Taking things too Siriusly?

Dear *Honi*,

The beloved Sirius Building, which bears a rather unpleasant resemblance to the UTS Tower, and indeed our own Molecular Bioscience and Biochemistry Building, has an interesting piece of trivia to it on which last week’s feature failed to hit the ball.

Dear old Myra, an 89 year-old pensioner who occupies the two-bedroom penthouse on the top floor, is one of just three remaining tenants. She is also clinically blind.

I repeat, the sole occupant of the flat which offers one of the most commanding and spec-

tacular views in Sydney, is clinically blind.

I’ll give you a moment to let that sink in.

I’d further like to commend my local State MP for making the correct, common-sense decision, on the condition that our dear friend Myra is treated fairly and compassionately.

Hasta la próxima,

Thomas McCorquodale
BMus (MusEd) I

[The EO redacted this food pun]

On the 14th of September at 12pm on Eastern Avenue, a number of student clubs, including Students for Justice in Palestine, Socialist Alterna-

tive, the SRC’s Social Justice Department will be hosting a 100% Halal BBQ with a view to constructing (one of) Sydney’s largest Halal Snack Pack (there are some fucking huge ones).

Halal food, as everyone knows, has been target of vicious Islamophobic campaign in recent years, spearheaded by such figures as Pauline Hanson and Cory Bernardi, as part of a much wider campaign to demonise Muslims to justify the West’s imperialist ventures into the Middle East. Hanson even has the audacity to claim that 98% of Australians oppose Halal food. Faced with her rise alongside the re-emergence of far-right street movements such as the United Patriots Front and the True Blue Crew, it is more important than ever to oppose Islamophobia. In

Sydney Uni, a Muslim prayer room was trashed five times, without so much as a peep from University management or the mainstream media.

It is likely that the advent of the election of four One Nation senators will give the far right a boost in confidence, confidence that has been hampered in the last year and a bit, especially in Victoria, by large and confrontational counter protests making it clear that Islamophobia and racism is never welcome.

So on September 14 come out and enjoy a Halal sausage or HSP to show the bigots what they’re missing out on.

Funds from the event will be sent to Islamic Relief, a Muslim charity that delivers humanitarian aid.

Declan Maher

ACKNOWLEDGEMENT OF COUNTRY

We acknowledge the traditional custodians of this land, the Gadigal people of the Eora Nation. The University of Sydney – where we write, publish and distribute *Honi Soit* – is on the sovereign land of these people.

As students and journalists, we recognise our complicity in the ongoing colonisation of Indigenous land. In recognition of our privilege, we vow to not only include, but to prioritise

and centre the experiences of Indigenous people, and to be reflective when we fail to.

We recognise our duty to be a counterpoint to the racism that plagues the mainstream media, and to adequately represent the perspectives of Indigenous students at our University. We also wholeheartedly thank our Indigenous reporters for the continuing contribution of their labour to our learning.

EDITORIAL

The Editors

This week our pages are given over to the pictures and profiles of students contesting elections to become the Students’ Representative Council (SRC) President, SRC Representatives,

Honi Soit editors, and delegates to the National Union of Students’ annual conference.

We’ll see you next week for our regularly scheduled programming.

SRC ELECTORAL OFFICER’S REPORT

Paulene Graham

The following nominations outlined in pages 6 to 48 of this publication have been received and declared legal by the Electoral Officer as candidates in the Annual Elections for the 89th Students’ Representative Council, University of Sydney, including: President of the 89th SRC, Editors of *Honi Soit*, NUS Delegates, and Representatives of the 89th SRC.

The candidates are printed

in the order they will appear on the ballot paper.

The election will be conducted in accordance with Part Eight of the SRC constitution which may be found at www.src.usyd.edu.au

NO SID CARD, NO VOTE.

HOW TO ELECTION

Instructions for voters

The first thing to get your head around is that at this election there will be four separate ballots:

- SRC President
- *Honi Soit* Editors
- 33 SRC Representatives
- 7 Delegates to the National Union of Students.

The ballots for SRC President and *Honi Soit* Editors are for single positions and the ballot will be counted using optional preferential voting. This is the method of voting used to elect Members of the NSW Legislative Assembly (lower house).

It is a system of voting in which the voter ranks candidates in order of their preference. If a candidate achieves over 50% of the vote then they are elected. If not, then the candidate with the fewest votes is excluded and the second pref-

erences of that candidate, if any, are then distributed amongst the remaining candidates. This process is continued until one candidate has over 50% of the vote or there are only two candidates left in which case the candidate with the larger vote is declared the winner.

The 33 SRC Representatives and the 7 Delegates to the National Union of Students are elected by proportional representation. The system used for SRC elections is similar to the method used to elect the Members of the NSW Legislative Council (upper house). The rules for counting the proportional representation ballots are set out in Schedule Two of the SRC Constitution.

In these elections candidates are elected not when they reach a majority but when they reach

a quota.

A quota is determined by the formula:
(disregard any fractions)

Total Formal Vote

Quota = ----- + 1

(Candidates to be elected + 1)

For SRC representatives the quota will be approximately 2.95% and for NUS delegates 12.5%

Candidates who achieve over a quota are able to pass on their surplus votes to other candidates in the same ratio as expressed by the next preferences of that candidate’s supporters. This process continues until all candidates with over a quota have had their preferences distributed. At this point the candidate with the lowest vote is excluded from the ballot and

his/her preferences are distributed to the continuing candidates according to the voter’s next preference. This continues until sufficient candidates are elected to fill all the positions available.

For the SRC Representatives and NUS Delegates, voters have the choice of voting:

EITHER for a group by placing the number “1” left of the line in the square next to the name of the group you wish to vote for. You may indicate further preferences by placing the number 2,3 and so on for other groups.

OR individually for candidates by placing the number “1” right of the line in the square next to the name of the candidate you wish to vote for. You may indicate further preferences by placing the numbers 2,3

and so on next to the names of other candidates.

If you vote both left and right of the line, only the right hand side will be counted.

So, the important things to remember are:

Vote only one side of the vertical line: left side for a group ticket OR, right side for individual candidates.

Place as many or as few number as you like.

DO NOT use the same number more than once.

Place your numbers in consecutive order, from 1 (for your favourite candidate or group), 2 (for your second favourite candidate or group), 3 and so on.

Use numbers, not ticks and crosses.

Paulene Graham

SRC electoral regulations

2. The Annual Elections and any By-Elections for any of the above-mentioned positions shall be conducted under the personal supervision of the Electoral Officer, and, if he or she deems necessary, of Deputies appointed by him or her in writing whether in a general or specific purpose capacity.

3. The Electoral Officer shall ensure the fair and efficient conduct of the elections. The Electoral Officer:

(a) shall be appointed by the Council at least forty (50) days before the close of voting in the case of the Annual Elections and at least twenty (20) days in the case of By-Elections.

