA a sheet of instructions.

(d) At the polling booth:

(i) the PBA shall initial each ballot paper which he or she issues, and may also be required to indicate on it the place of issue.

(ii) before handing a ballot paper to any voter, the PBA shall, where possible, mark distinctively the voter's Authority to Attend Classes.

(iii) the PBA may make any reasonable enquiry to establish the identity of any person claiming a vote. Where, for any reason, the eligibility of the person is in doubt, the PBA shall place the ballot paper in a sealed envelope, setting out the reasons for uncertainty on the outside, and later convey it to the Electoral Officer.

(iv) the PBA shall, at the request of any voter, issue a fresh ballot paper in place of one spoiled by the voter. Having cancelled the spoiled paper by writing "CANCELLED" or "SPOILT" on the back, the PBA shall place the paper in a special envelope provided for that purpose and later convey such envelope(s) to the Electoral Officer.

(v) locked ballot boxes shall be provided and be sealed immediately the voting closes;

(vi) at the close of voting on any polling day, the PBA shall do with the ballot boxes as ordered by the Electoral Officer, who shall take all necessary measures to assure the security of the votes and the orderliness of all proceedings from that time forth until the declaration of the election.

23. The Electoral Officer shall be responsible for supplying voting facilities as published. Where through misadventure it is not possible to establish facilities exactly as advertised, the Electoral Officer may issue such instructions as would afford those affected an opportunity to cast their vote.

24. Each candidate shall be entitled to have present throughout the counting of the votes up to four (4) scrutineers, nominated in writing to the Electoral Officer. (altered 11/6/03)

(b) Once the ballot boxes has been opened, the Electoral Officer shall forthwith cause to be counted the first preferences in each election conducted. Scrutineers may ask to see any ballot papers and may (as elsewhere in this Section) challenge in writing the inclusion or exclusion of any ballot paper but shall not physically handle or interfere with any paper nor cause any undue noise, disturbance or obstruction during the counting of the votes on pain of being excluded from the counting room for persistent contravention

(d) The order in which the ballots shall be counted shall be:

(i) first, President, then,

(ii) Editors of Honi Soit,

(iii) Representatives,

(iv) Delegates to the National Union of Students.

(e) Where in the course of a scrutiny a duplication or omission occurs on a ballot paper before the number opposite the candidate next in the order of the voter's preference, the paper shall be set aside without further transfer being made.

Amélie Vanderstock

Science III

Policy statement

Our Student Representative Council (SRC) has always had the potential to be an inclusive, participatory and progressive body for our broad student community.

By the time this goes to print a new federal government will be in power. It doesn't matter if the new government is Labor or Liberal – we will still need to fight for our education. Labor has slashed university budgets by \$2.4 billion and piled more debt onto already overburdened students. The Liberals will deregulate HECS, exponentially increasing student debt (and god knows what else). This is why now more than ever we must unite and support the GRASSROOTS movement to fight for our future. This year don't vote for a Labor-affiliated bureaucrat, vote for a genuine activist. Someone who is willing to stand up to the government and management, no matter who they are. Someone who doesn't shy away from a hard fight, or a tough position, or a radical approach. Someone who won't give up on their duties the second election season comes around.

I am a passionate environmental and social justice activist. As such, I have a vision for a student community that reclaims our historical role as an epicentre for critical thought, innovation and change, like the anti-war movement of the 70s. We see overseas how this helps students to resist and challenge exploitation, corporatisation and oppression, both locally and globally.

This year, as Vice-President of the SRC, I've taken this passion for student advocacy and organised a radical education conference (Edufactory), facilitated cross-department communication with the SRC Office Bearers, so that we can work together on education action, student welfare, queer rights, women's issues and so much more.

Our student networks extend beyond this campus to an international community, which is why I've sought an invigorated relationship between international and domestic

students through the Centre for English Teaching (CET), the Food Co-op and SRC collectives. A community garden on campus is now achievable, achieving intersecting goals like sustainability, positive mental health and skill-sharing.

As President, I will continue projects like this and further ways to encourage safe, creative and inclusive spaces. I dream of engaging students in participatory spaces that allow for radical learning. I believe in building GRASSROOTS connections - talking with students, engaging with our broader community and working to create change. We need a participatory SRC whether you study at Camperdown, Cumbo, Camden, the Con or more.

Solutions are needed to tackle the lack of awareness of the SRC on all campuses. We also need to strengthen communication at the level of course and faculty. I'm a science student, but it's about more than just studying - it's about developing ourselves critically to exist in a changing world.

We need a president who can build an inclusive SRC, a sustainable uni and a strong education movement.

Vote for a passionate activist who will fight for you, not just fight for an ALP job.

Hannah Smith

ARTS III

Policy statement

My name is Hannah Smith and I'm a progressive and experienced candidate running for SRC President. I'm also the first person in my family to attend university and, coming from a small country town, I've had to work hard to get here and I understand university isn't easy for everyone.

I also believe education is a right, and that each student, no matter their background deserves an education that is high quality and affordable. This is why I'm committed to **ACTIVATING** your SRC and fighting for the education you deserve.

I believe our SRC needs to **ACTIVATE** on issues that affect all students! It needs an experienced and committed person to work cooperatively with the student body and provide a passionate voice for students to the university administration.

We need to **ACTIVATE** on education quality and funding, vital student services and work for a more progressive, inclusive campus.

The **ACTIVATE** team and I have been fighting cuts to education funding and youth allowance.

We have **ACTIVATED** for safety on campus and international student concession cards to ensure nothing stands in the way of all students attaining a high quality education. Despite this, there is much more to do and the **ACTIVATE** team has the passion, experience and commitment to continue this.

We need to **ACTIVATE** our SRC so it advocates for high quality, accessible education, better student services and engagement across all faculties and campuses. If elected myself and the **ACTIVATE** team will:

ACTIVATE for a strong student voice!

- ACTIVATE** for smaller class sizes, a university wide policy on lecture recordings and retention of subject diversity
- ACTIVATE** against \$2.8 billion of cuts to the federal education budget-

Jen Light

Arts/Science

Policy statement

Vote 1 JEN for President

Vote 1 STAND UP! for President

Vote 1 STAND UP! for NUS

STAND UP FOR YOUR SRC

VOTE 1 FOR AN SRC THAT STANDS UP FOR YOU

I'm a progressive woman with practical ideas for your SRC. I'm running for President because I envisage an SRC that not only fights for a fair and equitable education but more importantly delivers on it. I'm with STAND UP! because we are the progressives with real achievements on the Council. As a member of this year's Executive, I am proud to say that the STAND UP! team delivered practical wins for students on campus in 2013, including:

STAND UP! in 2013 improved Absent Fails, Discontinue Fails and was instrumental in Saving Honours

• Absentee fails are now awarded a mark of between 0 and 49 instead of an automatic 0. Discontinue fails will no longer have a mark recorded or have an affect on weighted average marks, and we have stopped the University from abolishing honours years.

STAND UP! in 2013 made studying cheaper:

• As a science student I understand that merely completing the degree can be an expensive exercise. Already, we have delivered borrowable lab coats and dissection kits, as well as the usual exam calculators for free.

STAND UP! in 2012/2013 led the fight to save our teachers' jobs and fought the education cuts:

• The Stand UP! team was central to rolling back the staff cuts and have joined with the National Union of Students in winning a \$250 million rollback of the higher education cuts.

STAND UP! in 2013 expanded our support services:

We have provided more funding for a legal service so that students now have greater access to a lawyer for FREE. This year, we have also expanded the SRC's casework and advocacy, so that all students receive the benefits.

While STAND UP has already achieved a lot for you there is still more to do. If elected President, I will:

• STAND UP! for TEXTS on HECS so that your books can be put on HECS. I will also fight illegal course costs so that the true costs of your degree are reflected in the pricetag.

• STAND UP! against the Higher Education Cuts, because our education deserves more funding not less.

• Stand UP! for our staff, making sure that those who provide our education are empowered in their enterprise bargaining process.

• Stand Up! for the welfare of students. I will fight for fairer youth allowance so that student aren't such a large component of those living below the poverty line. I will also double emergency loans from \$50 to \$100.

• STAND UP! to put all lectures online. As President I will work with the University to have all lectures, from all faculties streamed online. The reality is that not all students are the same and even the most eager students miss lectures.

• STAND UP! for student housing. The Queen Mary student accommodation needs to be affordable, and accessible.

Curriculum Vitae

something that has real implications on the quality of our education here on campus

-ACTIVATE for a fair concession card deal for international students

-ACTIVATE for affordable student housing! The proposed student accommodation at the Queen Mary Building must have truly affordable rooms and a reserved portion for International and rural and regional students!

-ACTIVATE against illegal course costs which make education unaffordable!

ACTIVATE for student services!

The ACTIVATE team has been working on getting more affordable and regular shuttle buses between Sydney campuses- this is something we aim to continue and build upon!

-ACTIVATE for free, professional tax return assistance!

-ACTIVATE for a free, weekly breakfast bar and a food bank for students going hungry! Bring back International Student Seminar Series- forums on legal, social and economic issues facing international students!

-Work with the University to develop a safe campus app!
ACTIVATE! for a progressive, inclusive campus!

-Engage satellite campuses and smaller faculties through a Student Representative Network!

-Work towards an independent, anonymous reporting system for on-campus bullying, harassment and assault

-ACTIVATE the university to commit to more environmentally friendly practices and to divest from unethical donors!

-ACTIVATE a safer campus- a better relationship between campus security and students, better lighting and more panic phones

Sex for Honi

Policy statement

A great student paper should be like a great shag: it'll leave you sweaty, satisfied and always wanting more. SEX will give you an Honi you want to take home— a paper with bite, balls and plenty of passion.

SEX is UP FOR ANYTHING

An Honi that isn't monogamous:

We want a paper that's political, not partisan— a paper of ideas, not ideologies. We want to try a thousand different (political) positions, and we're not going to fuck you in the same one every week. Honi should be the home of opinions— strong, radical and confronting opinions— and the champion of none. We'll work to raise the voices of those who aren't always heard: in addition to Women's and Queer, we'll add an People of Colour Honi.

An Honi that's kinky:

People want different things from SEX. We won't tie you up and suck your toes, but we will have more sport, technology and culture in Honi. With fewer SRC reports and more features, we'll have more space for issues you really care about. We know reading about student politics, national politics and then political satire is like having sex with the same person in the same position for hours. It chafes, and that's not what SEX is about.

SEX is HOT

Added SEX appeal:

We're bringing on Judy Zhu as Designer-In-Chief to make Honi look like it should: the print equivalent of Ryan Gosling. We're talking crisper colours and a sharper, more professional design. This is the best student publication in the country. It should look the part.

ORGY SOIT:

We want an Honi that brings people together. We want to cover more campus events, but we also want to (pro)create them. We'll host shindigs, hoedown throwdowns and jamborees, and organise open mic nights, poetry slams and knitting circles. We'll connect you to your paper and to each other.

An Honi that'll do it anywhere:

Student life is more than just campus life. We'll bring you news from Eastern Avenue and beyond. We'll flirt with the bands playing at the Enmore, the Metro and every grubby pub in between, we'll check out the baristas in Redfern, and devour the Thai on King Street.

SEX is LOUD

An Honi that talks dirty:

We'll bring you a weekly podcast with editors and reporters that'll dissect the paper and answer your burning questions. We're also going to hook up with SURG FM for a radio show that'll bring you the stories too hot to print.

An Honi that'll try new things:

We'll introduce an Honi App so you can access the latest news even if you only have one hand free. Our interactive crosswords and jumbles will ensure you remain stimulated throughout your classes. We'll bring HoniTube, finally giving Honi the multimedia platform it deserves. We're also going to launch r/Honi — Honi on Reddit — and thrust you into the middle of the conversation.

On the 25th and 26th of September vote SEX for Honi.

Lane Sainty
Arts (Media and Communications) III

Curriculum Vitae

- Reporter, Honi Soit, 2011-13
- Editor, Queer Honi Soit, 2011-12
- Editor, BULL Magazine, 2013
- Editor-in-Chief, ARNA Literary Journal, 2013
- Upped her lesbian cred by writing for LOTL (Lesbians On The Loose) Magazine, 2013
- Employee of the USU, has probably made you a coffee, 2013

- Social Justice Officer, SRC, 2013
- Completed the Premier's Reading Challenge, 2002
- Team Leader, 180 Degrees Consulting, 2013
- Dropout, Sydney Law School, 2013
- Crew, Law Revue, 2013
- Nice Guy, September-October 2004
- Most risk averse person on the ticket

Evil for Honi

Policy statement

Honi soit qui mal y pense;

Evil be to (s)he who evil thinks.

Where does truth reside when ‘goodness’ belongs to the powerful? It lies with the underdog, the deviant, the dispossessed. We’re the Walter White to your Hank; the Joker to your Dark Knight. We’re ten people with a master plan, a collection of writers, bloggers, designers, cartoonists, photographers, artists - and we believe it’s time for EVIL to be reclaimed.

EVIL has been a long time coming. We’ve edited Queer Honi and Women’s Honi. We’ve written revues, been published in VICE, Faster Louder, Hermes, BULL, ARNA, Growing Strong, The Feed, The Sydney Globalist, In The Mix, Drum Media; we’ve even featured on Triple J. We’ve been writing for Honi since the days you were a wee do-gooder, yet to learn that Manning is overpriced and the Transient Building isn’t going anywhere.

EVIL is our vision for Honi. EVIL already occupies some of the darkest spaces of our university. We are unafraid to tunnel the depths of Spence’s labyrinth, catch the whispers of gossip at After Dark Hermann’s. We’ll reveal the revelry of the Union and the intrigues of the SRC. We’ll hack the hackery and clue-up on colleges. There’ll be no campus party unattended, no event unobserved.

As they say, there ain’t no rest for the wicked, and EVIL will tirelessly investigate the truth. And we won’t just be the EVIL on your campus; we’re here for domination. We’ll cast our spells throughout Sydney with formalised connections to other universities, because EVIL isn’t just your Sydney hipster - EVIL will be your alter ego in Canberra and your sidekick at UTS. All the while, we’ll charm you with our wicked sense of humour.

EVIL is not only subversive, we are diverse. We will embrace diversity with regular, autonomous columns from marginalised voices.

With semesterly Soirees, parties, workshops and discussions we will bring the dark side to you. Honi will enrapture your everyday with more live acts, more local artists and more inspiring speakers. Our writers workshops and forums will help develop your work to infectious perfection.

We will ask dangerous questions in our interviews and our features will uncover delicious ideas. In news we will refuse to regurgitate the sterile stories of the tabloid press. As this goes to print, the controversial vagina cover is being whisked from the stands by puritans. Now, more than ever, the progressive voice of EVIL must rise in dissent.

And if that is EVIL, why would you want to be good?

On election day, we dare you to vote for the greater of two EVILs.

Vote [1] EVIL for Honi Soit.

EVIL ENDORSEMENTS:

“They’re probably not crooks”- Richard Nixon

“Wicked” - Bert Newton

“They can sit with us” - Regina George

“They’ll make you a newspaper you can’t refuse” - Don Corleone

“Excellent” - Mr. Burns.

“These people constitute an axis of EVIL” - George W. Bush

“Their satire section had the whole town in hysterics!” - John Proctor

Miranda Smith
Arts

Curriculum Vitae

Honi Soit reporter; 2012 - 2013

BULL contributor; 2011 - 2012

Sydney Film Festival intern - photocopied, laminated, smiled graciously as Mad Men’s Elisabeth Moss stole her orange-vodka at Closing Night; 2012

Major Raiser contributor; 2012

Screen Dreams host on SURG FM, winner of ‘Best Special Interest Program’; 2011

Suspects that ‘Best Special Interest Program’ is a euphemism for ‘Best Program with Fewer than Five Listeners,’ further suspects that hers was the only show to qualify; 2011 - 2013

Dated both Margaret and David - smiled graciously as D-Stratt stole her <3; 2011

A Usual Suspect; 2010 - 2013

Doesn’t smoke but occasionally holds cigarette for effect (‘Hi, Mum’); 2009 - 2013

Contributor to and innovative namer of high school’s creative writing journal Imagize; 2008 - 2009

Suspect of the way in which C.V. bullet points construct legitimating narratives; 2007 - 2013

Ate sibling in utero hence an ‘EVIL twin’, sort of; 1991

Edward McMahon
Law

Curriculum Vitae

Honi Soit contributor; 2010 - 2013

Queer Action Collective member; 2010 - 2013 and 4evamore

Community Action Against Homophobia member; 2012 - 2013

Queer Collaborations delegate; 2013

Don’t blame Ed - he voted Kodos; 1996

Students of Sustainability attendee; 2013 Intercol oration; 2010 - 2011, 2013

Intercol debating; 2010 - 2011

Intercol rowing; 2011

St John’s College Play, the name of which escapes memory; 2011

Still needs to return some videotapes; 1988

Subeta Vimalarajah
Arts/Law

Curriculum Vitae

Honi Soit reporter; 2013

Women’s Honi contributor; 2013

Disillusioned USU debater; 2012 - 2013

SULS XX Think Tank member; 2013

SULS Women’s Mentoring Programme; 2013

MCA Youth Connector; 2011

Token Tamil friend of many white people; 2012 - 2013

Sexy bunny costume enthusiast; 2013

80% vegetarian;

Not a hack; 2012 - mid 2013

Clerkship inhibiting C.V., otherwise employable; 2012 - 2013

Jeremy Elphick
Arts

Curriculum Vitae

Honi Soit reporter; 2013

The Sydney Globalist associate editor; 2013

The Sydney Globalist copy editor; 2012 - 2013

The Amerigo editorial team; 2013

FasterLouder interviewer and reviewer; 2008 - 2013

In The Mix reviewer; 2010 - 2012

Drum Media / The Music reviewer;

2010 - 2012

FilmSoc President; 2013

Republic Society secretary; 2013

United States Studies Society secretary; 2013

#YOLO adherent; 2012 - 2013

Called a "shithead" by Joe Hildebrand (takes one to know one, eh?); 2010

Shot a man in Reno just to watch him die; 1955

Frequently has the veracity of his birth certificate questioned by far-right American radio hosts; 1993 - 2013

Spends around 80% of his income on caffeine-related items before staring in horror at his own reflection;

Nina Hallas Science

Curriculum Vitae

Honi Soit reporter; 2013

Murdoch School of Journalistic Integrity graduate; 2013

Praxis Media publications assistant; 2011 - 2012

Greens on Campus convenor; 2013

Greens on Campus publicity officer; 2012

ECOPSoc Propaganda Commissar; 2013

Peer Tutor, TAFE accredited; 2007 - 2008

Banned from Sydney University Liberal Club Facebook page; 2013

Also defeated a lifetime Facebook ban (back in business, baby); 2013

Master of the Faculty of Arts Simple Extension; 2011 - 2013

Made acting debut starring as a rock, St Brendan's Christmas Special; 2002

Furthermore, it is my opinion that Australia's refugee policy must be destroyed;