(b) Shall not necessarily be employed by the Council, but shall be paid a stipend at a rate commensurate with the work undertaken and the award rate paid to the poll clerks provided that these have been carried out with due diligence.

(c) (i) shall act in accordance with and apply the provisions of the Constitution and these Regulations as they stood at the time when nominations were called but otherwise shall not act on any direction of the Council or its office-bearers. The Electoral Officer shall not be a member of Council.

(ii) with respect to the election of NUS delegates, shall act in accordance with Part Thirteen of these Regulations and with the relevant sections of the NUS Constitution and Regulations.

(d) shall table before the next meeting of Council after the declaration of the election, a report on each election he/she has conducted and any matters dealt with by the ELA as well as a copy of the declaration;

(e) shall not be a candidate, nominator or seconder of a candidate;

(f) shall not be eligible for election to an executive position after an election he/she has conducted until the next Annual Elections;

(g) shall hold office until paragraph (d) of this section has been fulfilled;

(h) may submit observations to be included in future Electoral Officers’

handbooks;

(i) shall be responsible for securing a location at which to conduct the count.

(j) shall designate polling days, on which polling booths shall be open at locations in accordance with s.15 below; and shall designate pre-poll voting days on which votes may be cast at a location notified by the Electoral Officer.

9. (a) For Annual Elections, the Electoral Officer shall edit and supervise the layout by the current editors of a Special Election Issue of *Honi Soit* to be distributed to the Student Body not later than nine days prior to the opening to the ballot, and which shall contain:

(i)where submitted, a bona fide photograph of each candidate (not altered since the time it was taken), curriculum vitae and policy statement

(ii)an explanation of the ordinary preferential and quota-preferential proportional representation voting systems

(iii) sections of the Regulations as specified in this Part

(iv) polling places and times.

It may also contain paid advertisements not related to the elections. It shall not contain:

(i)artwork which in any way comments favourably or unfavourably upon any candidate or group of candidates or which ridicules the election process

(ii)editorial comment on the merits of candidates or issues.

(b) At a reasonable time determined by the Electoral Officer, and with proper supervision, candidates may inspect all final copy before despatch to the printers.

(c) The Electoral Officer shall ensure that there is no direct comment on candidates or their policies in relation to the elections and in their capacity as candidates for election in any issue of *Honi Soit* between the publication of the Special Election Issue and the close of polling. *Honi Soit* may still contain comments about candidates in relation to other matters.

(d) For any election, the order of appearance of candidates in the Election

Issue shall be the same as that on the ballot paper.

(e) In the case of By-Elections there shall in the last issue of *Honi Soit* before the election, be a supplement which adheres to the prescriptions set out in this section.

(f) For the election issue of *Honi Soit* the Director of Student Publications elected by Council shall act within her/his duties as prescribed in Part Six section 1. Where the DSP is a candidate in the election, Council shall appoint a DSP to act for the election issue of *Honi Soit*.

10. Policy statements may be submitted by candidates and groups before the close of nominations as follows:

(a) in the case of candidates for the office of President or of Editor(s), they shall not exceed 500 words.

(b) in the case of Representatives, they shall not exceed the lesser of the number of candidates nominating in a group multiplied by 200, or 2,000 words. Where candidates are grouped by common consent, a group statement of no more than 750 words may precede statements by individual candidates. The remainder of the word allocation shall be available to the candidates as long as no individual statement exceeds 200 words.

(c) Candidates or groups shall specify the number of words claimed to be used either in the group or individual statements.

11.Each candidate for the position of Representative, *Honi Soit* editor or NUS delegate may submit a curriculum vitae consisting of not more than fifteen items. The curriculum vitae of candidates for the position of President shall not be limited.

A curriculum vitae shall consist of information about the candidate in some or all of the following five areas:

- Students’ Representative Council;
- University of Sydney;
- University of Sydney Union;
- Clubs and Societies; and
- other interests.

12. (a) The Electoral Officer shall cause to be published and widely distributed a notice encouraging the Student Body to vote in the Annual Elections.

(b) This notice shall be of a completely non-political, non-partisan nature.

(c) This notice shall also bear the location of polling booths and the times during which they shall remain open.

(d) This notice shall be published on the SRC website, the online *Honi Soit*, the Hard copy *Honi Soit* and when possible on the University Electronic Notice Board.

(e) The notice must be available and accessible by all students on all campuses.

(f) The Electoral Officer shall follow the same procedures for any By-Election.

14. Voting shall be by secret ballot.

15. (a))(i) At the Annual Elections or By-Election, voting shall remain open for at least one polling day.

(ii) Pre-poll votes for the Annual Election and any By-Election may be cast at times and location(s) designated by the Electoral Officer during the period commencing not before the publication of the election issue of *Honi Soit* to not later than the day before the first polling day.

(b) The Electoral Officer shall determine, within the provisions of the remainder of this regulation, the location and hours of polling booths, subject to the approval of the Executive. Such polling booths shall be established in locations suitable for those eligible to vote in the election and which do not unduly affect the convenience of passers by.

(c) (i) A polling booth shall be established at Fisher Library between the hours of 0830 and 1830 on the first day of polling and between 0830 and 1700 on the second day of polling.

(ii) A polling booth shall be estab-

Continued on the following page

HOW TO ELECTION

More SRC electoral regulations

lished at Jane Foss Russell between the hours of 0830 and 1800 on the first day of polling, and between 0830 and 1800 on the second day of polling.

(iii) A polling booth shall be established at Manning House between the hours of 1000 and 1600 on both days of polling.

(iv) A polling booth shall be established at Cumberland College of Health Sciences between the hours of 1100 and 1500 on both days of polling.

(v) Polling booths shall be established at the Conservatorium of Music, Sydney College of the Arts and the Electrical Engineering Building between the hours of 1200 and 1400 on one day of polling.

(d) The Electoral Officer shall advertise the hours of opening and location of polling booths, provided that no polling booth shall remain open for a period of less than two (2) hours.

17.(a) The method of voting and counting the ballots shall be by the system of quota preferential proportional representation set out in the Second Schedule of the Constitution, with optional marking of preferences. Voters shall also be given the option of voting 'above the line' and preferencing a group or groups in the elections for Representative and NUS Delegate.

(b) Voters may vote either above the line or below the line. In the event that

a voter has recorded a formal vote both above and below the line, the ballot paper will be treated as though the voter has marked below the line only.

18. (a) If the Electoral Officer deems it necessary, he or she or a person authorised by the Electoral Officer shall initial each ballot paper or stamp it with the prescribed stamp of the SRC.

(b) For the purposes of reconciling the numbers of ballot papers with the numbers of students claiming a vote, the Electoral Officer may instruct Polling Booth Attendants to place on the back of each ballot paper issues, a mark identifying the polling place.

22. (a) The Electoral Officer shall appoint Polling Booth Attendants, herein after referred to as PBAs who shall act under his or her personal supervision from the time when they attend the meeting called by the Electoral Officer to explain the manner in which duties shall be performed.

(b) The PBAs are responsible to the Electoral Officer for the conduct of voting and observance of the Regulations.

(c) The Electoral Officer shall ensure that the PBAs are conversant with their duties and shall issue to each PBA a sheet of instructions.

(d) At the polling booth:

(i) the PBA shall initial each ballot paper which he or she issues, and may also be required to indicate on it the place of issue.

(ii) before handing a ballot paper to any voter, the PBA shall, where possible, mark distinctively the voter's Authority to Attend Classes.

(iii) the PBA may make any reasonable enquiry to establish the identity of any person claiming a vote. Where, for any reason, the eligibility of the person is in doubt, the PBA shall place the ballot paper in a sealed envelope, setting out the reasons for uncertainty on the outside, and later convey it to the Electoral Officer.

(iv) the PBA shall, at the request of any voter, issue a fresh ballot paper in place of one spoiled by the voter. Having cancelled the spoilt paper by writing "CANCELLED" or "SPOILT" on the back, the PBA shall place the paper in a special envelope provided for that purpose and later convey such envelope(s) to the Electoral Officer.

(v) locked ballot boxes shall be provided and be sealed immediately the voting closes;

(vi) at the close of voting on any polling day, the PBA shall do with the ballot boxes as ordered by the Electoral Officer, who shall take all necessary measures to assure the security of the votes and the orderliness of all proceedings from that time forth until the declaration of the election.

23. The Electoral Officer shall be responsible for supplying voting facilities as published. Where through misadventure it is not possible to establish

facilities exactly as advertised, the Electoral Officer may issue such instructions as would afford those affected an opportunity to cast their vote.

24. Each candidate shall be entitled to have present throughout the counting of the votes up to four (4) scrutineers, nominated in writing to the Electoral Officer. (altered 11/6/03)

(b) Once the ballot boxes have been opened, the Electoral Officer shall forthwith cause to be counted the first preferences in each election conducted. Scrutineers may ask to see any ballot papers and may (as elsewhere in this Section) challenge in writing the inclusion or exclusion of any ballot paper but shall not physically handle or interfere with any paper nor cause any undue noise, disturbance or obstruction during the counting of the votes on pain of being excluded from the counting room for persistent contravention

(d) The order in which the ballots shall be counted shall be:

(i) first, President, then,

(ii) Editors of *Honi Soit*,

(iii) Representatives,

(iv) Delegates to the National Union of Students.

(e) Where in the course of a scrutiny a duplication or omission occurs on a ballot paper before the number opposite the candidate next in the order of the voter's preference, the paper shall be set aside without further transfer being made.

SRC PRESIDENT

A

Isabella Brook
Arts/BPESS

Hi, I'm Isabella Brook. I'm passionate about representing students and experienced in fighting for the issues that matter, which is why I'm running to be President of our SRC.

I fundamentally believe that education is a right, not a privilege, and that the quality of our education should depend on our ability, not our bank accounts. That's why I got involved in the SRC in my first year of uni, through education and social justice campaigns.

My time with the SRC has shown me how vital this organisation is for students. Every day, the SRC fights for students' rights through the free casework and legal services, and engages students through its collectives.

Right now, students are facing attacks at home, uni, and work. That's why we need an SRC that can Stand Up for students' rights and student welfare.

The government wants to cut funding to universities and deregulate fees, making higher education more expensive for more students. I'm committed to fighting so that all students can receive the best education, regardless of their background or postcode.

We've also seen threats to student welfare, with attacks on Centrelink, healthcare, and penalty rates. These are vital for students to afford their living costs.

As Welfare Officer of the SRC, I've been involved in campaigns to protect students' rights: To fight for fully-funded higher education, protect penalty rates, and stop the restructure of degrees and faculties.

As NUS' NSW Disabilities Officer, I've been involved in campaigns to protect the Pensioner Education Supplement and against healthcare cuts.

The Stand Up team and I have worked with cross-campus groups to achieve amazing things for students, and in 2017 we want to continue the great work.

If elected we will:

STAND UP for safety on campus: Every student should feel safe at university regardless of race, gender, sexuality, or religious beliefs.

STAND UP for an SRC that listens: Broader consultation with students and faculty reps so we can focus on issues that really matter.

STAND UP for a serious approach to sexual assault on campus: A zero-tolerance policy with clear repercussions, accessible reporting procedures, and a dedicated sexual assault counselor.

STAND UP for student welfare: Increased mental health support and a welfare space with emergency food bank.

STAND UP against the restructure: Stop faculty mergers and degree streamlining. No staff job losses or four-year degrees.

STAND UP for Sydney College of the Arts: Reinstate the BVA and keep SCA at Callan Park. We need a guarantee that students will have access to vital facilities and resources.

STAND UP for a visible SRC: More SRC stalls and a publicity campaign so students know about the SRC services

STAND UP for fair education: no to \$100k degrees, yes to fully-funded higher education

If there's one thing I care about more than dogs, it's protecting the rights of students. So this election, vote for a passionate team with proven results:

VOTE [1] ISABELLA BROOK for PRESIDENT
VOTE [1] STAND UP for SRC
VOTE [1] STAND UP for NUS

B

Georgia Mantle
Arts

My name is Georgia Mantle and I am running to be President of your student union. I am a proud Indigenous woman who is passionate about fighting for the rights of all people. I am running for this role as an experienced, left-wing candidate devoted to making real and lasting change for students at the University of Sydney.

This year as the SRC's General Secretary I have passionately supported student activism, worked closely with the current President on the SRC's day-to-day management and pushed tirelessly for students' voices to be heard by the University.

Already we've seen the SRC successfully fight the merger of SCA with UNSW, expand our casework services to include tax help, launch a campaign against sexual harassment, and push for a fossil free University - but there is still more to be done. The SRC needs a strong President who will prioritise fighting for the rights of all students and holding University management to account, both at the pickets and in the boardroom. I will be dedicated to creating an activist SRC that fully funds student collectives on campus.

My policies include:

- Expanding our free casework and legal service, especially to address the urgent need for sexual assault-specific legal services on campus. I want to ensure language is not a barrier for international students when accessing SRC services by working with translators and getting resources translated.

- Creating a more open, engaging and inclusive SRC through Presidential drop-in times for more regular, face-to-face consultation between students and the President.

- Advocating to improve disability support services, particularly for better mental health support for students.

- Fighting for a more compassionate and flexible Special Consideration system that actively responds to student feedback when the University reviews how their policy and procedure actually affect students.

- Continuing the fight for better and more consistent access to lecture recordings.

- Lobbying the University for more flexible and accessible timetabling options.

- Engaging the University to create a broader scholarship program that includes scholarships for refugee students.

- Fighting for a safer campus where sexual assault and harassment are taken seriously, reforming policy with the University's sexual harassment working group and introducing specialised counselling students to victims of sexual violence.