Tim Sullivan Arts

Curriculum Vitae

St Andrews College Palladian Sec; 2013

Low to middle tier USU Debater; 2012 - 2013

Chinese Studies student representative to Peking University; 2012

Made top ten of the Law Revue's "least coordinated dancers"; 2013

USU Palladian Cup Competitor; 2012 - 2013

Prefect of Slytherin House; 2012

Member of Umbridge's Inquisitorial Squad; 2012

Generic private school boy gap year experience; 2011

ALP Club general executive; 2013

Born into and raised in politically elite family of Canberra, please don't hold it against him; 1992 - 2013

Julia Gillard impersonation has amassed over 10,000 views on Youtube; 2013

Said 10,000 views have an over 96% 'thumbs up' rating, an approval rating the likes of which Gillard would probably have killed for; 2010 - 2013

Colloquially referred to as 'Whitest Person Ever';

Stella Ktenas Arts

Curriculum Vitae

Women's Honi editor; 2013

Honi Soit reporter, photographer and cartoonist; 2013

Growing Strong contributor; 2013

Hermes contributor; 2012

BULL contributor; 2011

Subscribed to SMH for use as lining in her rabbit's litter box; 2011 - 'til they digitized the subscription

SUDS archivist and end of year zine designer; 2012 - 2013

Published recipe and image in Darcy Soc's Alas ('Stella' rhymes with 'Nigella', coincidence? Possibly not); 2013

Fine Arts Society treasurer; 2013

LitSoc treasurer; 2013

Has recreationally rolled in a bed filled with thousands of dollars - this is where your ACCESS money goes; 2013

Wanted for 'lewd, lascivious, salacious, outrageous' behaviour while eating a vegan fudge brownie; 2012

She wants the Precious. Always she is looking for it, and the Precious is wanting to go back to her ... Prrrecious;

Phoebe Moloney Arts

Curriculum Vitae

Women's Honi editor; 2013

Honi Soit reporter; 2013

Ciao Magazine assistant editor; 2011 - 2013

Is to zanui.com.au as Elaine Benes is to the J. Peterman Catalogue; 2011 - 2012

Catherine Lumby Prize for the Study of Media and Communications; 2012

Capital 'F' Feminist, Women's Collective member; 2012 - 2013

Growing Strong contributor; 2013

BULL contributor; 2013

'Reclaim the Night' media relations collective member; 2013

Host of 'Live a Little' on SURG FM; 2013

At least, 'Chaos Master' Moloney is the

host and we're 90% sure that they're the same person;

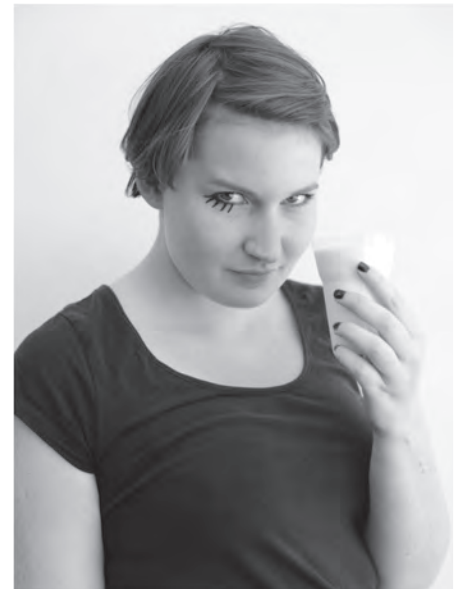

Aspire Autism Spectrum Services communications coordinator, ("it's just, like, updating a Facebook page"); 2013

Madrigal Society publicist #renaissancewoman; 2013

Radio-Activist, Women's Room microwave; 2012 - 2013

Won second prize in a beauty contest; has despised Snow White ever since;

Blythe Worthy Arts

Curriculum Vitae

Sub-editor of The Feed Media; 2013

Honi Soit contributor; 2013

BULL contributor; 2010

Contributor of "Arthritic Fiction" (a.k.a. Erotica about the Elderly) to LeGrind Magazine; 2013

Queer Honi contributor; 2012

ARNA contributor; 2013

Co-writer of and performer in 'Let's Get Serious', Verge Festival; 2013

Queer Revue cast member (and writer of half a sketch); 2012

Queer Revue Socials Officer and Head Writer (picked up my game, boy); 2013

Epicurean Society publicity officer; 2013

Sneaky Honi 'Graffiti Artist'; 2010

Presenter of 'Careering' on SURG FM and winner of 'Best Special Interest Show'; does not share Miranda's suspicion that the prize is a sham; is proud of her achievement; 2012

Regular guest on Triple J's drive program; 2008 - 2009

Brought all the boys to the yard; was unsure of what to do with said boys once this feat was achieved; safely returned boys to their frantic parents; 2003

A
Stand Up! for Fair Education

Policy statement

STAND UP! FOR FAIR EDUCATION

The National Union of Students is the peak representative body for the 1.3 million undergraduate university students in Australia. Elect STAND UP! FOR NUS to represent you at this year's NUS National Conference. We will support progressive candidates for national office and push a strong progressive policy agenda to keep your national union strong.

KEEPING YOUR EDUCATION A QUALITY SERVICE – The STAND UP! team is committed to fighting any cuts to higher education, regardless of whatever party is in government. Education is a right not a privilege, NUS needs to continue the fight to increase funding for higher education, roll back any and all cuts and keep student services in student hands.

CUTTING COURSE COSTS– Essential upfront costs like textbooks and lab coats should be covered by your contributions to your education. A vote for Stand Up! for NUS is a vote to support a policy of letting you put course costs away on HECS.

FIGHTING FOR STUDENT HOUSING – One of the most pressing concerns for students is the growing rate of rent in Sydney. The NUS Welfare department has fought hard to improve support services for students living out of home, a vote for STAND UP! FOR NUS.

KEEPING NUS AFLOAT! – NUS relies almost solely on campus affiliation for its income. The STAND UP! is committed to maintain NUS's financial strategies of expanding our reserves through fixed term deposits, running budget surpluses and seeking out additional sources of revenue.

STUDENT UNIONSIM – STAND UP! FOR NUS will continue to support the Student Services and Amenities Fee (SSAF) and push for increased university funding for essential student services such as student representation and student support. A vote STAND UP! FOR NUS to keep the SSAF.

ACCOUNTABILITY AND TRANSPARENCY – The STAND UP! team is committed to keeping NUS accountable and transparent, promoting policies of good governance of open decision making and increased input and consultation of the wider student body. STAND UP! supports NUS's campaigns being done with consultation of the student community.

SUPPORT INDUSTRIAL RIGHTS FOR STUDENTS – NUS is your union and should continue its strong relationship with the union movement to promote and encourage university students to take advantage of their industrial rights. We need to end the unfair treatment of student workers like

youth wages and unpaid internships.

STAND UP FOR INTERNATIONAL STUDENTS AT NUS – Higher education is one of Australia's strongest imports, international students make a significant number of our university community and NUS needs to continue the fight to improve their rights. International students need a national concession card recognised in all states and territories, and improve awareness amongst international students around their rights to education and to tendency.

FIGHTING FOR WOM*N'S RIGHTS AT NUS – STAND UP! FOR NUS will continue NUS's strong history of feminist action and continue the campaigns to support safe spaces on campuses for wom*n identifying students, supporting and promoting NUS's Bluestocking week and the "Talk about it" survey, and support for pro-choice organisations.

FIGHTING FOR QUEER RIGHTS AT NUS – The NUS Queer department is one of it's most active and the STAND UP! team is committed to supporting NUS and its campaigns to improve the lives of queer identifying students across Australia and fully supports the autonomy of the NUS Queer department . A vote for STAND U! FOR NUS is a vote to support safe spaces on campus, marriage equality, NUS support for the International Day Against Homophobia and Transphobia and, NUS Pride Week.

FIGHTING FOR ABORIGINAL AND TORRESS STRAIT ISLANDER RIGHTS AT NUS! - A vote for STAND UP! FOR NUS is a vote to continue NUS's strong engagement of ATSI students on campus and fighting for their rights. STAND UP! supports continuing and improving ABSTUDY, keeping up the fight for funding of the Koori Centre and increasing and improving the network of ATSI student office bearers across Australian campuses.

SUPPORT FOR DIVERISTY AT NUS – NUS's Ethno-Cultural department promotes ethnic and cultural diversity on campuses promoting safe spaces on all campuses for students of ethnically and linguistically diverse backgrounds, supporting collectives and actions against racism on campus.

Vote [1] HANNAH for President

The ACTIVATE team believes the SRC plays an integral role in defending the quality of your education and ensuring vital campus services are available and accessible. We firmly believe all students have a right to access education with a high standard of teaching and learning. This is why we will ACTIVATE and fight for the following:

ACTIVATE for high quality education: we will demand smaller class sizes, a university wide policy on lecture recordings and retention of subject diversity. We will ACTIVATE against illegal course costs which make education unaffordable! We will ACTIVATE against \$2.8 billion of cuts to the federal education budget- something that has real implications on the quality of our education here on campus. Our team has already been fighting for these points, but there is still much more to do and we have the COMMITMENT and EXPERIENCE to follow through and deliver!

ACTIVATE for a safer campus. Students deserve to feel safe on campus at any time of the day or night. We will fight for a better relationship between campus security and students and work with campus infrastructure to deliver better lighting and more panic phones. We will work with the City of Sydney and the University to develop a safe campus app and we will demand an anonymous, online reporting system for incidences of harassment, assault and bullying!

ACTIVATE for better student services! We will fight for a free, professional tax return assistance service so that students can get the most out of tax time. We will ACTIVATE against student poverty! Research shows that 2 in 3 students are living under the poverty line. We will develop a survival centre with non-perishable food items, study material and toiletries and establish a weekly free breakfast bar so no student has to go without. We will push for a free printing quota for all students!

ACTIVATE for affordable living! We will fight the conversion of Centrelink's Student Start-Up Scholarships to loans and advocate for fairer Youth Allowance! The proposed student accommodation at the Queen Mary Building must have truly affordable rooms and a reserved portion for International and rural and regional students!

ACTIVATE for a more inclusive campus! We will advocate for a fair deal for international students on Transport Concession cards and RE-ACTIVE the International Student Seminar Series- forums on legal,

social and economic issues facing international students! We will develop better ties with satellite campuses- the ACTIVATE team has been working on getting more affordable and regular shuttle buses between Sydney campuses- this is something we aim to continue and build upon!

ACTIVATE for strong student representation! the ACTIVATE team has worked hard to see a fair distribution of the Student Services and Amenities Fee. We are passionate about keeping students money in student services and will fight to see this continue. We will continue to support student run collectives and the important work they do.

For a team that is DIVERSE, EXPERIENCED and COMMITTED,

Vote [1] Students Against Abbott for NUS

We thought the best way to convince you Abbott is no good is to put together a compilation of his quotes, so here goes...

“It would be folly to expect that women would ever approach equal representation in a large number of areas simply because their aptitudes, their abilities and interests are different for physiological reasons.”

“I know politicians are going to be judged on everything they say but sometimes, in the heat of discussion, you go a little bit further than you would if it was an absolutely calm, considered, prepared scripted remark. Which is why the statements that need to be taken absolutely as gospel truth are those carefully prepared scripted remarks.”

“The climate change argument is absolute crap, however the politics are tough for us because 80 per cent of people believe climate change is a real and present danger.”

“Abortion is the easy way out. It’s hardly surprising that people should choose the most convenient exit from awkward situations.”

“While I think men and women are equal, they are also different and I think it’s inevitable and I don’t think it’s a bad thing at all that we always have, say, more women doing things like physiotherapy and an enormous number of women simply doing housework.”

“The problem with the Australian practice of abortion is that an objectively grave matter has been reduced to a question of the mother’s convenience.”

“We just can’t stop people from being homeless if that’s their choice.”

“There may not be a great job for [Aboriginal people] but whatever there is, they just have to do it, and if it’s picking up rubbish around the community, it just has to be done.”

“If we’re honest, most of us would accept that a bad boss is a little bit like a bad father or a bad husband. Not withstanding all his or her faults, you find that he tends to do more good than harm. He might be a bad boss but at least he’s employing someone while he is in fact a boss.”

No Tony, just NO.

Vote [1]ACTIVATE for SRC

Vote [1]ACTIVATE for NUS

This year has seen drastic changes in the landscape of higher education in Australia. \$2.8 Billion of funding cuts have been implemented across the university sector, with an estimated effect of \$50 million at Sydney University alone. Further to this, the threat of an Abbott led Coalition government could mean further cuts to education funding, deregulation of fees, scrapping of the Student Services and Amenities Fee and other devastating changes to higher education. We need a National Union of Students which will ACTIVATE against the current cuts and continue to fight any further cuts which threaten the quality and accessibility of our education. NUS needs COMMITTED, EXPERIENCED education advocates to ensure that students voice continue to be heard in the university sector and in government! Our team will advocate that NUS ACTIVATE for a fairer income support system for students so that higher education is accessible for everyone. We will fight the conversion of Student start-up scholarships into loans- students can't afford more debt at the end of their degree! NUS has already won a decrease in the age of independance from 25 to 22, but we will ACTIVATE to see that reduced to 18! We will ACTIVATE for a fair deal for International students! We will advocate for a National Transport Concession Scheme, fairer treatment of International Students while they reside in Australia and more commitments for low-cost affordable housing for International Students For a NUS that is EXPERIENCED, COMMITTED and DIVERSE;

Refresh for NUS

Policy statement

The National Union of Students is, in concept, a fantastic organisation for students to have their voice heard at the highest level. As one of the biggest financial contributors to NUS' continuing function, however, we need to make sure Sydney University and all of its undergraduates are receiving value for their money.

REFRESH for accountability – Making sure that NUS is working in the best interests of students, with our financial contribution being put to good use

REFRESH for representation – Ensuring that Sydney University has its fair share of representatives, in terms of Office-Bearer positions, to ensure the voice of students is not lost

REFRESH for independence – suggesting and voting on motions based on a value judgement of what is in students' interests.

The National Union of Students can do more than organise National Days of Action, but it requires delegates from our University to speak out and demand positive change.

No parking fines for NUS

Policy statement

No parking fines! Is it achievable? Hell yes!
 In 2013 we've seen the parking situation on this campus go from bad to worse. Now, parking on campus can cost upwards of \$25. \$25? That's almost the price of half a sandwich at Taste!

There is no way ordinary students can afford to park around uni. We pay for course readers, textbooks, library fines and HECS fees – we can't bear the brunt of the USyd Administration's blatant revenue-raising and City of Sydney Council's regressive taxation any longer, particularly when both are running at multi-million dollar surpluses.

As an NUS Delegate, I'll take the fight for affordable parking nationwide. I'll fight for free, accessible parking specifically reserved for students on this campus and at every other campus in the country.

Onwards, friends! Onwards to a future where all of us can afford to drive!

Stand Up! for NUS

Policy statement

STAND UP! FOR NUS

The National Union of Students is the peak representative body for the 1.3 million undergraduate university students in Australia. Elect STAND UP! FOR NUS to represent you at this year's NUS National Conference. We will support progressive candidates for national office and push a strong progressive policy agenda to keep your national union strong.

CUTTING COURSE COSTS– Essential upfront costs like textbooks and lab coats should be covered by your contributions to your education. A vote for Stand Up! for NUS is a vote to support a policy of letting you put course costs away on HECS.

FIGHTING FOR STUDENT HOUSING – One of the most pressing concerns for students is the growing rate of rent in Sydney. The NUS Welfare department has fought hard to improve support services for students living out of home, a vote for STAND UP! FOR NUS.

KEEPING NUS AFLOAT! – NUS relies almost solely on campus affiliation for its income. The STAND UP! is committed to maintain NUS's financial strategies of expanding our reserves through fixed term deposits, running budget surpluses and seeking out additional sources of revenue.

STUDENT UNIONSIM – STAND UP! FOR NUS will continue to support the Student Services and Amenities Fee (SSAF) and push for increased university funding for essential student services such as student representation and student support. A vote STAND UP! FOR NUS to keep the SSAF.

KEEPING YOUR EDUCATION A QUALITY SERVICE – The STAND UP! team is committed to fighting any cuts to higher education, regardless of whatever party is in government. Education is a right not a privilege, NUS needs to continue the fight to increase funding for higher education, roll back any and all cuts and keep student services in student hands.

ACCOUNTABILITY AND TRANSPARENCY – The STAND UP! team is committed to keeping NUS accountable and transparent, promoting policies of good governance of open decision making and increased input and consultation of the wider student body. STAND UP! supports NUS's campaigns being done with consultation of the student community.

SUPPORT INDUSTRIAL RIGHTS FOR STUDENTS – NUS is your union and should continue its strong relationship with the union movement to promote and encourage university students to take advantage of their industrial rights. We need to end the unfair treatment of student workers like youth wages and unpaid internships.

Grassroots for NUS

STAND UP FOR INTERNATIONAL STUDENTS AT NUS – Higher education is one of Australia's strongest imports, international students make a significant number of our university community and NUS needs to continue the fight to improve their rights. International students need a national concession card recognised in all states and territories, and improve awareness amongst international students around their rights to education and to tendency.

FIGHTING FOR WOM*N'S RIGHTS AT NUS – STAND UP! FOR NUS will continue NUS's strong history of feminist action and continue the campaigns to support safe spaces on campuses for wom*n identifying students, supporting and promoting NUS's Bluestocking week and the "Talk about it" survey, and support for pro-choice organisations.

FIGHTING FOR QUEER RIGHTS AT NUS – The NUS Queer department is one of it's most active and the **STAND UP!** team is committed to supporting NUS and its campaigns to improve the lives of queer identifying students across Australia and fully supports the autonomy of the NUS Queer department . A vote for **STAND U! FOR NUS** is a vote to support safe spaces on campus, marriage equality, NUS support for the International Day Against Homophobia and Transphobia and, NUS Pride Week.

FIGHTING FOR ABORIGINAL AND TORRESS STRAIT ISLANDER RIGHTS AT NUS! - A vote for **STAND UP! FOR NUS** is a vote to continue NUS's strong engagement of ATSI students on campus and fighting for their rights. **STAND UP!** supports continuing and improving **ABSTUDY**, keeping up the fight for funding of the Koori Centre and increasing and improving the network of ATSI student office bearers across Australian campuses.

SUPPORT FOR DIVERISTY AT NUS – NUS's Ethno-Cultural department promotes ethnic and cultural diversity on campuses.

Policy statement

The National Union of Students is the highest representative body for students across Australia. It's role is to campaign around issues that affect and interest students, from quality and accessible education to broader social justice issues like women's and refugee rights. In reality, the campaign role of NUS is often undermined by members of the Labor party who make up the majority of its leadership.