I want the SRC to be on the forefront of the fight for quality free higher education, whether that's campaigning against the government's cuts to higher education and their continual push to deregulate fees or University management's plans to restructure our University.

This year, vote for a passionate activist and an experienced candidate who will lead the SRC with dedication and principle.

HONI SOIT EDITORS

A

Time for Honi

TIME for Honi thinks it's time to start over.

The Honi of now is so different from what Honi once was and what Honi could be. Australia's oldest student newspaper should be more than a ceaseless onslaught of moral and pseudo-intellectual elitism. (We enjoyed writing that.)

So here's our vision. It's about TIME.

For starters, TIME believes in an objective and open student newspaper that isn't out to get you. All opinions have a right to be heard and a duty to be questioned. As editors, we will publish comment and opinion pieces that are the product of passion, not indignation. Key to this is our desire to print the good ideas of everybody, rather than the bad ideas of some—this is what must change.

It's TIME to end the bullshit filtering of ideas and the culture of outrage that governs so much of student journalism at present. All views on all issues should be asked; they should be aired; they should be challenged. 'This is what you came for'—it's not just the name of a song, it speaks to what our University should be—a place where ideas are debated furiously, applauded loudly, laughed at heartily. Sick of the unveiled bias, the tired repetition, the constant outrage? Then it's TIME to vote for a better Honi, an Honi you can write for, read and actually enjoy.

TIME is determined to end the current Honi clique whose readership and writership are practically the same. Our ticket draws on members from a wide variety of faculties, and will actively seek and promote writers and reporters from every corner and campus of the University. Specifically, the TIME editorial team includes editors from Engineering, Science and Economics, as part of our commitment to ending the chronic under-representation of those disciplines in Honi reporting.

TIME will publish experiences and issues that extend beyond campus boundaries. University students don't just go to Uni—they live in the world. This means we will publish stories that you actually care about. Say hello to features and opinion pieces on current affairs and politics: less articles on yoghurt, more articles on USyd science breakthroughs or, you know... anything that matters.

It's TIME for a FUN student newspaper. Honi may be a joke, but its jokes aren't funny. We are fun—we're not fuckwits. It's a winning formula. Two of us do regular sketch shows. Sometimes life is serious; sometimes it isn't. We're all for having a laugh about ourselves, our uni and the world, and while we take Honi seriously, we don't take ourselves seriously.

Lastly, it's TIME for a positive Honi.

Sorry guys, the relentless outrage and negativity is pretty dispiriting. Sydney Uni, like any institution, has big problems and we are determined to tell the stories of all those who are struggling. But there's a lot of great stuff happening at uni—we'll talk about that too.

It's TIME for a friendlier, funnier newspaper.

Vote [1] TIME for an Honi that doesn't hate you.

B

Wet for Honi

WET is a whirlpool of writers, comedians, and artists. We've got our flippers out, goggles on, and we're ready to take the plunge.

WET DREAMS

WET will turn wet dreams into reality by supporting first-time contributors and minority groups.

Floating every idea:

We'll host weekly pitch meetings for reporters to float their ideas and test the waters. WET knows the best content is made with real-time feedback, so we'll pass the freshest catches to our contributors to help hone their concepts.

Swimming to every shore:

We have a dedicated SCA editor who'll foster new talent and showcase art in the paper. We'll set up liaisons for satellite campuses from Cumbo to the Con, and communities like international students to ensure everyone gets a voice.

Themes to whet your appetite:

Pitching can feel like diving into the deep end, so we'll give you optional weekly themes to get your creativity gushing.

WET & WILD

WET will run wild with news coverage. If there's something in the water, we'll know. If the uni's doing something fishy, we'll catch them out.

Stories that make a splash:

Honi is a weekly publication that needs to keep up with the 24-hour news cycle. We'll bring you Periscopes and live tweets and put breaking news online as it happens. We'll blow mainstream papers out of the water and beat them to the finish line in covering uni news.

A paper that dives deeper:

We'll follow online news coverage with deeper analysis and different perspectives in the following week's paper; you can be sure we'll never water down a story.

WET PAINT

WET wants art to take a leading role in the paper – not just accompanying writing, but as content itself.

Pooling our resources:

Our university is home to so many designers, photographers, musicians and creatives. We'll showcase campus talents on paper and online to savour every drop students have to offer. WET will profile campus artists and flood our paper with coverage for every student show, exhibition or gig.

Let loose at our (pool) parties!

Quench your thirst for culture at our "Honi Presents..." nights, where you can immerse yourself in a curated selection of student art and performance, with campus bands and DJs providing the soundtrack.

WET YOURSELF

WET promises a paper that's so funny and fresh you'll wet yourself.

Juicy comedy:

Comedy and satire shouldn't be restricted to the last two pages of the paper. We'll have content that'll have you in tears throughout Honi and across multimedia channels. We'll deliver stories drenched in wit.

We're not afraid to get soaked:

We'll break down the floodgates of traditional reporting with photo essays and creative pieces. Our content will be diverse in style, genre, and perspective, and we don't dilute our reporters' individuality. We'll partner with other campus media and the performing arts to deliver sea-parting audiovisual and digital content.

For a slick, scintillating paper that somersaults into student life:

Get WET for HONI on September 20th, 21st, and 22nd!

HONI SOIT EDITORS

C

Sin for Honi

Student journalism is about speaking truth to power, and that’s the most pleasurable sin of all.

It’s only natural to give in to temptation, and just like the apple in the Garden of Eden, we’re crisp, alluring, and bursting with forbidden knowledge.

1. SIN will unleash its WRATH on University management.

Regurgitating University press releases for the sake of false objectivity is the kind of sacrilege we’ll never support. We’ll champion the fight against university corporatisation, using our platform to relentlessly pursue stories on sexual harassment and assault, racism, and queerphobia on and around campus. We answer to nobody but you, so we won’t be breaking bread with Spence any time soon.

2. SIN will take PRIDE in marginalised and international students’ voices.

Sin doesn’t discriminate. We have an international student editor to entice more student voices to the paper. We’ll seek out students on their own terms, whether that’s on Weibo, WeChat or Line. We’ll be there to find fresh reporters, translate articles of interest and hand over a new Honi to a new audience. We’ll provide an edition written entirely by international students. We’ll always respect collectives’ autonomy, maintain the gender quota for comedy articles, and ensure over half of editorial content isn’t written by cis, straight, white men.

3. SIN will make you LUST for Honi over and over again.

We’ll tempt students to bite into every edition of Honi. With a specialist editor from the Sydney College of the Arts, we’ll create a seductive paper which showcases student art to arouse, entice, and satisfy you. Think photo essays, incisive political art, and, to whet your appetite, we’ll be reviewing students’ exhibitions on and around our campuses.