Our candidates are part of a faction that is independent to all major political parties, and we recognise that NUS needs to be ready to fight and campaign against the government's attacks - be it Labor or Liberal. We have been involved and leading in a diverse range of campaigns this year, from the campaign against the \$2.3 billion being taken out of higher education, to the fight for marriage equality.

We want to build a student movement with a focus on grassroots activism and mass campaigns.

Vote 1 Grassroots for NUS for a progressive and activist NUS!

Smoking on Campus

Policy statement

When I first arrived at the University of Sydney, seeing people smoking was one of the added joys to my day. It was like seeing well dressed school kids being able to smoke in school and no one would complain. It was just another part of the trial to go into becoming a student and an adult. And we've had that liberty ripped from our very fingers. With the Smoke-Free campus we have at the moment it discriminates against consenting adults who only want to enjoy one of life's many pleasures, that they would otherwise have the opportunity to.

I make a bloodoath to my supporters and fellow students that I will axe the smoke-free campus freedom tax that is destroying our campus if I am elected to the SRC. If I fail to succeed in my mission I will call for an immediate re-election until I am crowned king.

So make room for Real Action as I ask for your vote to bring back smoking.

And non-smokers? Don't forget, in the words of the late great Bill Hicks "Non-Smokers die everyday" (and you can still vote for me/freedom)!

Cameron Ritchie

Stand Up! for SRC

Policy statement

Vote 1 JEN for President

Vote 1 STAND UP! for President

Vote 1 STAND UP! for NUS

STAND UP FOR YOUR SRC

VOTE 1 FOR AN SRC THAT STANDS UP FOR YOU

STAND UP! is a progressive group with practical ideas for your SRC. We're running for Council because we envisage an SRC that not only fights for a fair and equitable education but more importantly delivers on it.

STAND UP! are the progressives with real achievements on the Council. The STAND UP! team delivered practical wins for students on campus in 2013, including:

STAND UP! in 2013 improved Absent Fails, Discontinue Fails and Saved Honours

· Absentee fails are now awarded a mark of between 0 and 49 instead of an automatic 0. Discontinue fails will no longer have a mark recorded or have an affect on weighted average marks, and we have stopped the University from abolishing honours years.

STAND UP! in 2013 made studying cheaper:

· As a science student I understand that merely completing the degree can be an expensive exercise. Already, we have delivered borrowable lab coats and dissection kits, as well as exam calculators for free.

STAND UP! in 2013 saved our teachers and fought the education cuts:

· The Stand UP! team was central to rolling back the staff cuts and have joined with the National Union of Students in winning a \$250 million rollback of the higher education cuts.

STAND UP! in 2013 expanded our support services:

We have provided more funding for a legal service so that students now have greater access to a lawyer for FREE. This year, we have also expanded the SRC's casework and advocacy, so that all students receive the benefits.

While STAND UP has already achieved a lot for you there is still more to do. If elected we will:

· STAND UP! for TEXTS on HECS so that your books can be put on HECS. I will also fight illegal course costs so that the true costs of your degree are reflected in the pricetag.

· STAND UP! against the Higher Education Cuts, because our education deserves more funding not less.

· Stand UP! for our staff, making sure that those who provide our education are empowered in their enterprise bargaining process.

· Stand Up! for the welfare of students. I will fight for fairer youth allowance so that student aren't such a large

component of those living below the poverty line. I will also double emergency loans from \$50 to \$100.

· STAND UP! to put all lectures online. As President I will work with the University to have all lectures, from all faculties streamed online. The reality is that not all students are the same and even the most eager students miss lectures.

· STAND UP! for student housing. The Queen Mary student accommodation needs to be affordable, and accessible. I will fight to keep rent under \$150 a week.

· STAND UP! for HECS for Winter and Summer School

· STAND UP! for a student Bill of Rights so you know your rights on campus. I support a student's rights to feel safe on campus, and that trumps any clubs or societies that threaten this.

· STAND UP! for a weekly breakfast bar. It has been promised for years but I will actually deliver a breakfast bar. Other Universities do it, it's time we got this done

Stand Up against Abbott		Stand Up! for Student Housing	
Elizabeth Burge	Policy statement	Harry Stratton	Policy statement
Arts	Kevin Rudd was wrong: Tony Abbott is the greatest moral challenge of our time. As SRC president, Abbott could only express his extremist views by punching walls, referring to women as the “Chairthing”, campaigning against the very existence of the Philosophy and Political Economy departments and establishing a Straight White Men’s Solidarity Society. But now he’s graduated from kiddie politics, he has the opportunity to impose his paternalistic and aggressively pro-market views upon the rest of us.	Arts	The University of Sydney has a student body of over 45 000, but on- campus accommodation is restricted to around 2500 students, a large percentage within the residential colleges. For those of us who live too far away to commute and cannot afford college, little option is left but to rent privately. This should not be the case. What I will support and work for is:
Curriculum Vitae	If you’re a student, that means savage cuts to university funding, which will only be made up for by more exorbitant HECS fees.		<ul style="list-style-type: none">• A large-scale alternative to out-side private rental provided by the University with accommodation leased to students for the academic year. Provision of accommodation at least on par with the Sydney University Village or a residential college would be an initial goal.
Shani Jayamanne	If you’re on Youth Allowance, that means having your social security payments added to HECS to keep you trapped inside the class system.	Curriculum Vitae	<ul style="list-style-type: none">• The establishment of a student representative position to the board of University Investment and Capital Man- agement to make sure students’ rights and interests are upheld and represented in management decisions.
Business/Commerce	If you’re a refugee, that means a government that will turn back leaky boats and endanger you in the name of appeasing former One Nation voters.		* Increased temporary accommodation places for newly arrived international students.
Curriculum Vitae	If you’re a woman, that means your bodily autonomy’s under threat from the man who tried to stop you accessing the morning-after pill and has expressed nostalgia for the days of fault-based divorce.		<ul style="list-style-type: none">• Workshops on tenancy rights and obligations.
Hudson Carrad	If you’re queer, that means the rollback of the financial and civil union rights brought in by the previous government, and equal marriage being pushed even further down the agenda.		Nikhil Mishra
Arts/Science	If you’re a human being, that means a less caring and generous society, and a government that spends more time worrying about what goes on in your bedroom than trying to make a difference for those who need it most.		Arts II
Curriculum Vitae	If elected, I’ll help turn our SRC into a mean, lean, Abbott-fighting machine. That means educating students and the community about the power of education as a social ladder, and the danger of the Liberals making it another aspect of the class system. That means being a loud and activist student voice to remind the Liberals that their days in the lodge are numbered, and protesting their attacks on human rights and student welfare. That means putting aside the petty differences of varying shades of left and working together against our common foe.		Curriculum Vitae
Harry Warnes	Vote 1 STAND UP AGAINST ABBOTT, and help us make the Mad Monk’s first term his last.		Councilor on the 2013 SRC SRC Director of Finance

	Refresh for College		McDonalds on Campus!
Phoebe Hanna Business III	Policy statement REFRESH for College!	- School Prefect and House Vice Captain	Penelope Parker Law
Curriculum Vitae	Policy: 1. Make Teaching Staff accountable for marks on tests and assessments a. Improving grading accuracy b. Improve quality of feedback c. Publishing of bell-curve results d. Streamlining mark appeal channels It's time for YOU to hit the REFRESH button on YOUR SRC and improve the marking process! We will seek to ensure teaching staff are grading students accurately so YOU'LL never be unfairly marked! Teaching staff will then provide constructive and high-quality feedback to explain the results YOU received. Never be in the dark again about YOUR position in the class! We will demand the publishing of bell-curve results so YOU know EXACTLY where YOU are placed in the subject! The channels for appealing marks will be transparent, streamlined and user-friendly to help YOU get the marks YOU deserve! REFRESH for College! REFRESH for NUS! REFRESH for SRC!	- Captain of Debating at The King's School - Captain of Languages at The King's School	Policy statement Mmmm mmmm mmmm mmmm best time in the world. Mmmm mmmm mmmm mmmm mmmm it's Mac time. McDonalds. It's Mac time. For over a century this timeless jingle has not been allowed to ring throughout Sydney University due to the influence of an insidious ideology. That ideology is communism. Contrary to popular belief, communism did not die with Lenin. It did not die when Trotsky got pick axed in South America. It did not die with Glasnot and Perestroika. It lives on in weekly meetings at the Newtown Neighbourhood centre attended by un-showered university students in the eighteenth year of their arts degrees. For over a century these dishevelled idiots have stood outside Fisher under the ridiculous assumption that handing out fliers and putting up posters will get troops out of Afghanistan. These people are not irrelevant anachronisms. Their silly and ostensibly impotent campaigns for the socialist revolution and an end to imperialism have masked their success in preventing McDonalds setting up a store at Sydney University. Motivated by notions of false consciousness and hegemony, they have precluded you from experiencing the joys of chocolate sundaes. Obsessed by the extraction of surplus value, they have prevented you from eating rubbery fries. Characterised by dialectical materialism they have denied you the ability to munch on scrumptious McChicken burgers. Stop the international communist conspiracy. Vote 1 McDonalds on Campus so that you can have the best time in the world. Mmmm mmmm mmmm mmmm mmmm

Refresh for Reform

Policy statement

REFRESH for Reform believes that the SRC elections are fundamentally broken, and need to be seriously refreshed. At the moment they alienate students, bankrupt candidates and make campus unliveable for a few weeks. After a year of minor reforms consistently proposed and shot down by the elite political class of the university, such as halving the campaign period and banning chalking, REFRESH for Reform is fighting to make elections more accessible for regular students who don't have access to factional coffers or Daddy's pocket. If elected, Refresh for Reform will:

- Cut the election campaign period to just a week
- Reduce polling hours
- Ban lecture bash
- Begin transitioning elections to being purely online
- Massively increase no-campaigning zones on campus
- Restrict the use of posters
- Ban chalking
- Limit t-shirt allotments
- Radically increase the spending caps to make student elections more affordable
- Ban SRC tickets referencing Honi Soit, and visa versa

This is all to make elections for accessible to students from diverse cultural and socio-economic backgrounds, and ensure the SRC is more representative. We'll also be open to additional ways of reforming elections; we want students feedback about how to make the campaign process more bearable.

Stand Up! for Student Welfare

Policy statement

You shouldn't have to live on Mi Goreng as basic sustenance because you had to divert your funds towards Uni textbooks and supplies instead. You shouldn't have to compromise on achieving your potential as a student because of an unreasonable boss or landlord. You shouldn't have to walk alone when things in life are more thorny than rosy.

There's more to the student experience than what goes on within the four walls of a lecture theatre. We firmly believe that nothing should get in the way of students having a secure and enriching University experience. That's why we want to STAND UP! for Student Welfare. If elected, we will STAND UP to ensure your SRC puts the rights, safety and wellbeing of students first!

Inclusion is central to our vision. We are absolutely committed to defending the rights of every student, regardless of gender, sexuality, ability, culture or socio-economic background. If elected, we will strive to enhance accessibility to an SRC that is caring, supportive and constructive. Not only this, but we will empower students to be involved in the SRC's decision-making processes wherever possible. Further, we will support and work in collaboration with the collectives and their campaigns to ensure the concerns of the student body are voiced and seriously considered.

We will STAND UP! for a more flexible, affordable and accessible education. We passionately believe the University is first and foremost a learning institution, NOT a business, NOR a for-profit degree-churning machine. We want to put student welfare first because the right to education should never be barred by financial difficulties. We will push for HECS support for Summer and Winter school courses, as well as being able to defer additional expenses to HECS. We will work with the University's Scholarships Office to provide more equity scholarships and support for students who are struggling to fund their degree. In addition, we will lobby the Government for greater and more accessible financial support for students, including lowering the age of independence to 21.

Student tenancy rights are also our priority. We will advocate for more affordable and high-quality housing, for both domestic and international students, including a cap on rent prices. We will fight to make sure that the university's latest housing project, the Queen Mary building, is actually low-cost: that means no more than \$180 a week.

An effective learning space is strengthened by a clear headspace too. We are committed to expanding the mental health facilities and support networks available at the University. This includes increasing the number of free counselling sessions available for each student. We will also aim to involve

REFRESH for EDUCATION!
WE believe in ensuring that all students in the Faculty of Education and Social Work have access to an equitable learning environment.
WE believe in ensuring that you receive your unit outlines and documentation well in advance of YOUR subjects to make sure that YOU are able to satisfy your Units of Study! WE believe that the Faculty has neglected to understand that E-learning and Lecture recording are integral to learning at University and are committed to ensuring that it becomes obligatory for ALL units of study in the Faculty!

WE are committed to creating an SRC that is less partisan and more committed to ensuring YOUR rights, and ensuring YOUR welfare at uni! WE are resolved to ensure that the SRC is more transparent, more available and in communication with the student body! To ensure the SRC represents YOU! Vote 1 REFRESH for EDUCATION!

Policy statement

Sydney is the second most expensive city in the world to live in. A recent study showed that almost two thirds of students live below the poverty line. The cost of housing is a major contributor to this stress, and many students have to work at the expense of their studies. Is truly affordable housing just a pipe-dream for us? NO! It exists right now on Wilson St, Newtown!

The candidates on this ticket live at the Stucco Student Housing Co-operative which has been running successfully for over 20 years. We pay \$73/week and the co-operative is financially sustainable. Unlike all other student housing on offer from the university, we manage the premises ourselves. No private investors to gouge profits. No surprise fees. Community-orientated approach to shared living.

With our experience in the student housing sector, we aim to “build” a movement to shake the foundations, tear the walls down and open the door to co-operative and truly affordable housing to put a roof over our heads.

Pokemon Liberation Front

Ishtiaq Rahman
B.Sc/B.A

Policy statement

It is time for change.

Pokemon have long been the most oppressed group in society; they are tortured by tacky music, sadistic ten year olds with bad hats and hordes of imperialists.

We must overthrow the capitalist scum who torment our pokemon friends, we must rise up and fight them!

We in the Pokemon Liberation Front plan to march upon Dr. Oak’s lab and wreak destruction upon his foul and materialistic domination upon the Pokemon proletariat.

We shall liberate the slave ring of Chanseys who are abused by the series of Nurse Joys. We believe in a fair trade Pokemon health system! Liberate Chanseys!

We urge you to join us in mass coalition of students, workers and residents and smash the Pokemon Master tories and the exploitative Nurse Joys.

VOTE 1 for POKEMON LIBERATION FRONT for SRC

-I still don’t know what I was waiting for
-And my time was running wild -
A million dead-end streets
-Every time I thought I’d got it made -
It seemed the taste was not so sweet
-So I turned myself to face me
-But I’ve never caught a glimpse
-Of how the others must see the faker
-I’m much too fast to take that test
-Ch-ch-ch-ch-Changes
-Turn and face the strain
-Ch-ch-Changes
-Don’t want to be a richer man
-Ch-ch-ch-ch-Changes
-Turn and face the strain

L

Free Parking!

Policy statement

Free parking! Is it achievable? Absolutely!

We have seen the situation for students on campus get far worse. Now, not only does parking on campus cost upwards of\$25 but there are parking meters installed in all side streets around campus, many of them with parking limited to one hour. That’s not even enough time to go to one lecture or attend a tutorial.

There is no way ordinary students can afford to park around uni.

We pay for course readers, textbooks, library fines and our HECS debts are getting bigger and bigger. We can’t be expected to bear the brunt of blatant USYD administration and City of Sydney Council revenue-raising any longer.

As an SRC representative I will fight for free, accessible parking on and around campus.

Let's Talk About Education**Policy statement**

We are running for the SRC to see all students from all walks of life represented. We are dedicated to what students need and want, because that's what should drive their peak representative body – not political time wasting. Let's talk about real **PASSION**, real **QUALITY** and real **CHANGE**.

Vote [1] Let's Talk About **EDUCATION**.

Vote [1] **SEX** For Honi Soit

Our education system becomes compromised when we spend all our time fighting against the system that is supposed to be working **WITH US** – not against us. Sydney has pricey textbooks, backbreaking readers, clumsy assessment criteria and frustrating bureaucracy. Education matters. It's why you're here. It's why we're here. It's why the university is here.

The SRC bridges the gap between the university bureaucracy and you. Let's Talk About **EDUCATION**. We know how to do it, because it's our education too.

Let's change LEARNING RESOURCES:

- Start a university-backed textbook rental scheme -Where textbooks are hells expensive, students can rent books for the semester and not rely on (sometimes) dodgy web-based services.
- Push for online course readers to be released in **PDF** format by course conveners onto Blackboard - Because carrying bricks is no fun and the environment is a good thing.
- Create a database of model assignments for all subjects - Sometimes we just don't know what a **HD** or **D** assignment looks like, sometimes we have no measure of what a good essay looks like. This lets us know what to aim for.

Let's change ASSESSMENT.

- Transparency in marking procedures - Each faculty operates differently, so we want information about how your faculty marks work and what criteria you are marked against published in unit outlines. Is it on a bell curve or if marks are scaled? Having our tutors and professors hidden away in their offices dishing out marks is not cool.
- Have participation and exam marks are sent out to students – You deserve to know how you went after dragging yourself to early morning and late night tutes for months (and because sometimes, people do add things up wrong). Endless email chains are not an okay way of getting feedback.
- Make the appeals process easier, down

to earth, and more accessible - We will work to give you advice about the appeals process and help you to write appeal applications, student to student.

Let's change ACCESSIBILITY.

- Extended library-opening hours for Fisher and smaller libraries like Schaffer - While the 24/7 computer labs in Wentworth and the Carslaw Hub are great, sometimes a book and a desk are what we need, away from buzzing computers. The ANU does this, surely Sydney can.

- All lectures - from engineering to psychology, from arts to law - to be recorded as podcasts. You'll be able to download and listen to them where you need them- on your phone, laptop, tablet- anywhere, anytime.

- Uniform templates for unit outlines across all faculties -When you know where to look for the books you have to buy, the assignment dates you've got to remember and the people who can help you, starting the semester becomes so much easier.

If you want our ideas put in practice, Vote [1] Let's Talk About **EDUCATION**.

- First Year Representative, SULS, 2012
- Over-Eager Hack, 2012-13
- Australia's Brainiest Kid 2nd runner-up, 2006

Policy statement

Grassroots for Critical Thought is committed to building progressive social movements through creating a vibrant activist presence on campus. Students can be powerful in effecting change in a society dominated by neoliberal interests that consistently undermine, degrade and manipulate human interactions. The superficial bickering, bargaining and compromising in the current political sphere is contemptible and disheartening. Student activism (bar the self-serving lobbying for political parties) can have a motivating and educational role in broader social movements.