4. SIN will be the ENVY of our competitors.

We are not the Sydney Morning Herald, and we won’t pretend to be. We’ll hop into bed with stories that others would renounce in a heartbeat. We’re not just in it for the clickbait, we celebrate every niche of campus life: no matter how off-centre your pitch, we’ll find a place for it. We’re a broad church, and we’ll make sure your sins reach the masses.

5. SIN will celebrate the SLOTH in you.

We’ll make you think, but we also want to let you kick back and enjoy your guilty pleasures. We don’t mind what you do with your Honi, as long as it’s satisfying. Feel free to chew over meaty articles and stupol scandals, then binge drink our delicious culture pieces. We’ll be an accessible paper, knocking down the holier-than-thou ivory tower and

building a paper for every student.

6. SIN will embrace GREED. Sin is insatiable – we crave your ideas, and we want to get up close and personal with you to stimulate your creativity. Our pitching process will offer additional face-to-face meetings with editors and artists.

7. SIN will revel in your GLUTTONY.

And we’ll leave you wanting more.

GIVE IN TO SIN on the 21st and 22nd of September.

Don't Vote For Me

Unlike all the other d*ckheads running this stupol season, I don't pretend to believe that a vote for me will change your USyd experience in any way.

Thus, I don't have any policies.

What I am running on is cleaning up USyd elections.

- I will not:
- shove my leaflets in your face on your daily commute to Uni
 - walk you into a polling booth and harass you to vote for me
 - leave my A-frames all over campus for you to trip on
 - have one of my stooges stand up and give a speech in front of your next lecture

- I will:
- sit in the middle of Eastern Avenue with a deck chair, umbrella, and a beer for you to say hello
 - be the least annoying candidate on campus

Vote Nihilism. Vote Apathy.

Don't vote for me.

Manning Jeffrey
Science

The least annoying candidate on campus, 2016 -

Ignite for NUS

NUS is the peak body representing students in Australia, with large amounts of funds coming from organisations such as our SRC, this is why it's important to have elected representatives that support you and ensure that your money isn't being wasted. We're a group of students from a wide range of degrees, clubs, and activities across campus. Our combined experience will help ensure that we have the skills to take your concerns to the national stage. We will ensure that the NUS continues their lobbying campaign to remove Parallel Import Restrictions on books, which push up the cost of your textbooks. We will ensure a more consultative nature occurs with University of Sydney students, rather than representing the interest of the few of those that engage in the political process. We will ensure oversight of the national organisation is taken more seriously to avoid budget blow outs, and ensure that your student money is being targeted effectively. Left Action for NUS

Vote [1] Left Action for NUS
Vote [1] Left Action for Free Education for SRC
Vote [1] Georgia for President

Students have only ever beat back attacks and won victories by standing up collectively to those in power. Faced with attacks by university management and the federal government, the Sydney Uni SRC and the National Union of Students need to be fighting bodies which mobilise students to defend higher education and stand up against all forms of injustice and oppression.

In 2014, we were some of the student activists evicted from the ABC studios for protesting against then-education minister Christopher Pyne on Q&A. Over the last few years, we've been part of organising the campaigns against federal cuts to higher education, including the Labor party's \$2.3billion dollars in cuts in 2013 and the Liberal's plans to deregulate university fees and introduce \$100,000 degrees. I've also been active in the campaign against the restructure of Sydney university and against the closure of the Sydney College of the Arts. We're active members of the USYD Education Action Group and the NSW Education Organising group.

It's the duty of every student unionist to stand up not only for student rights, but against racism, Islamophobia and all forms of oppression. We've been heavily involved in the fight for refugee rights and demanding an end to Liberal and Labor's cruel practice of mandatory detention. In 2015, we were some of the main organisers of the Sydney counter-protests to stand up to Reclaim Australia and Islamophobia, and more recently we organised a snap demonstration against Pauline Hanson's appearance on Q&A. We've also passionate about the campaigns for Marriage Equality and in support of Palestinian human rights. Earlier this year, we helped initiate the ""We stand with Roz Ward"" campaign which was successful in defending the co-founder of the Safe Schools program designed to promote LGBTI inclusivity in schools.

Faced with serious attacks on our education and intensifying racism and Islamophobia, we need an SRC and National Union of Students which

NATIONAL UNION OF STUDENTS

will stand up, mobilise students and fight for our rights against university management and whichever party is in government. That's why we're running with LEFT ACTION FOR SRC AND NUS

Power for NUS

Vote [1] Power for NUS
Vote [1] Left Action Against Racism for SRC
Vote [1] Georgia for President

Power for NUS is committed to building an activist union to defend student rights and take up social justice issues.

The Liberals are coming for our education, with plans to deregulate, raise fees and cut welfare, only a movement on the streets can stop these attacks. We were part of the campaign which defeated fee deregulation last time and we can do it again with a student union dedicated to fighting the politicians not becoming them.

We also want a national union that takes up broader left-wing issues. Our activists in the national union have led the struggle for marriage equality, for refugee rights and to oppose racism. This year we'll be building a nationwide movement to oppose Pauline Hanson, we'll be making a push for marriage equality and taking a stand against the disgusting bipartisan support for locking up refugees.

Vote Power for NUS for a social justice student union.

Stand Up for NUS

The National Union of Students (NUS) is the peak representative body for over 1.3 million undergraduate university students in Australia. Elect STAND UP for NUS to represent you at this year's NUS National Conference.

We will support progressive candidates for national office and push a progressive policy agenda to keep our national union strong.

CUTTING COURSE COSTS – Essential upfront costs like textbooks and lab coats should be covered by your

education payments. A vote for STAND UP for NUS is a vote to support a policy of letting you put course costs away on HECS.

STAND UP FOR STUDENT HOUSING – One of the most pressing concerns for students is the growing rent price in Sydney. The NUS Welfare department has fought hard to improve support services for students living out of home, a vote for STAND UP for NUS will keep this a priority within your national union.

KEEPING NUS AFLOAT: STAND UP for CAMPUS AFFILIATION – NUS relies almost solely on campus affiliation for it to survive. STAND UP for NUS is committed to maintain NUS's financial strategies of expanding our reserves through fixed term deposits, running budget surpluses and seeking out additional sources of revenue.

STUDENT UNIONISM – STAND UP for NUS will continue to support the Student Services and Amenities Fee (SSAF) and push for increased university funding for essential student services such as student representation and student support. A vote for STAND UP for NUS is a vote to keep the SSAF.

STAND UP FOR EDUCATION FUNDING – The STAND UP team is committed to fighting any cuts to higher education, regardless of whatever party is in government. Education is a right not a privilege, NUS needs to continue the fight to increase funding for higher education, roll back any and all cuts, and keep student services in student hands.

ACCOUNTABILITY AND TRANSPARENCY – The STAND UP team is committed to keeping NUS accountable and transparent, promoting policies of good governance and open decision making, and increased input and consultation of the wider student body. STAND UP supports NUS's campaigns being done with consultation of the student community.