Grassroots for Critical Thought aims to challenge dominant discourses that stifle individual freedom in all facets of politics. Grassroots stands up for increased funding for collectives, sex positivity, affordable student housing and people's inalienable right to seek asylum without being punished or demonised. Grassroots stands up to figures of authority that ignore students' voices (e.g. uni management's disdain for teachers and students). The SRC's role is to represent students' interests and welfare, and part of this involves resisting and fighting the corporate model of universities, with all its attendant problems that undermine quality of education.

Critical thinking is a powerful force in shifting students' attitude on campus and bringing radical ideas out into the world. Activists are guided by strong feelings of justice, passion and love.

Vote [1] Hannah for President
Vote [1] ACTIVATE for Women
Vote [1] ACTIVATE for NUS
ACTIVATE for Women wants to see more women elected to positions on the SRC. We worked to deliver this last year and want to improve on this again for the future.
ACTIVATE for Women wants to see a safer campus for women students. We will fight for the following measures:
Working with the City of Sydney and Sydney University to develop a Safe Campus app. It will include important emergency and security phone numbers, campus maps, an incident reporting system, and a torch function
Safe campus training with the RPA sexual health service
Better shuttle bus services to satellite campuses and Redfern Station
An anonymous online reporting system for incidences of harassment, assault, and discrimination
Improve safety on campus, with free calls to security and better lighting

We want to start discussions about sexual health and consent on campus! we will advocate for sexual consent and sexual health forums.
We will also advocate for Women’s Rooms on every campus to provide safe spaces for women and will lobby the Union to deliver an upgraded women’s space.
So for a more representative, active, and inclusive SRC

Vote [1] ACTIVATE for SRC

Vote [1] ACTIVATE for NUS

Vote [1] HANNAH for President

The ACTIVATE team believes the SRC plays an integral role in defending the quality of your education and ensuring vital campus services are available and accessible. We firmly believe all students have a right to access education with a high standard of teaching and learning. This is why we will ACTIVATE and fight for the following: ACTIVATE for high quality education: we will demand smaller class sizes, a university wide policy on lecture recordings and retention of subject diversity. We will ACTIVATE against illegal course costs which make education unaffordable! We will ACTIVATE against \$2.8 billion of cuts to the federal education budget- something that has real implications on the quality of our education here on campus. Our team has already been fighting for these points, but there is still much more to do and we have the COMMITMENT and EXPERIENCE to follow through and deliver!

ACTIVATE for a safer campus. Students deserve to feel safe on campus at any time of the day or night. We will fight for a better relationship between campus security and students and work with campus infrastructure to deliver better lighting and more panic phones. We will work with the City of Sydney and the University to develop a safe campus app and we will demand an anonymous, online reporting system for incidences of harassment, assault and bullying!

ACTIVATE for better student services! We will fight for a free, professional tax return assistance service so that students can get the most out of tax time. We will ACTIVATE against student poverty! Research shows that 2 in 3 students are living under the poverty line. We will develop a survival centre with non-perishable food items, study material and toiletries and establish a weekly free breakfast bar so no student has to go without. We will push for a free printing quota for all students!

ACTIVATE for affordable living! We will fight the conversion of Centrelink's Student Start-Up Scholarships to loans and advocate for fairer Youth Allowance! The proposed student accommodation at the Queen Mary Building must have truly affordable rooms and a reserved portion for International and rural and regional students!

ACTIVATE for a more inclusive campus! We will advocate for a fair deal for international students on Transport Concession cards and RE-ACTIVE the International Student Seminar Series- forums on legal, social and economic issues facing international students! We will develop better ties with satellite campuses- the ACTIVATE team has been working on getting

more affordable and regular shuttle buses between Sydney campuses- this is something we aim to continue and build upon!

ACTIVATE for strong student representation! the ACTIVATE team has worked hard to see a fair distribution of the Student Services and Amenities Fee. We are passionate about keeping students money in student services and will fight to see this continue. We will continue to support student run collectives and the important work they do.

Vote [1] Let's Talk About ARTS for SRC

Vote [1] SEX for Honi Soit

Let's Talk About YOU:

- Further develop legal and financial support networks to assist you in your hunt for Youth Allowance, Rent Assistance, and other practical matters affecting your day-to-day lives at university.

- Expand the capabilities of your avenues for advice to assist you in creating the perfect rental application.

- Create an online textbook exchange portal that exists purely for you as Arts students, so that you can find and sell the textbooks that you need.

- Encourage the SRC to form links with the representative councils of other universities to form a greater body from which the plight of poor and underpaid Arts students can be advocated and represented.

- Liaise with external bodies to form a higher quality of networking and career opportunities for those of you nearing the end of your degrees.

- Integrate a dedicated Arts student office bearer to represent the you, the largest faculty on campus.

Policy statement

VOTE 1 JEN FOR PRESIDENT
VOTE 1 STAND UP! FOR SRC
VOTE 1 STAND UP FOR NUS

We need a National Union of Students that will STAND UP! for a high quality education through actively engaging with the newly established Tertiary Education Quality and Standards Association.

We need a National Union of Students that will STAND UP! for a well funded education. We need to ensure next year we have a National Union that will STAND UP! against further HECS increases!

We need a National Union of Students that will STAND UP! against illegal course costs such as lab coats, dissection kits, textbooks, and software.

We need a National Union of Students that will STAND UP! for equality of access to higher education, through a fairer income support system. The STAND UP! team believes that all students who have to move from home in order to study should be eligible for income support through Youth Allowance, AusStudy, or AbStudy.

We need a National Union of Students that will STAND UP! for social justice: the rights of International Students to access transport concessions, the rights of students from a diversity of backgrounds to access higher education, and the rights of all students to undertake their studies without fear of harassment or discrimination.

Refresh for Caccs		Refresh for SRC	
<p>Policy statement</p> <p>REFRESH for Caccs If you want an SRC with a balance of fresh ideas and experience, then look no further. Having served as a proxy Councillor for much of 2012, and a real Councillor this year, The Caccs knows the SRC pretty well. However, he also knows how the SRC can be improved. If elected, The Caccmonster himself will stand for an SRC that spends its time debating real issues – no more motions about Margaret Thatcher or Israel-Palestine. Caccamo will also advocate for a proper Industrial Action policy and less violence on the pickets, also meaning a lesser police presence. Finally, he will stop talking about himself in the third person.</p> <p>REFRESH is a group that will advocate for a fairer SRC; and Caccs, if called to serve, will do so.</p> <p>VOTE [1] REFRESH for Caccs</p> <p>VOTE [1] REFRESH for NUS</p> <p>Cameron Caccamo</p> <p>Education/Arts</p> 		<p>Policy statement</p> <p>Smash politicking in the SRC - WE WILL combat factionalism and partisan politics. The SRC isn't a proving ground for wannabe hacks; it's there to give YOU the best university experience possible!</p> <p>Fight for cheaper textbooks - parallel import restrictions increase the prices of textbooks for YOU enough already. WE WLL campaign to lift these rules to put more cash in your pockets.</p> <p>Prevent SRC deficits - excessive spending and SRC deficits symbolize financial incompetence. We'll ensure YOUR money is spent wisely to offer you quality student services!</p> <p>Better communication - the SRC offers a plethora of support services for YOU and all undergraduate students. WE WILL advertise these services more widely so you're no longer in the dark when you need it most.</p> <p>REFRESH for Arts!</p> <p>REFRESH for SRC!</p> <p>REFRESH for NUS!</p> <p>Jesse Carey</p> <p>Business School/ Commerce (liberal studies)</p>

Cull the Ibis

Maxwell Schintler

Arts III

Policy statement

Ibis are a major contributor to campus litter - they are always poking their long, demonic beaks into bins, pulling out refuse. A decrease in the number of Ibis (also Ibi, Ibises, Ibex) on campus would decrease the amount of floating litter on campus. The manner in which Cull the Ibis proposes to tackle this problem is the construction of a fully operational Death Star. Lehigh University, Pennsylvania calculated the cost of constructing a Fully Operational Death Star to be in the area of \$8,100,000,000,000,000, or, in other words, over 675,000,000 times the size of the current SRC operating budget. So, in order to make the construction of the Death Star feasible, Cull the Ibis will introduce FULL COMMUNISM to fully utilise the labour of society in this project. The Death Star's weapons system can destroy an entire planet, so we believe that one discharge will be sufficient to remove the Ibis from Sydney Uni.

Vote 1 Cull the Ibis!

Vote 1 Jennifer Light for President!

- Apparently the plural of Ibis is Ibex

F*** Tony Abbott

Policy statement

No, we're not suggesting anyone should actually fuck Tony Abbott, we're pretty sure that's classified as torture. We would shed no tears if he died a slow and painful death, preferably in one of those detention centres that he is so fond of. Here are the top five reasons Abbott needs to get fucked:

- 1) He is a misogynistic, anti-choice, woman-hating creep.
- 2) He hates gays and lesbians (except his precious sister, who managed to survive adolescence in the Abbott household thus proving how tolerant he is).
- 3) He really, really, really despises refugees. They make his skin crawl. He hates them so much that we've heard he plans to recreate the 'Ride of the Valkyries' scene in Apocalypse Now with refugees in boats instead.
- 4) He also hates: students, workers, unions, the disabled, and the environment. He probably hates you.
- 5) This guy is so appalling, he even inspired this haiku:

"Really makes me sick.

Hates women, homophobic.

All round creepy prick."

Kay Dook

Health Sciences (OT)

Curriculum Vitae

- Long term Abbott, Howard and general Liberal-hater
- Activist for refugee rights, same sex marriage rights, for human rights in Palestine and for education funding
- Active supporter of the rights of staff on campus, I have been on the picket lines supporting the NTEU campaign this year.
- Global Solidarity Officer 2007
- Member of Socialist Alternative

Jennifer Brown

Arts (BPES)

Policy Statement

I am a long term hater of Abbott, and I am also disgusted and in full opposition to Rudd's refugee policies. I believe there needs to be a strengthening of left unity within the USYD campus.

Curriculum Vitae

I am active within the USYD environment and have attended the USYD strikes in support of our teachers and their rights in the fight against management cuts.

Yolo for College

Policy statement

The colleges are a very important element of the University of Sydney. They are home to a significant population of the students and are a dynamic factor of University life. Colleges put on many events, provide bars, run sporting and cultural competitions, as well as functioning as centers of research, all of which contribute to the vibrancy and dynamic of the greater University.

It is vital that colleges are able to have a voice on issues affecting them on campus, as well as non-college students having individuals who are able to facilitate their involvement with the unique atmosphere of campus life. This ticket consists of representatives from the colleges who aim to bring about these important goals.

In this year of confusion between the college community and various factions on campus, it is of particular importance to grant the colleges a greater input in to the dialogue of university life. This ticket believes that a good relationship can exist, and that it would profit students from both groups.

Policy statement

Vote 1 Stand Up! For Fair Education!

Education is a right, not a privilege. This is why we believe that all students should have access to a high standard of teaching and learning! This means teachers and university staff with good working conditions, strong learning support for students, and a university that looks out for students when things go wrong. This is why we are committed to fighting for a fair education for all!

If elected we will Stand Up! for the following:

Subject diversity is a fundamental part of the university experience. This is why we will continue to fight against course cuts. We believe that there needs to be more 24 hour study spaces, the ones that exist can be overcrowded during exams, for some students they are the only study spaces available to them and this is not acceptable or fair. Many students juggle work, study and other commitments, which can cause high levels of stress. Having somewhere safe to study late at night and on campus is consequently an important asset and can make life that little bit easier, we will campaign to see this happen.

There also needs to be longer library opening hours, not only during the week, but on weekends as well. Making sure more students get a chance to access the resources they need at a time that suits them.

Our team will also Stand Up for a \$2 photocopying and printing quota each day. Do you hate running out of money on your student card ten minutes before an assessment is due? We believe a minimum amount should automatically be placed on each student's card per day and we are committed to working in collaboration with the University to see this happen, being short on cash shouldn't mean you get a late penalty.

We will also continue to fight for scholarships for students on placement! Many degrees require students go on placement this is unpaid work and often takes up a significant amount of the students time, this is incredibly unfair to the many student who also need to find paid work just to get by, combine that and the need for study when life throws up a road block (even without one!) and students can find themselves in some serious strife. For these reasons we believe that all students should receive some level of subsidisation.

Education should be accessible for all students and this is why we will fight against the deregulation of university fees. For a fair education everyone should have the opportunity to go to university regardless of economic constraints. For this reason we consider the idea of any university being in a position to set their own fees as one that has the potential to exclude many brilliant students from being able to achieve their goals and therefore one we vehemently oppose. We know this

will amount to an increase in HECS, and economic pressure on students. Because of this we will continue to Stand Up against these proposals.

We will also continue to campaign for a fairer Youth Allowance system, and advocate for the Age of Independence to be lowered to 18 (it's a hard fight but if you don't aim for the ideal you won't even come close to second best), it's the age we can drink, vote, and are considered independent in every way except financially. Additionally, we will fight to see more changes to the legislation so that any student who relocates to attend university can receive Youth Allowance. We will also Stand Up against any cuts to Youth Allowance or Austudy.

Our team will continue to advocate for more scholarships for students, and will work in collaboration with the Scholarships Office and specific faculties to see this happen.

Our team supports the introduction of a National Travel Concession Card Scheme, which will see all students receive travel concession. Currently, part-time students, students visiting inter-state, and students with part-time jobs are ineligible. We believe this is grossly unfair and will continue our campaign for a fair fare system.

We will continue to support the collectives. Collective organising is an integral part of the SRC and we are passionate about ensuring collectives can continue to run their campaigns. They play an important role in providing student representation and encourage and develop amazing activist and leadership skills, which we believe are important for allowing students the best possible education.

So Stand Up! For Fair Education!

Z	AA	AB
Evil for SRC	Activate for Cumbo	Stand Up! Real Student Issues
<p>Policy statement</p> <p>The SRC has the potential to be a great organisation, but at the moment it's only good. If it's 'good' to allow our SRC to be hijacked by Labor careerists who aren't passionate about the organisation, then we need an injection of EVIL.</p> <p>EVIL for SRC is a progressive ticket focussed on making the SRC an organisation that serves the interests of students to its full capacity. Our SRC should be committed to genuine activism, and the quality provision of casework services to students. EVIL has first hand experience of these facets of the SRC, and will ensure that they are well looked after in 2014.</p> <p>In addition, EVIL for SRC will be the strongest advocate on council for Honi Soit, Australia's only remaining weekly student newspaper. EVIL will push for an incorporated Honi that is legally independent from the SRC, in order to ensure that the paper remains the hub and voice of student culture on campus.</p> <p>EVIL will also advocate fiercely for marginalised groups at the university. EVIL respects the autonomy of the SRC's collectives, and believes that the SRC ought to be more receptive and answerable to the specific concerns of those collectives. We shouldn't tolerate sexism, racism and queerphobia on campus, and the SRC is uniquely placed to fight against these oppressions.</p> <p>SRC elections are full of hollow promises and empty rhetoric. On election day, vote for an honest and progressive voice. The SRC needs a fresh, no-nonsense perspective; if it's currently good, it needs a bit of EVIL.</p> <p>Vote [1] EVIL for SRC</p> <p>Vote [1] EVIL for Honi Soit</p> <p>Vote [1] AMELIE for President</p> <p>Vote [1] GRASSROOTS for NUS</p> <p>Nick Rowbotham</p> <p>Economics III</p> 	<p>-Honi Soit reporter, 2012</p> <p>-Director, SUDS' 'The Glass Menagerie', 2012</p> <p>-Producer, SUDS' 'The Importance of Being Earnest', 2012</p> <p>Blythe Worthy</p> <p>Arts III</p> 	<p>Policy statement</p> <p>1. STAND UP! FOR EDUCATION</p> <p>Our education is a right, not a privilege. Each year, students are forced to buy critical and expensive textbooks, readers and lab equipment. This can be a hugely inaccessible and unaffordable system. This is a Real Student Issue and one we will fight through the SRC. STAND UP! Real Student Issues will stand up for our right to a fair education that is more affordable and convenient by implementing: - A TEXTS on HECS program where you can defer the costs of textbooks until after you graduate. - Longer library hours - printing quotas, so you can get that assignment in at 4.59pm! - More accessible Wi-Fi system on campus & more power plugs for laptops Online lectures for all courses.</p> <p>2. STAND UP! FOR WELFARE</p> <p>STAND UP! Real Student Issues believes there should be greater support for student welfare on campus. We will ensure students can live and learn on campus free from discrimination and financial stress, so students can enjoy a positive and vibrant university experience. STAND UP! Real Student Issues will protect your welfare by implementing: - Greater accessibility to the SRC councillors, legal advisors, career advisors, and financial support - More frequent Security Buses - More assistance for low cost housing & employment, as well as more emergency loans and bursaries.</p> <p>3. STAND UP! FOR STUDENT INCLUSION</p> <p>STAND UP! Real Student Issues believes all students should have the knowledge and power to stand up for their own rights. We strive to empower those who are underrepresented on campus through: - Leadership programs encouraging students to apply for representative positions - Student volunteer mentor programs - An independent advisory organisation for international students which provides assistance in employment, study and housing.</p> <p>4. STAND UP! FOR THE RIGHT THING</p> <p>STAND UP! Real Student Issues also believes in the protection of rights of campus that cares for the environment and makes ethically responsible choices.</p> <p>We are campaigning for:</p> <ul style="list-style-type: none">• More recycling bins on campus• A carbon neutral campus
<p>Curriculum Vitae</p> <p>-Honi Soit editor, 2013</p> <p>-National Union of Students media observer, 2012</p>	<p>Curriculum Vitae</p> <p>Subeta Vimalarajah</p> <p>Arts/Law II</p> 	<p>Penny Noble</p> <p>Health Sci I</p> <p>Policy statement</p> <p>Vote [1] HANNAH for President</p> <p>Vote [1] ACTIVATE for Cumbo for SRC</p> <p>Vote [1] ACTIVATE for NUS</p> <p>As Cumberland students, we understand how important it is to have a FAIR, REPRESENTATIVE and ENGAGED SRC that serves ALL students!</p> <p>We believe there is a lot the SRC can do to ACTIVATE Cumberland campus!</p> <p>ACTIVATE for Cumberland! Is committed to the following:</p> <p>-Fighting for regular, free shuttle buses between Cumberland campus, Camperdown/Darlington campus and Lidcombe Station</p> <p>-Better teaching and learning facilities</p> <p>-Up-to-date equipment in all Labs! Let's bring Cumbo into the 21st Century!</p> <p>Cumberland students are paying the Student Services and Amenities Fee each semester and should see the benefits of it on our campus! Student-run collectives, the legal service and skills-based workshops should all be available on the Cumberland Campus. We will ACTIVATE for more SRC services at Cumberland and fight for a fair SSAF deal for the SRC so this can be achieved.</p> <p>We will ACTIVATE against the \$2.8B education funding cuts! Cuts to education funding mean overcrowded classrooms, rundown facilities and more debt at the end of your degree! We will work to ensure the universities funding cuts do not affect the quality of our education!</p> <p>For a DIVERSE, EXPERIENCED and COMMITTED SRC;</p> <p>VOTE [1] ACTIVATE for Cumbo for SRC</p> <p>VOTE [1] ACTIVATE for Fair Education for NUS</p> <p>VOTE [1] HANNAH for President</p>

• More volunteer and humanitarian programs on campus.

Vote [1] STAND UP! Real Student Issues for SRC.

Vote 1 STAND UP! for Fair Education for NUS, and;

Vote 1 JEN for President!

We want a socially conscious campus!

Grassroots for Drugs

Curriculum Vitae
Male Model

Policy statement

If you ate a steak for every meal, every single day of your life you'd have an incredibly high chance of dying of heart failure. But eating a steak for every meal is not illegal.

What is illegal is possessing and/or consuming a joint, a line, a tab, a cap, a bump. Even though there's a lower risk of harm there than, say, smoking, or binge drinking, or skydiving, or chronic steak eating.

In 2009, the Australian government spent \$1.7 billion on countering illicit drug use. A whole two thirds of this went to law enforcement, and only one third went to treatment, prevention, and harm reduction combined. Whether or not you use drugs, and whatever opinion you have on recreational drug use, it can't be denied that the lion's share of funding should go to programs that actually help people struggling with addiction, to provide people with a safe environment for them to do what they will, and to educate people on the effects of drugs and dosages. Lowering the rate of death via overdose is definitely not achieved through state-based coercion and threats of imprisonment.

Arresting people will not end drug use. Police will simply keep targeting the poor who use in relatively public spaces. They will also arrest young people, indigenous people, immigrants. And when drug users who can't afford adequate legal assistance are all imprisoned, drug-related organised crime will still exist, because there will always be a demand and a restricted supply.

The only thing we can do is legalise, educate, and regulate.

Grassroots for Drugs will support and fight for:

- SRC funding for drug education on safe usage
- Pro-legalisation activism through the SRC
- A progressive council with left-wing values

Grassroots for Social Justice

Policy statement

The SRC at Sydney University is an institution with the capacity to aid in developing and enabling humanitarian values and activism. The promotion and defence of social justice and human rights is of utmost importance at Sydney University given that there is such a broad and diverse demographic of students.

Given that there are many issues affecting students, Grassroots for Social Justice will seek to advance social justice, to remove discriminatory barriers that students encounter because of gender, age, race, sexual orientation, ethnicity, religion, culture, fiscal restrictions, mental health and disability. We desire to protect the rights that students are entitled to on campus.

Through the SRC, we aspire that the average student may study, unhindered by the general fuckery and calamity of bureaucracy that exists at our university. Through this avenue, Grassroots for Social Justice will maintain and create policies that are just and equal.

Grassroots for Social Justice believes that furthering these policies in the SRC will lead to better conditions for students, and positively impact not just the student populace but also local communities and global society.

The resources, passion, and goodwill of the student body are evident, but not employed at its full potential. The SRC must address important issues by facilitating the efforts of students rather than determining the agenda through a top-down approach.

For a Grassroots-up approach, we support the autonomous organisation of the SRC collectives and will fight for increased funding to these invaluable activist bodies. Without a strong voice for these collectives on council, their ability to engage in passionate activism for those they represent will be severely diminished.

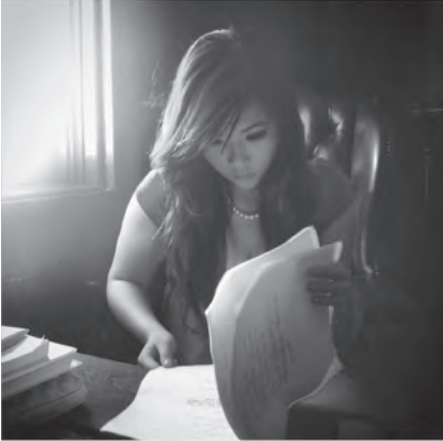

The SRC should facilitate, encourage and nurture activism by setting aside a portion of its activism budget for grassroots directed campaigns, reflecting the needs and wants of students.

As students from all walks of life, there are issues that need to be tackled from ingrained structures of homophobia and sexism, racism behind onshore processing of refugees, to student welfare and homelessness, land sovereignty of traditional owners, lack of support for single parents and police brutality.

For a progressive SRC that cares about the concerns of students and society, Vote 1 ‘Grassroots for Social Justice’

Vote [1] ACTIVATE for Science
Vote [1] ACTIVATE for NUS
Vote [1] HANNAH for SRC President

ACTIVATE for SCIENCE STUDENTS!

The times when science students were simply forgotten Argon. ACTIVATE for Science is ready to take down those fat cat Business students and Barium.

ACTIVATE will make it our Bismuth to provide science students with all the things you need to become a regular Einsteinium (that was a stretch, I know).

The ACTIVATE team are passionate about quality education and strong representation for science students in all university decision making!

We will ACTIVATE for the following:

-More regular (and on time!) shuttle buses between main campus and Australian Technology Park.
-A fairer timetabling system! Students should not be expected to get from one campus to another in under ten minutes!

The National Union of Students 2010 Quality Survey found that a lot of students reported our laboratories are out of date and ill-equipped. We will ACTIVATE the science faculty to provide students with the world class facilities they deserve!

Career prospects are on everyone’s mind; that’s why we will ACTIVATE a more transparent and easy to follow program for gaining internships underneath the academics and researchers that inspire us!

We will ACTIVATE against illegal course costs! Lab coats, protective eye glasses, dissection kits and even textbooks should be covered by your HELP loan.

As science students, we are tired of carting heavy books all over campus. We will ACTIVATE to get lockers for science students in practical locations on campus.

For an SRC which is Experienced, Diverse and Committed

Vote [1] ACTIVATE for SRC

Vote [1] ACTIVATE for NUS

Vote [1] HANNAH for President

The ACTIVATE team believes the SRC plays an integral role in defending the quality of your education and ensuring vital campus services are available and accessible. We firmly believe all students have a right to access education with a high standard of teaching and learning. This is why we will ACTIVATE and fight for the following:

ACTIVATE for high quality education: we will demand smaller class sizes, a university wide policy on lecture recordings and retention of subject diversity. We will ACTIVATE against illegal course costs which make education unaffordable! We will ACTIVATE against \$2.8 billion of cuts to the federal education budget- something that has real implications on the quality of our education here on campus. Our team has already been fighting for these points, but there is still much more to do and we have the COMMITMENT and EXPERIENCE to follow through and deliver!

ACTIVATE for a safer campus. Students deserve to feel safe on campus at any time of the day or night. We will fight for a better relationship between campus security and students and work with campus infrastructure to deliver better lighting and more panic phones. We will work with the City of Sydney and the University to develop a safe campus app and we will demand an anonymous, online reporting system for incidences of harassment, assault and bullying!

ACTIVATE for better student services! We will fight for a free, professional tax return assistance service so that students can get the most out of tax time. We will ACTIVATE against student poverty! Research shows that 2 in 3 students are living under the poverty line. We will develop a survival centre with non-perishable food items, study material and toiletries and establish a weekly free breakfast bar so no student has to go without. We will push for a free printing quota for all students!

ACTIVATE for affordable living! We will fight the conversion of Centrelink's Student Start-Up Scholarships to loans and advocate for fairer Youth Allowance! The proposed student accommodation at the Queen Mary Building must have truly affordable rooms and a reserved portion for International and rural and regional students!

ACTIVATE for a more inclusive campus! We will advocate for a fair deal for international students on Transport Concession cards and RE-ACTIVE the International Student Seminar Series- forums on legal, social and economic issues facing international students! We will develop better ties with satellite campuses- the ACTIVATE

team has been working on getting more affordable and regular shuttle buses between Sydney campuses- this is something we aim to continue and build upon!

ACTIVATE for strong student representation! the ACTIVATE team has worked hard to see a fair distribution of the Student Services and Amenities Fee. We are passionate about keeping students money in student services and will fight to see this continue. We will continue to support student run collectives and the important work they do.

For a team that is DIVERSE, EXPERIENCED and COMMITTED,

Policy statement
CHEAPER PARKING!

Is it achievable? Absolutely!

We have seen the situation for students on campus get far worse. Now, not only does parking on campus cost upwards of \$25, but there are parking meters installed in all side streets around campus. Many of them with parking limited to one hour. That's not even enough time to go to one lecture, or attend a tutorial.

There is no way ordinary students can afford to park around uni.

We pay for course readers, text books, library fines and our HECS debts are getting bigger and bigger. We can't be expected to bare the brunt of blatant USYD administration and City of Sydney Council revenue raising any longer.

As an SRC representative I will stand up for cheap, accessible parking on and around campus.

Vote 1 ACTIVATE for CHEAPER PARKING! for SRC.

Vote 1 Hannah Smith for SRC President.

Curriculum Vitae

Policy statement

Vote 1 STAND UP! for Science

STAND UP! for SCIENCE STUDENTS!

VOTE [1] FOR JEN FOR PRESIDENT

Science students are some of the most overworked students here at the university of Sydney are some of the students need most representation on their SRC. With the mounting costs of textbooks and hidden fees like lab coats and other equipment.

STAND UP! FOR SCIENCE will fight against illegal course costs and work to bring down the costs of studying science at the university of Sydney. Additionally we will work to have the SRC provide a number of lab coats and other pieces of equipment to students on a loan system.

STAND UP! FOR SCIENCE will fight to increase the number of science subjects with online lectures to assist students with lengthy commutes to uni and those who choose to use recorded lectures as study aides.

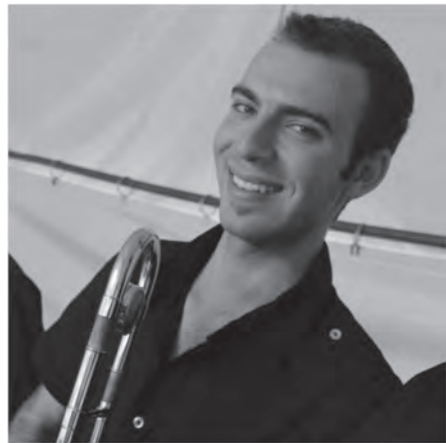

STAND UP! FOR SCIENCE to increase flexibility and will work with the Timetabling Department to see more options available for students who commute.

STAND UP! FOR SCIENCE will campaign to get more science textbooks in the library to provide a cheaper and more reliable alternative to purchasing expensive textbooks.

STAND UP! FOR SCIENCE will also fight to increase the level of subject diversity. As the Faculty of Science continues to cut subjects in departments such as Biology and Geosciences, we will fight to keep science subjects.

STAND UP! FOR SCIENCE will also keep up the fight to keep honors open as an option for science students at the university of Sydney.

Policy statement

Grassroots for Collective Action is a campaign to enhance cooperation between students and teaching, administrative and other miscellaneous staff members who collectively run this university but are being increasingly locked out on the major decisions that affect university operations.

The SRC plays an extremely important role as the representative of students on campus. The support of the SRC, in writing, carries with it the support of 50,000 USyd students and, when mobilised, can be phenomenally influential in reforming industrial and social relations.

Grassroots for Collective Action will be campaigning for faculty autonomy, the replacement of imposing management with inclusive, democratic workplaces and for the casting decision on all issues affecting the largest stakeholders of all learning institutes; the staff and students.

If elected, the SRC will have progressive representation capable of bridging the interests of staff and students against hostile, profit-driven managers and stockholders.

Red Wedding for SRC

Policy statement

The SRC is like Game of Thrones: different factions war for absolute power, and everyone dies at the end.

RED WEDDING will use strategies from Westeros in order to increase efficiency in the SRC and ensure a stable leadership in a time of crisis and dragons.

“THE MAN WHO PASSES THE SENTENCE SHOULD SWING THE SWORD”

- Rename the Presidency to the King of the Andals and the First Men, Lord of the Seven Kingdoms, and Protector of the Realm
- Ensure future SRC executions and purges are carried out through the King and not unaccountable caseworkers
- Abolish elections, replace with incestuous birthright
- Always pay our debts

“WINTER IS COMING”

- Secure our borders from White Walkers and Liberals
- Promote efficient energy usage and mulled wine during cold weather

“VALAR MORGHULIS”

- All men must die – the SRC should violently enact a 100% AA policy
- Employ Agriculture students to breed voodoo leeches to guarantee a decent SSAF arrangement from the management
- The only anti-life ticket running in the election

“THE NIGHT IS DARK AND FULL OF TERRORS”

- More lights on campus
- A community Night’s Watch to prevent coups and insurrections

On September 25th/26th, vote #1 RED WEDDING and remember:
The Lannisters send their regards.

- One went to a red wedding, went to pee, survived

Policy statement

In recent years we have seen a vicious attack on our education. A combination of government funding cuts and university mismanagement has seen the quality of our education compromised. We deserve better. This is why we will **STAND UP!** and demand that all cuts to our education stop **NOW!**

We are a team of experienced activists, including the SRC President and Education Officer – and we know how to get results.

In 2012 our team was heavily involved in **STANDING UP!** to the staff cuts. We set up the Education Action Group – the student collective that put together all the great rallies, the petition drives, the occupations, and all those other actions which forced Vice-Chancellor Michael Spence to back down and saved the jobs of over 200 staff. We were the driving force behind the staff cuts referendum, where nearly 4000 students voted, and overwhelmingly the majority of students voted against the cuts.

We promised last year to **STAND UP!** against Honours cuts, and we fought hard this year to ensure it was maintained. We won. The university has now conceded to our demand that they continue to offer an Honours year, and not phase it out for expensive Master's Degrees like at Macquarie.

When the university tried to cut staff pay and conditions, we poured the SRC's money and resources into organizing a massive student campaign to support them against management. We helped the NTEU and CPSU put a stop to increased casualisation, the stripping of intellectual freedom protections and cuts to sick leave and other rights. Despite what the university might try and tell you, these are massive wins for students.

When the Labor government cut \$2.8 billion out of higher education, the **STAND UP!** team was heavily involved in the grassroots student campaign against the cuts – we were some of the very first activists involved in setting up the NSW Education Action Network, which provided the springboard for four nation-wide demonstrations that attracted HUGE media attention and put higher education at the **VERY TOP** of the election agenda. Students haven't won yet, but we've forced major concessions: \$250 million has been rolled back from Labor's cuts already.

If Abbott is elected, there could be a triple attack on students:

1. Huge funding cuts to universities (the current cuts, with more to be expected come the first Liberal budget)
2. Deregulation of fees – universities allowed to charge you as much as they want for degrees, to make up for the funding shortfall.
3. Privatisation of HECS – an American student loan system, where

private firms lend you money at market-level interest rates.

We will **STAND UP!** against an Abbott government's neoliberal cost-cutting agenda which will see universities transformed into degree factories. Education is facing an existential threat, and we want the SRC to be the bedrock of a fighting and campaigning student movement.

We've had results. We've fought hard for students. We are here, to ask you once more to vote against cuts and to vote for a team who will **STAND UP!** against not only the University, but also the government!

Vote for an SRC that continues to **STAND UP!** Against the Cuts!

Vote [1] **STAND UP!** Against the Cuts!

**Stand Up! for
Cumberland**

Policy statement

As Cumberland students, we know how important it is to ensure there is effective representation and an SRC that will STAND UP! for us.

We also know much needs improving at Cumberland campus, and this is why we are committed to standing up for the following:

BETTER facilities on Cumberland Campus

We are going to STAND UP! and fight for improvements in both teaching and learning. We want upgrades to Wi-Fi across campus and all lecture recordings ONLINE - this provides access for all! We are fighting for this because we know, that for effective learning, we need flexibility.

We will also fight for extended library opening hours, because it's important we have access to a library as we juggle work and study - and especially during exam time. We will also STAND UP! and fight for improved equipment in all labs. High quality equipment is essential for effective learning and it is unacceptable that the University has failed to maintain decent standards at Cumberland campus.

SAFETY on campus Better lighting, and an improved security shuttle bus service - to make us feel and keep us safe on campus!

More VALUE for MONEY

With the introduction of the Student Services and Amenities Fee, we know how important it is that you get great services at Cumberland campus. Let's expand the activities the SRC runs on our campus. We will STAND UP! for a bigger Orientation Week, for information seminars about your rights throughout semester and for the Sydney Legal Service to be brought to our campus once a week.

Subject DIVERSITY

Our team will also STAND UP! and fight against course cuts! We are committed to retaining the best subjects and fighting for even better units of study.

For a team that STANDS UP!
for Cumberland;

Vote 1 STAND UP! for Cumberland
for SRC

Vote 1 STAND UP! for Fair
Education for NUS, and;

Vote 1 JEN for President!

**Let's Talk about
Woman**

Policy statement

We are running for the SRC to see all students from all walks of life represented. We are dedicated to what students need and want, because that's what should drive their peak representative body – not political time wasting.

Let's talk about real PASSION, real QUALITY and real CHANGE.

Vote [1] Let's Talk About WOMEN for SRC

Vote [1] SEX for Honi Soit

Let's talk about SUPPORT:

- Develop consistent support networks across all University of Sydney Campuses, including autonomous Women's spaces, and an anonymous system of reporting and coping with sexual assault

- Work with bodies such as Family Planning NSW to aid the greater dissemination of sexual and reproductive health information on campus, particularly in the University Medical Centre

Let's talk about SAFETY:

- Making campus a safer place at night, with better lighting, shuttle buses from the western part of Camperdown campus and the installation of panic buttons

- Introduce Equity and Harassment briefings at all major SRC-affiliated events, and oversee the return of the Workplace Equality module for all SRC and Honi workers

Let's talk about STRENGTH:

- Bring the work of the Women's Portfolio, as well as the agendas and decisions of the Council, into the spotlight through an accessible smartphone app

- More of YOUR money being spent on YOUR collectives and departments, with less being sent off-campus to bodies and programs that don't affect you

It’s time to F*** the ALP and challenge the status quo.

Bureaucrats off campus!!

Curriculum Vitae

Sectarian Trotskyite, anarcho-communist, sparto-supremacist and ultra ultra ultra left Marxist 1986 - 2013

Policy statement

This ticket is running to give students of every faith a voice, a representative, and a say in the SRC. Under the mantra of the separation of church and state, people of faith, and their views, have been completely corralled out of student politics. We are forced silent lest a protest be organized against us. However, if the SRC is the alleged peak body for student representation on campus, why do people of faith deserve anything less than a representative? After all, in terms of sheer numbers, we are by no means insignificant. Despite all this we are in a situation now where people of faith are left both unrepresented and uninformed; the SRC moves and acts as if we don’t exist. People of faith, like all groups, have needs and perspectives that may be unique to them, and need a tailored voice. If they are a constituency, then they need a representative; someone who can act as a transmission belt between the council, them and vice versa. This ticket aims to get those people elected onto council, and right this imbalance once and for all.