SUPPORT INDUSTRIAL RIGHTS FOR STUDENTS – NUS is your union and should continue its strong relationship with the union movement to promote and encourage university students to take advantage of their industrial rights. We need to end the unfair treatment of student workers, abolish youth wages and put an end to unpaid internships.

STAND UP FOR INTERNATIONAL STUDENTS - Higher education is one of Australia's strongest imports, international students make up a significant number of our university community and NUS needs to continue the fight to improve their rights. International students need a national concession card recognised in all states and territories, and improve awareness amongst international students around their rights to education and to tendency.

STAND UP FOR WOMEN AT NUS - The STAND UP team will continue NUS's strong history of feminist action and continue campaigns to support safe spaces on campuses for women identifying students, supporting and

promoting NUS's Bluestocking week and the "Talk about it" survey, and support for pro- choice organisations.

FIGHTING FOR QUEER RIGHTS AT NUS – The NUS Queer department is incredibly active and the STAND UP team is committed to supporting NUS and its campaigns to improve the lives of queer identifying students across Australia and fully supports the autonomy of the NUS Queer department. A vote for STAND UP for NUS is a vote to support safe spaces on campus, marriage equality, the International Day Against Homophobia and Transphobia and Pride Weeks across the country.

FIGHTING FOR ABORIGINAL AND TORRES STRAIT ISLANDER RIGHTS AT NUS - A vote for STAND UP for NUS is a vote to continue NUS's strong engagement of ATSI students on campus and fighting for their rights. STAND UP supports continuing and improving ABSTUDY, keeping up the fight for funding of the Koori Centre and increasing and improving the network of ATSI student office bearers across Australian campuses.

SUPPORT FOR DIVERSITY AT NUS – NUS's Ethno-Cultural department promotes ethnic and cultural diversity on campuses, STAND UP will continue to support campaigns for multiculturalism, and campaigns against racism on campus.

Liberal

END THE WASTE. VOTE LIBERAL.

- Scrap the Student Services and Amenities Fee (SSAF). Labor's tax on students cost you \$290, this year alone.

- Disaffiliate Sydney University from the National Union of Students. This year, the SRC paid \$91,000 to send student politicians on an interstate holiday. These funds could have been directed towards the vital legal casework and counselling services which the SRC provides.

- Cheaper textbooks. We will lobby the Federal Government (using our money, not yours) to repeal Parallel Import Restrictions (PIRs).

- Champion free speech on campus and at your Student Council. Every voice should be heard.

- Dramatically cut funding to 'collectives'. Tens of thousands of student dollars are spent on exclusive collectives. These collectives need a financial incentive to be more inclusive, and more accountable to Sydney students.

End the waste. Vote Liberal.

Power for Free Education

Vote Power for Free Education for an activist union committed to education for all, not just the rich.

The National Union of Students is the highest representative body for students across Australia. Its role is to campaign around issues that affect and interest students, from free and accessible education to broader social issues like women's liberation and refugee rights.

Unfortunately, the campaign role of NUS is often undermined by members of the Labor party who make up the vast majority of its leadership.

Our candidates are all independent to all major political parties, and we recognise that NUS needs to be ready to fight and campaign against the government's attacks - be it Labor or Liberal. We have been involved and leading in a diverse range of campaigns this year, including of course the campaign against deregulation, but also the campaign to stop Pauline Hanson and other racists like 'Reclaim Australia' and to overturn the ban on marriage equality.

We want to build a student movement with a focus on student activism and mass campaigns, not lobbying and junkets with Bill Shorten and other ALP hacks. Vote Power for Free Education for an activist union.

Justice for Palestine

The fundamental rights of the Palestinian people have been denied for decades. Today, some 11 million Palestinians remain stateless, and those that remain in the occupied territories have their basic freedoms violated on a regular basis.

We have a moral imperative to speak out against the violations of human rights in occupied Palestine. Important battles in the South African anti-apartheid movement were fought and won on university campuses around the world.

We will:

(1) pressure the Students' Representative Council into taking a more active role to support the Palestine solidarity movement, such as calling on the University to establish collaborative relationships and exchange programs with Palestinian universities.

(2) lobby the University to divest from organisations that are complicit in the military occupation of Palestine, in line with the Palestinian civil society call to apply punitive boycott, divestment, and sanction measures to Israel until it complies with international law.

(3) stand in solidarity with the struggles of all indigenous peoples of the world, including the Indigenous peoples of Australia, and advocate for their empowerment.

(4) oppose racism in all forms, and work collaboratively with campus groups to combat anti-Arab, Islamophobic, and anti-Semitic prejudice.

Long Live Palestine!

Power for Equity

Vote [1] GEORGIA FOR PRESIDENT

Vote [1] POWER FOR EQUITY

Vote [1] POWER FOR NUS

POWER is a team of left wing, activist students who have the experience and passion to lead a fighting and inclusive SRC for students, by students. POWER will advocate for your interests against University management, reinvigorate student services and lead grassroots activist campaigns.

We live in a world dominated by distributive injustice and oppression along many axes of intersecting inequity. A world whose history is marked by the plunder and violence of the powerful, be they the white settler, the male, or the capitalist. Where the facts that constrain our future have been written in blood-dimmed ink to reflect the whims of the dominant. POWER for Equity will resist this system, whether it manifests in the indifference of parliament house, the avarice of the stock exchange, or the shadows of academia.

We will fight to expand and promote SRC services. The SRC provides crucial resources to students, particularly those experiencing serious financial instability. While in support of existing measures, we recognise the limitations imposed by a funding regime that prioritises sport over support. POWER for Equity hopes to address this egregious misallocation and, in the process, increase outlay for crucial services like financial advice, legal consultation, and - most importantly - bursaries. Beyond this, we want the SRC to run workshops that educate students and the community about interactions with police, campus security, and transit officers, as well as employment and tenancy rights.

We will advocate for low socioeconomic students, agitating for more affordable housing, including a cap on rent prices. We will seek to expand the provision of equity scholarships, lobbying university management to prioritise disadvantage over aptitude in all cases. We will take care to make university life more accessible for all, particularly those who travel long distances or strike a balance with other commitments. POWER for Equity will push for greater employment opportunities both within and without the university, fighting against age discrimination in wages and conditions.

We will ensure that the voices of international students are heard loud and clear. University management, and indeed many students, treat international students in a deplorable manner, a fact compounded by their historical exclusion from 'student advocacy'. POWER for Equity will push university management to improve conditions for international students, particularly through more fairer fees, more affordable, safer living spaces, increased mental health outreach programs, and greater language support. We will move motions to introduce

affirmative action for international students on both the SRC and in other areas of campus life.