Refresh for Diversity

Policy statement

In a globalised world we live in today, it is vital for YOU to be exposed to different cultures and customs in order to succeed. Therefore, it is important to raise OUR cultural awareness and to foster cross-cultural understanding. This is exactly what we stand for – to promote a more open, free and friendly atmosphere for YOU!

Here are some of the policies:

Roundtable discussion with religious and cultural societies

Engage in open dialogue with international students

More culturally focused programs, activities and festivals

Information sessions about different religions and culture

Together, we can create a harmonious and diverse learning environment for everyone!

REFRESH for College!
REFRESH for NUS!
REFRESH for SRC!

Grassroots for Student Welfare

Policy statement

GRASSROOTS for Student Welfare is progressive group of left-wing students with a passion for supporting and expanding student welfare programs and initiatives within the SRC. We stand for equality of education, equality of opportunity, equality of assistance and support, for autonomy and for the wellbeing safety of all students - regardless of gender, age, race, sexuality, ability or socio-economic background, and whether local, international or exchange students. We stand against discrimination, prejudice and corruption.

GRASSROOTS for Welfare believes in the financial autonomy and self-governance of groups which support students of all sexualities, genders, cultures and socio-economic backgrounds, as well as all differently abled people. Such groups play pivotal roles in creating equal opportunities for education, welfare support, community and safety against discrimination and prejudice within the university, and as such GRASSROOTS for Welfare believes these groups should receive increased funding.

Students in Australia experience great financial stress and hardship, with two out of every three students living below the poverty line. The uncertainty and strain of not being able to pay for essentials, such as textbooks, rent, bills, food, as well as medical or legal help, compromise student's wellbeing and their studies. GRASSROOTS for Welfare stands for better financial support for those in need. We support the lowering of the age of independence from 22 to 18 years for eligibility for youth allowance, as well as an increase in the allowance itself. We support greater assistance not only in instances of financial emergency, but in establishing baseline financial security - such as through more effective employment services. We believe the university has a responsibility to provide low cost housing that is actually affordable, and to provide students real assistance in the search for affordable housing.

If elected, GRASSROOTS for Welfare stand for increased access to mental health services, legal assistance and study and career counselling. GRASSROOTS for Welfare believe in expanding all these vital SRC Welfare services to all USyd campuses, to increase access for those studying at satellite campuses.

GRASSROOTS for Welfare is a progressive and caring group of students who have used SRC welfare services and who understand where the system is lacking. We stand for a progressive, caring and inclusive SRC.

Policy statement

Grassroots for Recognition is made up of several Aboriginal and Torres Strait Islander representatives from the University who are committed to all members of the student body getting the most out of their university experience. Through previous work with the student body and the SRC we have achieved amazing progress such as the preservation of the University's Koori Centre facilities and the creation of the first Aboriginal and Torres Strait Islander society at the University of Sydney, Gamarada. We are committed to voicing the needs and concerns of all students and we are particularly passionate about:

- Indigenous recognition

As of August 2013, Aboriginal and Torres Strait Islander's are yet to be constitutionally recognised as the first people of Australia. This movement is very close to our hearts and we aim to raise awareness of this on campus.

- Equality is a right

We strongly believe that all equality is a human right and no one should ever face discrimination on the basis of race, gender, sexuality or religion.

- Creating a culturally aware and safe campus

The University has recently been given a significant grant to fund the creation of a National Centre for Cultural Competence, but we believe that cultural awareness begins with students. Understanding, respecting and welcoming all cultures and beliefs should be a normal occurrence in our everyday lives. Our campus should always be a safe and welcoming place for everyone, not just its students but visiting members of the community.

- Supporting student rights on campus and quality education

We are passionate about protecting student rights on campus, especially considering the various University funding cuts that have been felt by both staff and students. These cuts have greatly impacted on all of our education and we believe that everyone should be entitled to a quality education.

- A voice for all students

Freedom of speech and expression is a universal right and this should be evident in student life on campus. We believe every student on campus has the right to have their voice heard and we want to make this possible by standing up for student rights and always listening to your opinions and suggestions.

Vote [1] JEN for President
Vote [1] STAND UP! For SRC and NUS
Vote [1] STAND UP! For a Safe Campus

STAND UP! For a Safe Campus wants a campus where all students, regardless of ethnicity, gender or sexuality can feel safe at all times throughout the day and night. We want to ensure that whether you’re riding a bike, walking or getting the train or bus you feel comfortable, even if you’re on your own. If elected, we will STAND UP! for your safety on campus and push for an SRC that has your safety as one of its top priorities.

Vote [1] STAND UP! For a Safe Campus for:

- Better lighting, not just on dark areas of campus, but even into the areas immediately surrounding the university, including Victoria Park which is notoriously unsafe
- Better access to bathrooms late at night, particularly for wom*n, and better quality bathrooms with locks on every door
- An SRC that lobbies the university for bike lanes on campus to protect cyclists going to and from class, and more bike racks to secure your property
- The commission of a survey into campus safety to determine further key areas of concern for students
- More safe, late night study spaces
- More lockers across campus to secure your belongings and prevent theft
- An open and anonymous reporting system for all forms of sexual harassment or discrimination, particularly on the basis of ethnicity, sexuality or gender
- The maintaining of the safe spaces for wom*n and queer-identifying students on campus, and ensure students, regardless of campus, have a safe space they can access

Curriculum Vitae

Policy statement

Grassroots for a Safe Campus is committed to fighting police violence on campus. Over the past year, over a dozen students have been arrested simply for protesting staff cuts, or the government's treatment of refugees. Students have been beaten and bruised. The riot police have broken a student's leg, targeted women and people of colour, and broken a student's rib. We have seen students punched, kicked, choked, tackled and trampled.

The riot police have been invited onto campus by the Vice Chancellor, Michael Spence, to shut down peaceful protests by force. Grassroots for a Safe Campus will fight for the SRC to lobby against this close relationship between the University Administration and violent thugs. Once, police were not allowed to enter campus and it should be this way again.

The SRC should commit more of its resources to defending students in court against ridiculous charges, and to providing video cameras and legal support at strikes and protests. The SRC has been doing these things already and it has been a great help to students involved. Continuing to provide these services and expanding them will be our priority.

Students have a right to political expression, and should not be threatened or subject to violence. A university is supposed to a place for ideas to flourish, and Michael Spence betraying the basic values of academia and a civil society by crushing any opposition to his regime.

Stand Up! for Refugees

Angus Reoch
Arts IV

Curriculum Vitae

Policy statement

“For those who come across the seas we’ve boundless plains to share...”

That one of the wealthiest countries in the world shirks its international duty to refugees and dumps those fleeing conflict on our poorer and under resourced neighbours should make us ashamed to be Australians. Deterrence and punitive measures are the racist dog whistles of fascists and criminals who will one day have to apologize for their actions. As students we must never allow this injustice to happen on our own doorstep. We must never allow unaccompanied minors to be locked up overseas. We must never allow those fleeing persecution for their sexuality to be sent to a country where homosexuality is punishable by 14 years jail. We must never send women and children to a prison system where the UNHCR declared “ALL detainees show signs of anxiety and depression, where rape, violence, assault and cholera are endemic.”

Currently, we are doing all these things. Your government, in your name, is doing all these things. So **STAND UP! Make a noise! Let your voice be heard.** Democracy needs your voice to be heard, to **STAND UP!** for refugees. As students, we haven’t yet been infected with the closet racism so prevalent in the rest of our society. That’s why we must let our voices be heard and **STAND UP!** for Refugees. Our councillors will work to create an inclusive and racially tolerant SRC. We will voice the concerns of students to our government. And last of all, a vote for this ticket counts as a strong message to both parties during this federal election. That if they support the PNG, or Operation Sovereign Borders, they do not have our support. **STAND UP!** is an inclusive ticket of different religions, races, genders and sexualities all unified by a common desire to create change in the world and end the shameless abuses of human rights and dignity. So vote **STAND UP!** for Refugees and we’ll make ending the crimes that are done in our name priority 1. We want to garner as wide as possible support base from all those committed to justice. We want to send a strong, unified message from the students of USYD that we will not apologise for the crimes of our leaders in 20 years time, we will **STOP THEM NOW.** So to see a strong committed SRC fighting racist crimes committed in the name of Australia, **STAND UP!** against evil and vote **STAND UP!** for Refugees!

BA**Grassroots for Queer Power!****Policy statement**

Queer culture is thriving at the University of Sydney. And so it should be! The university should cater to everyone, no matter how they identify. Feeling creative? Join the Queer Revue! Thinking of getting political? Come to Queer Action Collective (QuAC) meetings! And if you're just looking for fun, SHADES parties and events will fit the bill every time.

Grassroots for Queer Power! is a ticket representative of the Queer Action Collective. We've proven ourselves to be an active political contingent at various events on and off campus this year, and now we want our voices heard on the SRC!

Queer Power! for representation on campus

Collectives like QuAC are an important part of student experience at university. They provide students the opportunity to engage on a deeper level with their education, and allow for a safe space for the student population to politicise and to have their voices heard. QuAC is a queer-autonomous place to consider and discuss queer issues within the university, in the broader community and across the globe.

If elected, Grassroots for Queer Power! will advocate for greater support of student collectives, to produce a more active campus in which people of all backgrounds, beliefs and political persuasions can be heard and represented, regardless of their sex, gender or sexuality.

Queer Power! for an Ally Network

We want to see the University more actively supporting the queer community. Ally programs, such as those established at several Group of Eight universities, have been successful in promoting an inclusive environment for students of diverse sexual and gender identities.

We want to see the establishment of a well-resourced Ally program that offers training on sexual and gender diversity to interested staff and students, supports the strength and visibility of the queer community on campus, and works cooperatively with queer-focused groups and societies on campus to achieve these aims.

Students in Grassroots for Queer Power! have been able to secure preliminary indications of support from the University, but we need a strong voice on Council to push this initiative through.

Queer Power! against Police Brutality

Grassroots for Queer Power! condemns the police force for their aggression, violence and brutality both at and outside the university. A viral video earlier this year showed a queer person being assaulted by the police at Mardi Gras, and closer to home, we've seen a lot of aggression by police officers at the strikes, pickets and rallies around the NTEU and CPSU's campaign for fair teaching conditions at the university.

At the August 20 industrial action, the police demonstrated transphobia by targeting and arresting a trans woman, perceived as the most vulnerable person in the group, despite having done nothing wrong. QuAC was there for the Cops off Campus rally to condemn the increasingly violent presence of the police at the continuing industrial action. We condemn police for their brutality, and as queer students, we express solidarity with their victims.

Queer Power! against the cuts

Students in Grassroots for Queer Power! support the university staff in their pursuit of a fair worker's agreement. We have a vision for education at this university - education on queer and wom*n's issues should be fundamental, but university management have made clear that issues relating to gender and sexuality are not highly valued by the profiteers at our university. After recent cuts at Macquarie University, there are no longer any courses specific to queer theory in Australia. For these reasons, we wholeheartedly support the Gender Studies department at our university; we need to fight for our education, lest we lose it.

University management have demonstrated where they think savings can be made, whether it be with the wages and conditions of staff or in the cutting of departments they deem unnecessary or irrelevant. On council, we will be vigilant to use our voice to ensure that what we value in an education is not deemed a liability in the university's bottom line, especially when this involves the marginalising of queer perspectives.

Queer Power! for refugee rights

Grassroots for Queer Power! stands in solidarity with all refugees affected by Australian government's plan to deport and resettle refugees arriving by boat to Papua New Guinea. This plan has a particularly awful implication for queer-identifying refugees, because being queer in PNG is illegal. Seeking asylum is a human right, as is the ability to identify as queer, and students in Grassroots for Queer Power! reject this racist solution to what has become an issue of border protection.

David Shakes**Arts****Policy Statement**

It's my opinion Australia's refugee policy must be destroyed.

Policy statement

Mental Illness is the largest cause of chronic disability in Australia. Almost one in three 18-25 year olds experience mental health problems each year, yet only one in four actually receive professional help. This has to change and a good place to start is on campus with your SRC!

STAND UP! For Mental Health is passionate about improving the mental wellbeing of all students on campus in 3 key ways:

(1)Increasing ACCESSIBILITY
STAND UP! For Mental Health wants to empower young people to seek help by removing the obstacles that currently stand in their way.

We will support increased funding for on-campus mental health facilities to provide more counsellors, psychologists and psychiatrists and increase the number of free counselling sessions offered. The current federal policy provides six free counselling sessions, but this is only made available after receiving a referral. Students need access to Mental Health services NOW!

We will subsidise loans to assist students with additional consultation fees and costs of treatment and medication.

(2)Increasing SUPPORT
STAND UP! For Mental Health will fight for mental health services that meet youth needs; services that provide rehabilitation (such as employment) rather than simply diagnosis and treatment.

In particular, STAND UP! For Mental Health wants a review of the University’s Special Considerations Policy in order to make the criteria broader, so that more students suffering from mental illnesses can qualify, and the outcomes better suited to each individual’s needs. Often an extension is far from the best way to help a student with a mental illness.

(3)Increasing AWARENESS
75% of mental health problems develop before the age of 25 which is why it is essential to create awareness on campus!

STAND UP! For Mental Health is passionate about providing mental health awareness workshops and working with organisations such as Headspace and Beyondblue to decrease the stigma surrounding mental illness.

Stand Up! For Mental Health also has

broader interests including improving STUDENT WELFARE, particularly regarding Youth Allowance and being able to defer more expenses to HECS, supporting a FAIR EDUCATION, AFFORDABLE HOUSING and giving a voice to underrepresented groups on the SRC.

Almost one in two Australians will experience a mental illness at some stage in their life. Mental health affects EVERYONE! Show your support and STAND UP! For Mental Health!

Policy statement

The SRC has the potential to be a great organisation, but at the moment it's only good. If it's 'good' to downplay activist budgets and inclusivity on campus, then we need an injection of PURE EVIL.

Sometimes, EVIL is more pure than good. The epithet EVIL has often been slapped on individuals to suppress dissent. In the past, females fighting for freedom were labelled 'witches', then silenced at the stake. Indigenous peoples were labelled 'savages' and silenced by colonial genocide. Despite the devastation, the practice continues. Queers are denounced as 'unnatural' and refugees are demonised. It is time to reclaim a voice for EVIL. PURE EVIL.

PURE EVIL will ensure that the SRC is the advocacy body that it is supposed to be. The highest priority should be maximising budgets for activists, so that the forces of EVIL can fight for change. For too long, party hacks have used SRC resources to pontificate and propagandise. PURE EVIL will snidely take the butter from their bread and empower student activists.

PURE EVIL will fight for inclusivity and accessibility on campus. If elected we'll destroy deep-seated cultures of sexual harassment. We won't tolerate sexism, racism, and queerphobia. And we won't stop until we realize a campus of complete accessibility for disabled students.

PURE EVIL will stand for editorial autonomy. If elected, we won't yield in the face of censorship and we won't be silenced by meddling do-gooders. Now, more than ever, we need integrity and unwavering freedom of thought.

Now the progressive voice of EVIL must rise in dissent.

And if that's EVIL, why would you want to be good?

- Vote [1] PURE EVIL for SRC
- Vote [1] EVIL for Honi Soit
- Vote [1] AMELIE for President
- Vote [1] GRASSROOTS for NUS

Grassroots Against Censorship

Policy statement

For Honi Soit - Incorporated!

Honi Soit is the oldest weekly student newspaper in the country. It is iconic and unique, so we should make the most of it.

As it (hits the) stands, material published in Honi Soit must be approved by Directors of Student Publications and the President before it is published. This is done to prevent the publication of defamatory or obscene materials (if this happens, the President of the SRC is liable). This places restrictions on the kind of material that can be published, effectively hindering the potential that Honi has to be a truly radical student paper that constantly challenges the status quo.

Honi Soit, thus, has a limited capacity to report on issues relating to the SRC, as the organisation's President holds ultimate veto power.

Student media - nay - no media should be subject to these restrictions.

If elected, Grassroots Against Censorship will push for the incorporation of Honi Soit - a big step towards the liberation of student media on campus. This would mean that Honi Soit Inc has more freedom to publish controversial, engaging and appropriately provocative content. A paper that stimulates and challenges; one that leaks intelligence, scrutinises ALL student organisations and strives to report honestly and fairly on university happenings.

That's what student media should do. Honi Soit has a radical history and we should fight to keep that tradition alive.

The candidate at the top of this ticket is an anticapitalist queer feminist and their unapologetically radical political ideology will influence the way that they vote on other issues in the SRC if they are elected. Consider this when voting.

Refresh for Collaboration	Liberals for Students
<p>Policy statement</p> <p>REFRESH wants to see the SRC reach out and bring positive change for students in a variety of ways. REFRESH for COLLABORATION is at the heart of this, and we have a couple of fantastic ideas to make this happen.</p> <p>REFRESH for working with collectives – ensuring that the lines of communication are open and clear between various branches of the SRC, such as collectives, and other parts of University life, such as the USUs C&S program</p> <p>REFRESH for first-year interaction – First-year students are the ones least likely to know all of the services provided by the SRC, but the ones that usually need it the most. REFRESH will work to ensure a bigger SRC presence on campus, focussing on first-year engagement.</p> <p>Ensure your SRC can communicate and collaborate!</p> <p>VOTE [1] REFRESH FOR COLLABORATION</p> <p>VOTE [1] REFRESH FOR NUS</p> <p>Sarah Marriott</p> <p>B. Commerce/Arts</p> 	<p>Policy statement</p> <p>Vote for Freedom</p> <p>Vote for Students</p> <p>Vote (1) Liberals for Students</p> <p>1.Disaffiliation from NUS and more money for Student's welfare</p> <p>As Liberals, we feel that student money is often squandered on unnecessary items - due to this, we aim to use money more efficiently, on things that benefit student welfare and are in the best interests of the student body. As the National Union of Students has proven ineffective time and time again, claiming to be activists but using only a small margin of their funding on a narrow and ideologically based form of activism that isn't in the student's interests, and the rest on their own salaries and expenses.</p> <p>NUS are also an undemocratic organisation that is controlled by an established political class of ALP student politicians who use it to further their own career. We will abolish the SRC's affiliation fees to the NUS and use the money to better the legal advocacy of the SRC hire more legal caseworkers. Ending the affiliation fees would also encourage the NUS to reform and become more open and democratic and work towards advocating student's interests.</p> <p>2. Returning your SSAF money to you</p> <p>We Liberals believe that you know how to spend your own money better than anybody else does, that's why we oppose the compulsory \$273 p.a. Student Tax. We would advocate the University rebating the full amount of the SSAF fees to the students who have paid the fees.</p> <p>3. Freedom Agenda</p> <p>Many students on campus feel alienated by the current SRC and do not feel it accurately represents their needs and interests. We have been told that the SRC is too ideologically left wing and political and does little in the way of actually representing the views of the vast majority of students. We hope to make the SRC apolitical with a great focus on enriching the student experience and assisting students with things they actually need. We hope to engage with a wider percentage of the student body and hold forums to assess what is wanted of us – instead of a small, extremely political, vocal minority controlling the SRC, we want all students to have a say.</p> <p>Georg Tamm</p> <p>B. Liberal Arts and Sciences</p> <p>Curriculum Vitae</p> <p>Iftiar Khan</p> <p>B. Commerce (Liberal Studies)</p> <p>Curriculum Vitae</p> <p>Jacinta Gregory</p> <p>B. Arts</p> <p>Curriculum Vitae</p> <p>Brian Xiong</p> <p>B. Commerce (Liberal Studies)</p> <p>Curriculum Vitae</p> <p>Michael Parker</p> <p>B. Commerce</p> <p>Curriculum Vitae</p> <p>Shakira Wilson</p> <p>B. Commerce</p> <p>Curriculum Vitae</p>

We strongly oppose the SRC's support for the Boycott, Divestment and Sanctions (BDS) against Israel, which passed a motion this year in favour of ending all university ties with Technion University in Haifa, Israel. We condemn the accusations that Israel is an 'Apartheid State', comparable to Apartheid South Africa, and we believe that BDS is not constructive for achieving a just and lasting Peace between Israel and Palestine.