We will mobilise to secure and expand resources for Collectives, ensuring that the rights and safety of the oppressed are protected on campus. We will amplify their voices, continuing the fight against pervasive structures and norms that undermine their student experience. POWER for Equity will ramp up pressure on management to combat sexual assault on campus, support efforts to make spaces - particularly bathrooms - safer for trans- and non-binary students, and aggressively confront racism, sexism, ableism, and queerphobia. We will utilise the Collectives as part of a broader activist network, with special emphasis on direct action.

We recognise that the SRC gathers on stolen land. We acknowledge our own complicity in the historical and ongoing oppression of Indigenous people, and note that we continue to benefit from this genocidal, illegitimate colonial regime. POWER for Equity will always prioritise Indigenous voices and will increase support for Indigenous collectives on campus, prioritise Indigenous students in SRC bursary allocations, and give Indigenous students precedence in applications for SRC emergency accommodation.

Importantly, however, we recognise that the fight neither begins nor ends on campus. With the SRC, or without it, we will set to the task of dismantling the system by whatever means necessary.

POWER for Equity wants a university that celebrates diversity while providing all students with the resources, space, and safety they need to achieve their idea of a good life.

Vote [1] GEORGIA FOR PRESIDENT, for a President who isn't afraid of University Management. Vote [1] POWER FOR EQUITY, for an SRC fights to improve the lives of the most vulnerable in our society. Vote [1] POWER FOR NUS, for a National Union who fights for Student Rights and Social Justice.

Harambe for SRC

Hi there Harambros and Harambaes. As you all know the death of our Blessed Swag Lord HARAMBE has only highlighted the need for the greater visibility of his followers. Harambe for SRC will move to ensure that USYD's campus is Gorilla friendly and a safe space for all Harambaes and Harambros.

HARAMBE FOR SRC will spread the gospel of Harambe and sow seeds of Lord Harambe's holy vengeance upon overzealous Zoo Keepers.

HARAMBE FOR SRC will push for the construction of a totally hektic breakfast banana bar

HARAMBE FOR SRC will organise weekly Gorilla Raves complete with Gorilla costumes, bananas and piles of monkey shit.

HARAMBE FOR SRC will push for Uni bros to be renamed 'Harambros' (while remaining fully HALAL)

HARAMBE FOR SRC will implement the creation of a meme bank for those lacking meme spice in their life.

HARAMBE FOR SRC will push for courtyard to be less bougie and serve all of the great apes, not just humans.

HARAMBE FOR SRC will push for those damn lecture STUPOL Hacks to stay the hell out of PNR lecture rooms or face Harambe's holy rage.

Vote 1 for HARAMBE FOR SRC

D

Ignite for Law

INCLUSIVE, INDEPENDENT REPRESENTATION ON THE SRC
Ignite for Law is committed to an SRC that works completely for the interests of students. The SRC needs to be receptive and relatable to the concerns and demands of students, all throughout the year. Our team will pursue an independent, collaborative representation on the SRC that will be inclusive to students. We need independence in our representatives on campus so that the SRC is accountable to students. Law students are all too aware of the aimless politicking that we don't need in representatives. Ignite for Law will act on issues that affect students so that SRC can get the job done.

EXPANDING ACADEMIC SUPPORT AND RESOURCES
Ignite for Law will push for policies that expand the support environment to meet your pursuits in degrees and the flexibility you demand outside of it. Academic support should be accessible for everyone, and your work, schedule or commitments should never disqualify you from those opportunities. We will fight for;
- All lecture recordings online, on time: Some faculties still don't put all their lectures online, and sometimes individual lecturers refuse to do so. We need all subjects to move into the 21st century, and that means all lectures need to be on Blackboard. They also need to be uploaded on time, within 2 days of the lecture date.
- Expand optional workshops and PASS access: Regardless of your subject, you should have the choice of accessing free study workshops and peer assisted learning support. Law and Commerce students have known how much of a benefit PASS sessions can have. We will push for free PASS workshops for every faculty. For students that already have PASS, there should never be only one day where sessions are offered.

SPECIAL CONSIDERATIONS REFORM
The special considerations regime needs to be reviewed and changed so that it stops punishing students who try to seek relief from it. The bureaucracy and inflexibility of the online application process makes it inaccessible for those who need special considerations most. Inconsistent assignment submission requirements make this worse.
- Flexible assignment submissions: There should be no more 9am/12pm/4pm inconsistencies in assignment deadlines

that make lives harder. The submissions process should be flexible and streamlined. For instance, coming to university just to hand in a law essay that can be uploaded online should be a thing of the past. We will push for faculties to create streamlined guides for reform.
- Create a special considerations hotline: The special considerations application online is too bureaucratic for students facing urgent, emergency situations. The number currently used for support is the general USYD number, shared for high school enquiries and admin. That's not good enough, we need a dedicated hotline.
- Efficient special considerations decisions: Ignite for Law wants the special considerations system to be reviewed so it can be more efficient. It should never take weeks to grant or reject a special considerations application. There needs to be clear decision deadlines and a follow up through the hotline.

FUNDING AND PROMOTING SRC LEGAL SERVICES
SRC provides free legal services to students and have solicitors on campus for support. Ignite for Law knows how valuable these legal services are and will push for more funding to get the extra free services and dedicated solicitors to support students on issues from sexual assault to immigration. Our team will also collaborate between SRC Legal and students to promote it for students who need it the most. We will also work to increase engagement, volunteering and opportunities for law students with the SRC legal services.

MENTORING AND CAREER PROGRAMS
Ignite for Law believes that peer to peer mentoring and professional career pathways can have a huge impact on students. We want stronger, sustained mentoring opportunities from the moment students enter from high school, switch degrees or transfer between universities. Career building opportunities and programs should be supported by the SRC and the university as much as possible. We will work to integrate services like the Careers Hub into university life so it's accessible for everyone.

Let SCA Stay!

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] LET SCA STAY
Vote [1] POWER FOR NUS

Let SCA Stay is a ticket of activist SCA students who have been involved in organising the Let SCA Stay campaign. After being informed the SCA campus would be closed and all students moved to UNSW Art and Design a huge grassroots community campaign caused the university to halt the proposed move. However, SCA remains under threat, with management planning to close the Rozelle campus and move students to main campus with a drastically reduced offering. The students of Sydney College of the Arts, staff and community oppose the divestment of visual arts education at the University of Sydney and the closure of Sydney College of the Arts.

We demand that:
-SCA staff STAY
-Our facilities STAY
-Our course outlines/resolutions STAY
-Our studio based practice model to STAY

If elected we will fight to see the LET SCA STAY campaign properly funded by the SRC so these demands can be met. We want to see the Intercampus department properly funded so SCA students will have the autonomy to run the campaign themselves. We will also advocate that the needs and interests of SCA remain a key focus of the Office Bearers and President of the SRC, with all negotiations to include consultation with and representation where possible from SCA students.