We as Liberals strongly support Freedom of Speech, and such that we strongly support the right of the LifeChoice society to exist and promote it's point of view and a discourse about Life issues on campus.

We're not going to make promises in this campaign that have been said before and we know we can't deliver on like longer library hours, cheaper food and free puppies and ice cream for everybody, but where it matters, we will promote and advocate what is in the best interests of the students at Sydney University

Policy statement
Vote [1] HANNAH for President
Vote [1] ACTIVATE for Student Welfare for SRC
Vote [1] ACTIVATE for NUS
Students are now graduating with over a decade of debt and 2 in 3 students are living below the poverty line, according to a 2013 Universities Australia survey. We at ACTIVATE believe that your SRC plays an integral role in fighting student poverty and supporting students through tough times.
So far this year, we've been working on a rural and regional students network and we've fought for a safer campus. We believe there's so much more to do and the ACTIVATE team has the experience, passion and commitment to get it done.
We will ACTIVATE your SRC for:
-A Survival Centre on campus, which has free non-perishable food items, toiletries and study supplies for students who are struggling.
-A Breakfast Bar which provides free breakfast once a week for all students
-A Cheapskates Guide, which lets students know where they can find the cheapest and most convenient options for food, drinks and other life essentials.
-A free, professional Tax Help service
-Build on the success of the newly formed Rural Students Support Network
-Free and frequent shuttle buses between all campuses and Redfern station
-Subsidised training for RSA, RCG, Barista courses and first aid courses
Student accommodation is a vital part of student welfare, we will work with the City of Sydney, the University and other relevant bodies to ensure all housing in affordable and accessible
We will ACTIVATE for more scholarship and bursary options, including options for rural, regional and remote students and international students.
So for experienced, committed and diverse advocates for your welfare,
Vote [1] ACTIVATE for Welfare.
Vote [1] ACTIVATE for Fair Education for NUS.
Vote [1] HANNAH for President

- REFRESH for ARTS. WE Believe...

- REFRESH for Online Lectures
WE believe that all students in all faculties should have access to online recorded lectures so that YOU have the best possible education.

- REFRESH for Faculty Representation
WE believe that Student Representatives of faculties should have a greater say in the decisions involving their faculty. WE aim at increasing the integration of these representatives in SRC, USU and university dialogue so that WE can have the best possible university experience for YOU.

- REFRESH for a Non-Political SRC
WE believe that the SRC has too long been a conduit for political and partisan purposes. WE believe for too long the SRC has neglected its main purpose of representing Univeristy of Sydney Students and improving the student experience.

trolling. We need a space in which we can feel safe while we are trolling. The space will require an uninterrupted, fast internet connection, numerous computers and numerous power points for extended period of trolling. ALL OF THE THINGS!

We CANNOT let UNSW or UTS get to this amazing project before us. A Space program must be started at our university before these others try and steal our glory. Together, we can reach the moon before the Russians. No... Mexicans? Yeah, lets beat the Mexicans. TO THE LOUVRE!

Look, we all know that Julia Gillard will be looking for a new job in the near future and the strikes have shown us that students also want to see a new Vice Chancellor of the University. So we will campaign to see Julia Gillard appointed the new Vice Chancellor of the University of Sydney. Its a win-win situation, right!

While we are seeking to replace the Vice-Chancellor, we might as well campaign to replace the Chancellor. Queen Elizabeth II has given up much of her rights over Australia in her 60-year reign. We want to see her appointed Chancellor return the University to the British Empire. We are positive that this is a realistic policy that will most definitely happen if you vote for Trollface. God Save The Queen.

As students, we are all required to enter the Mordor of the University... Carslaw. We think that the only realistic way to fix it up is to knock down Carslaw and start again. Honestly, there is no way we can fix it. It is unsalvageable. The new coat of paint and chairs aren't fooling anyone.

These aren't just policies, they will be THE LAW!

Policy statement

Vote [1] SEX for SRC

Vote [1] SEX for HONI SOIT

SEX for SRC for TEXTS on HECS so that your books can be put on HECS. I will also fight illegal course costs so that the true costs of your degree are reflected in the pricetag.

SEX for SRC are against the Higher Education Cuts, because our education deserves more funding not less.

SEX for SRC supports our staff, making sure that those who provide our education are empowered in their enterprise bargaining process.

SEX for SRC support the welfare of students. We will fight for fairer youth allowance so that students aren't such a large component of those living below the poverty line. I will also double emergency loans from \$50 to \$100.

SEX for SRC supports all lectures online. I will work with the University to have all lectures, from all faculties streamed online. The reality is that not all students are the same and even the most eager students miss lectures.

SEX for SRC stands for better student housing. The Queen Mary student accommodation needs to be affordable, and accessible. I will fight to keep rent under \$150 a week.

SEX for SRC supports HECS for Winter and Summer School

SEX for SRC wants a student Bill of Rights so you know your rights on campus. We support students' rights to feel safe on campus, and that trumps any clubs or societies that threaten this.

SEX for SRC want a weekly breakfast bar. It has been promised for years but I will actually deliver a breakfast bar. Other Universities do it, it's time we got this done

Vote [1] SEX for Honi for...

An Honi that isn't monogamous:

A paper that is political, but not partisan. Honi should be the home of opinions— strong, radical and confronting opinions— and the champion of none.

An Honi that's kinky:

People want different things from SEX. And we want a paper that brings you that variety. We won't stick to politics, week in, week out— we'll give you sport, technology, culture and more features on issues you care about.

Added SEX appeal:

We're bringing on a Designer-In-Chief to make Honi look like it should: the print equivalent of Ryan Gosling. We're talking crisper colours and a sharper, more professional design.

ORGY SOIT:

We want an Honi that brings people together. We want to cover more campus events, but we also want to (pro)create them. We'll host shindigs,

hoedown throwdowns and jamborees, and organize open mic nights, poetry slams and knitting circles. We'll connect you to your paper and to each other.

An Honi that'll do it anywhere:

Student life is more than just campus life. We'll bring you news from Eastern Avenue and beyond. We'll flirt with the bands playing at the Enmore, the Metro and every grubby pub in between, we'll check out the baristas in Redfern and devour the Thai on King Street.

Vote [1] SEX for SRC and [1] SEX for HONI on the 25th and 26th of September.

Policy statement
Vote [1] HANNAH for President
Vote [1] ACTIVATE your Education for SRC
Vote [1] ACTIVATE for NUS
We believe all students should have access to high quality teaching and learning. Education is a right not a privilege!
We are students from DIVERSE backgrounds- some of us arts, education or media students. Some of us are students from rural and regional backgrounds and some of us are mature age students- we understand the many difficulties students can face when undergoing their education- that's why we will ACTIVATE for the following:
- A DIVERSE education
We will fight any attempts by the university to limit subject choices. Diverse subject choices are integral in getting the most out of your degree. We will continue to ACTIVATE against threats to our subject choices!
-A QUALITY education
We will fight cuts to funding which have resulted in larger class sizes, staff casualisation and poor quality facilities. Students are paying more for their education than ever before and should see quality reflected in this!
We will work with Student Faculty Representatives to establish a Student Representative Network so that anecdotal issues don't go unnoticed and your faculty reps have the skills and resources to properly represent you!
-A FLEXIBLE and FAIR education
We will ACTIVATE for a university-wide policy on lecture recordings so you are not behind if you have to miss one or two! Students are working now more than ever and our degree structures should accommodate this. We will also advocate for more consistent use of the LMS- all courses should have an online element and should be thoroughly utilised.
The university provides a small number of textbooks for each course at the library. We will ACTIVATE to ensure they provide larger numbers of short loan textbooks so that students don't have to wait. We will also advocate for university-provided bursaries specifically for textbook expenses.
We will ACTIVATE against Saturday exams.
Clinical Placements for Science and Medicine students can add hundreds of dollars to our education expenses. We will demand bursary and scholarship options for students who have to travel for their placements.
-An AFFORDABLE education
We will ACTIVATE against deregulation of university fees which will allow universities to charge whatever they want for degrees and has

proven to result in even more debt for students!
We will fight Illegal course costs which increase education expenses.
So, for a DIVERSE, AFFORDABLE and HIGH QUALITY education;
Vote [1] HANNAH for President

Free Palestine

Policy statement

Nelson Mandela has described the plight of the Palestinian people as “the moral issue of our time”.

The movement for justice in Palestine is growing momentum, with a majority of people expressing their support for Palestinian human rights in almost every country in the world. Even in Australia, where public opinion is shaped by a media that is biased and filled with US propaganda - things are changing.

The Boycott, Divestment and Sanctions campaign - initiated by over 170 Palestinian civil society organisations in 2005, and has slowly but surely built up momentum across the world. It has three demands:

- 1. Ending its occupation and colonization of all Arab lands and dismantling the Wall
- 2. Recognizing the fundamental rights of the Arab-Palestinian citizens of Israel to full equality; and
- 3. Respecting, protecting and promoting the rights of Palestinian refugees to return to their homes and properties as stipulated in UN resolution 194.

Here at Sydney Uni the SRC has passed a wonderful motion endorsing the call for a boycott of all companies that support and profit from Israel’s illegal occupation of Palestinian territory.

Professor Jake Lynch of the Centre for Peace and Conflict Studies has also joined the BDS movement, refusing to cooperate with an Israeli university built on Palestinian land in East Jerusalem.

Yet in response to these successes, Palestine campaigning is under attack at Sydney Uni. There have been attempts to roll back the SRC motion, and Jake Lynch has faced a barrage of slander and attacks in the media. Incredibly, an Israeli law firm is attempting to sue Jake for breaching Australian discrimination laws.

Vote 1 for ‘Free Palestine’ to stand up to these attacks, and make sure our SRC remains pro-human rights, pro-justice, and pro-Palestine!

Re-Activate for SRC

Policy statement

We are back to Re-ACTIVATE your SRC!

Vote [1] Re-ACTIVATE for SRC

Vote [1] ACTIVATE for NUS

Vote [1] HANNAH for President

The ACTIVATE team believes the SRC plays an integral role in defending the quality of your education and ensuring vital campus services are available and accessible. We firmly believe all students have a right to access education with a high standard of teaching and learning. This is why we will

ACTIVATE and fight for the following:

ACTIVATE for high quality education: we will demand smaller class sizes, a university wide policy on lecture recordings and retention of subject diversity. We will

ACTIVATE against illegal course costs which make education unaffordable! We will ACTIVATE against \$2.8 billion of cuts to the federal education budget- something that has real implications on the quality of our education here on campus. Our team has already been fighting for these points, but there is still much more to do and we have the COMMITMENT and EXPERIENCE to follow through and deliver!

ACTIVATE for a safer campus. Students deserve to feel safe on campus at any time of the day or night. We will fight for a better relationship between campus security and students and work with campus infrastructure to deliver better lighting and more panic phones. We will work with the City of Sydney and the University to develop a safe campus app and we will demand an anonymous, online reporting system for incidences of harassment, assault and bullying!

ACTIVATE for better student services! We will fight for a free, professional tax return assistance service so that students can get the most out of tax time. We will ACTIVATE against student poverty! Research shows that 2 in 3 students are living under the poverty line. We will develop a survival centre with non-perishable food items, study material and toiletries and establish a weekly free breakfast bar so no student has to go without. We will push for a free printing quota for all students!

ACTIVATE for affordable living! We will fight the conversion of Centrelink’s Student Start-Up Scholarships to loans and advocate for fairer Youth Allowance! The proposed student accommodation at the Queen Mary Building must have truly affordable rooms and a reserved portion for International and rural and regional students!

ACTIVATE for a more inclusive campus! We will advocate for a fair deal for international students on Transport Concession cards and RE-ACTIVE the International Student Seminar Series- forums on legal, social and

economic issues facing international students! We will develop better ties with satellite campuses- the ACTIVATE team has been working on getting more affordable and regular shuttle buses between Sydney campuses- this is something we aim to continue and build upon!

ACTIVATE for strong student representation! the ACTIVATE team has worked hard to see a fair distribution of the Student Services and Amenities Fee. We are passionate about keeping students money in student services and will fight to see this continue. We will continue to support student run collectives and the important work they do.

For a team that is DIVERSE, EXPERIENCED and COMMITTED,

VOTE 1 AMELIE 4 Prez

VOTE 1 EVIL 4 Honi

STOP THE CUTS, FUND
EDUCATION

Higher education is being driven by the dollar sign. This equals cuts to courses and jobs. Last year, even while Sydney Uni sat on a massive surplus, hundreds of staff were threatened with redundancy in order to fund new building projects – including a swimming pool! Students and the union fought back and saved over half the academic jobs! But this year the University management are going after staff conditions, with a vicious attack on union agreements with the NTEU and CPSU. They wanted to attack intellectual freedom, job security, wages, as well as increase casualisation and get rid of the unions. In short they want to make it easier to cut jobs (and by extension courses) in the future. Again staff have put up a fight with 7+ days of strike action – and they've won many of their conditions back. But with Labor cutting higher education funding by \$2.8 billion we will face more cuts like this. At ANU the Vice Chancellor has recently abolished tutorials by decree. Students occupied the Dean of Arts office in outrage. It will take this kind of fight to stop the cuts and demand real funding for education.

FUND EDUCATION NOT
REFUGEE DEPORTATIONS

The Rudd and Gillard governments cut funding to higher education and single parents. They cut thousands of public sector jobs. They said there wasn't money to increase NewStart or Youth Allowance. But they have billions to scapegoat refugees. Their plan to set up rotting camps in Papua New Guinea is not just a new low in the history of the ALP, but in the history of Australian

politics. This policy adds another \$1.2 billion to the cost of locking up and deporting refugees – on top of the \$7.2 billion over four years already specified in the budget. Labor has given legitimacy to Abbott, who wants to wage war on refugees by putting the military at the helm of a policy to tow boats back. He wants to re-introduce Howard's hated Temporary Protection Visas (TPVs). We cannot rely on Labor in opposition. But campaigning can smash this infernal consensus. Under Howard the campaign shifted public opinion. Students were involved then; students are involved now. We need to take a stand against refugee policy, for as long as governments pollute the public discourse with refugee bashing, vital issues such as health and education will never get a hearing. We want funding for campus, not camps.

Danny Hardiman**Arts****Policy Statement**

Hey all, I'm running for Grassroots 4 Refugees because it's bullshit that we have a government prepared to spend billions locking up refugees at the same that they are cutting billions from the higher education budget. I think as students we have a long history of activism to draw on and history shows that students can be an effective fighting force against the government.

Curriculum Vitae

I have been heavily involved in the education campaign against job cuts last year and supporting the strike this year, as well as helping build the refugee movement on campus through the Anti-Racism Collective. I am a member of Solidarity and an Arts student about to transfer into a Bachelor of Social Work.

Gabrielle Pei Tiatia**Science/Arts****Curriculum Vitae**

2013: Member: Anti-Racism Collective – involves organising contingents to refugee rallies and running stalls. I have also talked at rallies and forums about particular issues concerning refugees and about the Northern Territory Intervention.

2013: Member – Solidarity

2013: Member – Sydney Uni Greens on Campus

2013: Member – Queer Action Collective

2013: Member – Sydney Uni Pasifika Society

Attended Power Shift in Melbourne, run by the Australian Youth Climate Coalition

Represented the Anti-Racism Collective at the National Refugee Rights Convergence in Perth, WA

2012: Vice-Captain, Peer Mentor and Social Justice Leader at John Therry C.H.S, selected as delegate to the N.T and spoke to students and staff about various social justice issues.

Erima Dall**Arts****Policy Statement**

I'm running for Grassroots 4 Refugees. I am helping to build the Anti-Racism Collective on Campus – this semester we organised a protest against the Foreign Minister Bob Carr to tell him we welcome refugees. The Anti-Racism Collective organises student contingents for all the refugee rallies. I have also been active in the Education Action Group to support striking staff, because without quality staff conditions

there can be no quality education. Last year I helped organise mass demos and occupations against job cuts by organising meetings, rallies and actions. I chaired a speak-out against the cuts in o-week, got motions passed in many lectures, participated in a student occupation, helped organise lecture walk-outs, and picketed meetings of the Vice Chancellor Michael Spence and management.

Policy statement

Vote [1] HANNAH for President

Vote [1] ACTIVATE for Int Students

Vote [1] ACTIVATE for NUS

International Students contribute massive amounts of money to the Australian economy and as a result assist in the subsidization of domestic student’s education costs.

This is why we need an SRC that will ACTIVATE the university and the government to work to provide invaluable services and support for International Students!

As international students, we understand how difficult university life can be. Relocation, finding affordable and spacious accommodation, meeting friends, working and understanding Australian laws are just many of the challenges we as international students face on a daily basis. We believe in an SRC which will fight for the rights of international students and provide a space for them in Sydney Uni student life!

We have already ACTIVATED for International Student Travel Concession, but we believe there is much more to do. We want a fairer concession card deal- not just Multi2 and Multi3 but ALL transport should be concession price for international students!

International Students often struggle to find affordable accommodation and can be at risk of living in unsafe, overcrowded environments. We will ACTIVATE against over-crowded, expensive accommodation and fight for a portion of the Queen Mary student accommodation development to go to International Students.

We will RE-ACTIVATE the useful International Student’s Seminar Series! We will bring you practical workshops and talks from experienced professionals on things like tenancy rights, working rights and Australian social life!

We will work to RE-ACTIVATE the International Student’s Collective. International Students should have their own group on campus to create campaigns to fight for their rights!

The University of Sydney Union has indicated it may begin an International Students Network. We will make sure this is relevant and effective so that international students get the most out of the network as possible!

So for a strong International Student voice on your SRC

Activate for Student Housing

Policy statement

Vote [1] HANNAH for President

Vote [1] ACTIVATE for Student Housing

Vote [1] ACTIVATE for NUS

ACTIVATE for affordable student housing! According to a 2013 University Australia Survey, students are now graduating with over a decade of debt and 2 out of 3 students are living below the poverty line. There is just simply not enough and it is nearly all out of students' reach. That is why we at ACTIVATE, believe it is now more important than ever to fight for truly affordable student housing.

So far this year we have already been lobbying for the proposed student accommodation at the Queen Mary Building to have realistic student-budget accommodation and a reserved portion for international, rural and regional students!

To build on this, we would also like to implement:

- A Student Housing Network, which will take the form of a comparison website with criteria, (voted on by us, the students of the University of Sydney) and a final rating or scorecard. It will also feature testimonials from past students and tips/tricks on what to expect in certain suburbs.
- A "Know your Rights" Campaign which will be open to all students and cover tenancy rights and obligations in New South Wales and Australia.
- Safe, reliable and free shuttle services to affiliated sites by working with campus security
- Rules which stipulate that any new student housing must be built in line with sustainable practices
- Environmental updates to existing student accommodation, (such as solar panel hot water heating).
- Actual student representation on committees associated with student housing, meeting supply and demand and new student housing projects.
- Free WiFi in all student housing

Living on or near campus is somewhat of a right of passage for university students and as a vital part of the student experience it should be much more accessible. So to be more informed of your rights as a tenant, for better facilities, with dedicated regional, remote and international places, an online Student Housing Network and free WiFi at home...

Grassroots for a Green Campus

Policy statement

Our environment and university should not be degraded because of corporate interests. This ticket is made up of Environment Collective members and friends. Environment Collective, formerly SEAC (Student Environment Action Collective), is a group of committed individuals who advocate for positive social and environmental change through political activism and non-violent direct action. Our organisational system is non-hierarchical and we believe in participatory democracy.

We have a presence both on and off campus, with many of our members being involved in the wider environmental movement. We work with students from UNSW, UTS, Macquarie and UWS through the Cross Campus Environment Action Network (CCEAN) in Sydney and with students from all across Australia in the Australian Student Environment Network (ASEN). We work with groups including Quit Coal, Stop CSG Illawarra, Lock the Gate Alliance, 350.org, Sea Shepherd, Still Wild Still Threatened, Huon Valley Environment Centre, and The Wilderness Society.

This year we have been actively involved in the nationwide divestment campaign Fossil Free Universities. As a leading research institution and learning platform, Sydney University has a social and environmental responsibility to foreground and fund research into sustainability. Universities have an important role to play as progressive, ethical and creative public institutions, and as places of learning and research, to set a precedent for a transition away from coal, and towards large scale renewable energy.

This campaign aims to make:

- Social and environmental sustainability a mandatory criterion for university investments. So any current investments which fail to meet this criterion will be terminated.
- Universities refuse donations or support of any kind from coal mining and coal seam gas (CSG) mining corporations. Too much of what is taught and researched comes from a pro-mining standpoint because it is these industries which fund the research. The integrity, validity and objectivity of this research is compromised.
- Universities substantially increase research and teaching of renewable energy and sustainability.

We are working on establishing a rooftop community garden and are currently in discussions with Campus Infrastructure and Services and other university stakeholders. Our current proposal involves having a strong engagement with the international student community and the location will be on the rooftop terrace of Wentworth Building.

We hold discussion groups on campus, in addition to special events such as film screenings. Topics range from eco-feminism, robotics, the effectiveness of direct action, market mechanisms and how to be a good ally.

We send interested students including those from satellite campuses to Students of Sustainability (SOS), an annual conference. Students engage in sharing skills and network with other student activists, many of whom are ASEN members. This year we sent 16 students. Workshops included topics on nanotechnology, permaculture, indigenous sovereignty, UAVs, no-dig gardens, and international forestry.

We believe that the corporatisation of our education system needs to stop; university is not just a place where we are streamlined for industry. We need to be encouraged to learn and grow, so that we can make ourselves heard as agents of change. If we are to fight against the destruction of our planet, we need support from the education system at all levels. This means no cuts.

With your vote in this election, we can make sure there are resources for an activist SRC which will support these campaigns and others in the wider environmental movement. We don't think two days of elections should determine how your SRC and our campus community runs throughout the year. We recognise the power the SRC has to lobby on behalf of students, but we also want to provide students with the support and skills to fight for change ourselves!

Vote 1 Grassroots for a Green Campus.

Policy statement

Grassroots is a team of active, independent and passionate students committed to working hard to make the SRC progressive, active, inclusive and effective through our principles of grassroots activism. We believe that the best way to represent students is to involve them and we're committed to keeping the SRC open to the broadest possible student participation.

Next year will be particularly crucial year for student activism. While the commodification and corporatisation of our education has been ongoing, the stakes are becoming increasingly high with our university tying itself to big polluters and supporters of Palestinian apartheid rather than investing in our education. We need to shift the university's agenda away from exploitation toward education which is free, fair and funded.

Student organisations can be a strong force in fighting for progressive social change, but they are only as strong as the students involved in them make them. That's why we're committed not simply to representation of students, but to the active and ongoing participation of students in their student community.

COLLECTIVE AND PARTICIPATORY

Your SRC should be more than just a few days of voting, while people from Labor and Liberal run around in coloured shirts to take your vote and sometimes not be seen again for an entire year. We think the SRC should be run collectively by all of us so that we can face up to the attacks on our rights.

We are committed to the formation and maintenance of strong, open activist collectives. This means encouraging people to learn about issues that affect students - whether it be racism, sexism, queerphobia, staff cuts or overcrowded tutorials and organising campaigns to address them. Grassroots are the only people who have the experience and commitment necessary to maintain these collectives, which are vital for our SRC.

We have been active on campus and in all aspects of the SRC - through collectives, as Office Bearers, on Council, on the executive and as reporters for Honi Soit. Grassroots are members of a range of collectives - the Education Action Group, Wom*n's Collective, Queer Action Collective, Anti-Racism Collective, Sydney Environment Action Collective - and we're committed to representing those collectives on Council, and to involving more students in collectives and the SRC. We are a diverse community of students, we are in your courses, we are in your lectures and we are willing to fight for you.

We are a diverse community of students from different schools who are working towards intersectional and interdisciplinary approaches to sustainability approaches integrated in our courses. Without broad student

involvement, the SRC cannot claim to be a truly representative body. With student involvement, however, the SRC becomes a powerful and vital tool for the student body to defend their rights as students and people.

ACTIVE AND INVOLVED

Being involved in education, student welfare and broader social justice campaigns is something that should not be controlled by a small 'activist elite'. We want to open up the SRC campaigns and issues we are involved with to the largest amounts of students possible rather than be dominated by political parties.

Students don't exist in a vacuum, and the regressive social policies we oppose affect students in their everyday lives. The SRC should provide a space for students to learn about and get active around all of the issues that affect us, which are broader than campaigns like 'text books on HECS' or 'free wi-fi'. Most importantly, the SRC should be an open space where office bearers are directed by collectives and the student body, and not the other way around. As part of collectives, we have been involved in fighting the cuts to staff and education funding, putting together the SRC education handbook, fighting the so-called PNG 'solution', implementing a community garden with a focus creating a space for domestic and international students to collaborate, fighting for our campus and courses to be sustainable rather than controlled exploitative industries. A fundamental part of an engaging, approachable and participatory is safer and inclusivity - we wish to make this campus a safe space where we can learn and engage together.

STUDENT COMMUNITY

We are working toward a more progressive society, not simply reacting against an ever-more conservative one. As such we encourage a culture of intelligent debate in which students can learn about and take responsibility for their position in the world. We believe the SRC and its resources should play a central role in this process.

The services that the SRC provides to assist students in financial, legal or personal difficulty should be supported by the work that SRC representatives do to address the sources of these problems.

Grassroots commits to:

- Fighting the 2.3 billion dollar cuts to higher education and campaign for free, fair and funded education
- Building collectives on campus to make the SRC a participatory body that involves everyone, not just a 'student' council
- Recognising and fighting to address the problems caused by racism, sexism, abilism, classism and queerphobia
- Fighting for a green campus - where interdisciplinary approaches to sustainability are integrated throughout our entire university
- Approachability and inclusivity so that

SRC services are both accessibility and relevant to very undergraduate.

- Building communication bridges between domestic and international students through the establishment of a community garden with the centre for english teaching and learning (CET)
- Establishing direct communication pathways between the SRC and student liaisons for school and course specific concerns to be addressed at the grassroots level
- Broadening our communication with satellite campuses so that a range of perspectives of ALL undergraduates can be included
- Working toward a community on campus that we are all proud of!

Policy statement

The campaign for marriage equality has been one of the most successful movements for social justice in recent years.
When introduced in 2004, the law forbidding LGBTI people from getting married was not so unpopular - just 38% of people polled opposed the ban at the time. Now we have well over 60% in favour of full equality, and even Kevin Rudd has changed his position.
This amazing turnaround has been achieved through an ongoing grassroots campaign of mass protest involving students, workers, unions, community groups, and more. But we can't stop now! Whoever's in government, the campaign will continue until we win full equality.
Vote 1 for Grassroots for Marriage Equality and help support the campaign for civil rights!

The Science faculty is an important and large sector of Sydney University. As such, the needs of science students should be an important and large part of the SRC decision making process.

We cannot let course cut’s to ecological, agricultural and geosciences continue. From combining invertebrate and vertebrate zoology to slicing the study of entomology, and only offering field courses every second year, how can we achieve our majors, and gain the experience necessary to be field ecologists geologists and agricultural scientists?

We need more interschool collaboration and communication so that way may share the skills required for sound research, across interdisciplinary sectors. Collaborative projects such as urban gardening, permaculture and sustainability education not only make sense in today’s food crisis and urban sprawl- but are necessary for the future.

We take our role as researchers and innovators of the future seriously and wish to provide opportunities for scientists in current courses, through honors and in future endeavors. We intend to organize ‘Sustainable Jobs in Science’ career fairs, where students can meet professionals and potential employers. Furthermore, ‘Grassroots for Science’ supports more science schools introducing placement work in the final year of a Science degree in order to establish/introduce their students in the industry world before the end of their degree. We want to ensure that agriculture students are included in the broader science community. So far from Camperdown, Camden campus can often feel isolated. We want to establish strong communication between science students on main campus and the practical elements of our courses 2 and half hours away. It is paramount that students based at, or visiting Camden feel connected to our SRC. Finally we believe that Penalties and Special Consideration practices should be standardized across schools and improved between faculties. It is unreasonable that science students must jump through ‘fail’ or ‘10% late penalty hoops when unable to perform to our best capacity.

Peer review, and peer consultation is paramount to good science. We take this collective decion making approach

to our engagement with the SRC and the university.

So that We can best represent scientists from this university. te zoology to slicing the study of entomology, and only offering field courses every second year, how can we achieve our majors, and gain the experience necessary to be field ecologists geologists and agricultural scientists?

BW

Liberals

Policy statement

1. DISAFFILIATION FROM THE NUS AND MONEY USED TOWARDS STUDENT WELFARE

As Liberals, we feel that student money is often squandered on unnecessary items - due to this, we aim to use money more efficiently, on things that benefit student welfare and are in the best interests of the student body. As the NUS has proven ineffective time and time again, claiming to be activists but using only a small margin of their funding on activism and the rest on lavish salaries, we will cut down on affiliation fees and use the saved money to better the legal advocacy of the SRC and further reduce the costs of textbooks and course readers. We would also like to better assist students by using funds to hire more caseworkers and psychologists/counsellors; university is a stressful time for new and returning students, and we feel mental health and academic results are important. We hope to focus on these areas, using funds that will be saved by disaffiliating from the NUS.

2. REIMBURSING THE SSAF

We will work towards having the university reimburse your SSAF. We know that students are often economically disadvantaged and should not have to suffer the costs of an inefficient tax. You know how to spend your money better than the university does. With an incoming Liberal government, the SSAF will be a thing of the past, but we still think you should be paid back your money so you can use it on more important things.

3.CELEBRATING CULTURAL DIVERSITY

The Liberals feel that the individual is important – while collectives have their place in society, every person’s individuality and cultural heritage should be celebrated. We hope to hold frequent multicultural events and engage with the student body to understand what they would like to see on campus. We will employ another multicultural officer who can liaise with students of minority ethnic backgrounds to ensure everyone feels welcome and appreciated at university. We will implement more language services, making sure that students who do not speak English as a first language can still speak to the SRC about their concerns without language being an issue and without feeling intimidated.

4. WOMEN ON CAMPUS

While we feel the women’s collective is generally a great idea, we feel that it is only accessible to a small, select group of women. Many women we have spoken to feel uncomfortable attending the meetings and do not feel contented talking to current women’s officers about issues that pertain to gender or sex. We hope to correct this by appealing to the wider student body – we feel women’s issues are apolitical and it’s important all women on campus feel safe attending meetings and speaking up about what they are experiencing instead of being alienated due to political alignment, background, race or sexuality. We hope to further fund the women’s collective and end the political cliquishness, appealing to all women at the University of Sydney. We also hope to add more women’s officers and have a workshop on consent and safety. With leftover funds from NUS disaffiliation, we aim to hire two sexual harassment officers and counsellors whom people on campus can feel comfortable speaking to.

5. STUDENTS WITH DISABILITIES

We want to make education and learning accessible for students with disabilities. We hope to hire case workers who can work with differently abled students in order to help them achieve their maximum potential at uni, as well as offering any assistance that may be needed. We would like to hold more disability collective meetings and host workshops on living with disabilities, run autonomously by differently abled students and carers.

6. ACCESSIBILITY FOR ALL STUDENTS

Many students on campus feel alienated by the current SRC and do not feel it accurately represents their needs and interests. We have been told that the SRC is too political and does little in the way of providing services that most students require. We hope to make the SRC apolitical with a great focus on enriching the student experience and assisting students with things they actually need. We hope to aid in student welfare and cut down on unrequired political activity. We hope to engage with a wider percentage of the student body and hold forums to assess what is wanted of us – instead of a small, extremely political, vocal minority controlling the SRC, we want all students to have a say.

Vote Liberal for freedom, accessibility, cultural diversity and less fiscal wastage.

Let's Talk About LAW!

Policy statement

Vote [1] SEX for Honi
Vote [1] Let's Talk About LAW

We are running for the SRC to see all students from all walks of life represented. We are dedicated to what students need and want, because that's what should drive their peak representative body – not political time wasting.

Let's talk about real PASSION, real QUALITY and real CHANGE.

We on the Law ticket know that all students will come into contact with the law at some point – whether because you study it, come into conflict with it or just are concerned by it. So that's why we're here to help. We have 4 policies aimed at helping people with legal issues, law students and any students who stand for the accountability and accessibility of the SRC.

1) Expanding Awareness of and Access to SRC Legal Services

Did you know that the SRC offers a huge range of legal services ranging from help with academic disputes, to credit & housing issues, to discrimination and even domestic violence and criminal proceedings? Maybe. Did you know that those services are actually fantastic, and even include advice from a practicing solicitor? Probably not. These are fantastic free services that are tragically under used, and we'd like to increase awareness and utilisation of them.

But it's not just about getting people physically through the door: we're committed to increasing access to legal aid through alternative means. Get an unfair parking ticket? No problem – we want a website that will give you the basic outlines of what you can do to challenge it. We want a website which can give you access to all the information you need to resolve simple problems with the law – without the stress of seeing a solicitor.

2) Increasing and De-Stigmatising use of CAPS

Some people will suffer mental health crises during their time at university. If you're in a law lecture and look at the two people next to you, either one

of them or you yourself will suffer from a mental health crisis, most likely depression or anxiety. CAPS, the Sydney University Counselling and Psychological Services, offers a wide range of free services to help you, ranging from online self-help programs to actual counselling by practicing psychologists. We want to increase the awareness and use of these services.

But that's only half the problem. People are all too frequently shamed or considered weak for drawing upon such services. This is abhorrent – depression and anxiety are real, medical problems with real, medical solutions. We need to open conversation about mental health, not only to increase the number of people becoming aware of CAPS, but also to de-stigmatise it, so more people in need of help can find it quickly and easily.

3) More Textbooks in the Library

As law students, we know how expensive textbooks are for all faculties. And whilst we'd love to put them on HECS, there's only so much we can do to lobby the government in that respect. However by tying the number of textbooks to the size of the cohort we can enable more people to access a wider range of textbooks, not only increasing the wealth of information and help for their subjects but reducing the burden on students to buy \$500+ of textbooks each semester for the sake of a few subparagraphs in chapter 3. So let's increase the number and variety of textbooks available and pad out our bibliographies a little bit more.

4) Real Transparency and Accessibility

Let's be honest here, not many people actually know how the SRC works. We're committed to bringing the SRC back to the people – have real debates, public forums, soapboxes, conversations, so that the student body actually gets to discuss issues with their representatives, rather than have them disappear off in to the aether and make symbolic condemnations. We want real discussion, and we promise to give it to you.

So Let's Talk About LAW – if you have problems with the law, if you have a mental health crisis, if you find textbooks ridiculously expensive for somewhat minimal use and if you find the whole SRC painfully opaque and full of political factions we want to help. We want to help solve your problems.

So vote [1] for Let's Talk About Law – the candidates who care about what you WANT and NEED – and intend to give it you.

Policy statement

The \$2.3 billion in education cuts that were announced by the government this year will have a drastic impact on students. On average every Australian student will lose \$332 in funding as of next year. By 2017 it will be down by \$488. This will mean cuts to staff and courses, increasing class sizes, and a generally lower quality education.

But it will also mean the entrenchment of the exploitation of International Students by the university sector. International students are forced to pay thousands of dollars - costs which keep rising every year - to study at our universities. This means they are essentially subsidising the higher education system in lieu of more government funding, and receive totally inadequate support and services while they study. This is a disgrace.

These cuts will also significantly affect the poorest students, who will no longer receive the \$1000 Start-up Scholarships to help pay for books and other study costs. Instead the grant will be converted into yet another HECS loan. For a full-time student that could mean a HECS increase of up to 37 percent over the life of our degrees.

The government's \$2.3 billion cut to higher education funding is the most severe in decades. The major political parties are total agreement on this issue (as with so many others). The candidates on this ticket are people who have been leading the grassroots fight against these changes, and campaigning for a fully funded, accessible and equitable education system.

The money is there, just look at the billions they spend on violently patrolling our borders and exiling asylum seekers to PNG.

Money for Public Education,
Not for Camps and Deportations!