Ignite for Economics

We're a team of economics students dedicated to ensuring that economics students have representation on the SRC. With the unique course structure and as the forgotten child of the arts faculty we need to ensure that there is voice representing those in the pursuit of economics related degrees.
We will push to ensure the Wolstenholme Study Centre remains open only to Economics Students as it ensures that there is a place where we can always find a place to study.
We will ensure that the SRC runs a balanced budget and responsibly uses student funds, this includes looking at the function of the SRC Second Hand bookshop as it is a continued liability for the SRC and the USU has begun to operate an online second hand book service.

We will ensure that the SRC works with NUS and other organisations to lobby for the removal of parallel import restrictions on books, which results in higher prices for our textbooks than we could get through increased international trade.
We will lobby university management to ensure that we get new guaranteed study spaces during the Merewether redevelopment, including pushing for spaces in the ABS Building.
We want to see more options for double degrees with economics as currently the only option is Arts/Economics. We want to see this branched out to further degree choices.

Power For SRC

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR SRC
Vote [1] POWER FOR NUS

POWER is a team of left wing, activist students who have the experience and passion to lead a fighting and inclusive SRC for students, by students. POWER will advocate for your interests against University management, reinvigorate student services and lead grassroots activist campaigns.

THE FIGHT FOR A QUALITY EDUCATION

POWER is committed to ensuring that you get the best out of your educational experience at USYD and continuing to fight for free education, which we believe every person is entitled to. We are opposed to fee deregulation and the profit driven corporatisation of universities that is seen all over the country, but especially here at USYD with the proposed restructure. Furthermore, we are dedicated to continuing the fight for a better Special Considerations and Disability Services system that aids students when they need support rather than making it difficult for them to continue their studies.

INCLUSIVE PARTICIPATION IN YOUR SRC

We want a council that is welcoming for everyone in the student body, not just hacks - starting at a grassroots level. Our goal is to create an SRC where everyone can contribute and be included in the decision making process and can contribute to the running of the University. We want students to know what the SRC is and to feel confident in using the services it provides. This will be done by establishing drop in sessions for the President where any student can come in a speak to their representatives. POWER will continue to be an all-inclusive decision-making body and, if elected to council, will make sure that students are included in the processes that affect their university experience. This will be done by having our student collectives more involved in the interactions between management and students. The POWER team with encourage Office Bearers and Collective members to be more involved in the interactions with University management.

AWARENESS AND RECOGNITION

POWER wants to ensure that our SRC is an lively activist space which caters and supports every student. POWER will create awareness and recognise the broad range of issues facing people in our community such as, racism, queerphobia, sexism, ableism and classism. POWER is committed to creating a University that is inclusive of all people by ensuring that autonomous collectives are fully funded and supported in their campaigns and activities.

A SUSTAINABLE CAMPUS AND GRASSROOTS ACTIVISM

POWER has been heavily involved in creating a sustainable campus and community through our involvement in on and off campus Environment movements and activism. We will continue to fight to improve the sustainability of our campus. We strictly oppose coal seam gas and mining industries which benefit the global elite at the expense of the world's Indigenous peoples and the poor. We understand dependance on fossil fuel as the cause of an ongoing ecological catastrophe, and wish to work within and outside the university to create a rational and humane future.

POWER commits to:

- Continuing to fight fee deregulation, proposed cuts to higher education and campaigning for free, fair and funded education.
- Facilitate greater Councillor and Office Bearer participation in meetings with the University management and on committees such as Academic Board and Student Consultative Committee.
- Building collectives on campus to make the SRC a participatory body that involves everyone, not just a student council by providing a space that is inclusive and accessible.
- Fully funding autonomous collectives such as Wom*ns, Queer, Autonomous Collective Against Racism and Disabilities and Carers so they can continue their important work.
- Recognising and fighting to address the problems caused by racism, sexism, ableism, classism and queerphobia on

campus and within our community.
- Collaborating with International Student communities to ensure adequate representation of issues affecting International Students.
-Ensuring that students have access to University decisions and policy regarding student affairs in easy to understand language
-Set consultation hours for the President so students can have their voices heard in a one on one setting.

Vote [1] GEORGIA FOR PRESIDENT for a dedicated president

Vote [1] POWER FOR SRC for a active and effective SRC

Vote [1] POWER FOR NUS for a National Union who fights for Student Rights and Social Justice.

Make USYD Great Again

BUILD A WALL AROUND USYD
For too long USYD has been bombard-ed by transfer students from across the Broadway border from UTS. We will BUILD A WALL around USYD to keep all students on campus safe and we will MAKE UTS PAY for the wall.

TROT DATABASE
All USYD trots should be tracked by campus authorities. We will implement a TROT DATABASE to protect students from attacks on Eastern Avenue

DEFEAT DEATH CULT ISIS
The University of Sydney SRC is yet to pass a motion calling for the defeat of

DEATH CULT ISIS. This must change. We will defeat DEATH CULT ISIS.

CUTTING RED TAPE
We will ABOLISH SRC departments that are inactive or useless. You should not be TAXED to provide munchies for a bunch of unwashed arts students having a meeting in the basement of the Went-worth Building. This money should be used on things like free donuts on East-ern Ave or god forbid an actual breakfast bar.

USYD SECESSION
As a result of Australia's abysmal per-formance at the Rio Oympics, we will force USYD to secede from the rest of the country as an Olympic nation. You already fund enough USYD athletes by having an exorbitant amount of your SSAF distributed to SUSE, so you should benefit from that directly by feeling the prestige of the blue and gold lion com-peting on the international stage.

FREE TOUPEE'S ON CAMPUS
This one is self-explanatory. Together, we can MAKE USYD GREAT AGAIN.

Ignite

We're a team of students from a broad background that are committed to ensuring representation for all students in the SRC. We will push for greater rep-resentation and student access to SRC resources. We will ensure that the SRC runs a balanced budget and responsibly uses student funds, this includes looking at the function of the SRC Second Hand bookshop as it is a continued liability for the SRC and the USU has begun to oper-ate an online second hand book service. We will ensure that the SRC works with NUS and other organisations to lob-by for the removal of parallel import restrictions on books, which results in higher prices for our textbooks than we could get through increased interna-

tional trade. We support the freedom of any student to be able to identify with any religion without fear of persecution because of their beliefs.We will lobby the university to increase the amount of counselling sessions available under the university's counselling and psycho-logical services, the current five sessions results in the inability for a counsellor to get to know a student before having to refer them on.

Above all we will ensure that we look after the interests of the entire student body at USYD.

L

Liberal

END THE WASTE. VOTE LIBERAL.

- Scrap the Student Services and Amen-ities Fee (SSAF). Labor's tax on students cost you \$290, this year alone.

- Disaffiliate Sydney University from the National Union of Students. This year, the SRC paid \$91,000 to send student politicians on an interstate holiday. These funds could have been directed towards the vital legal casework and counselling services which the SRC provides.

- Cheaper textbooks. We will lobby the Federal Government (using our mon-ey, not yours) to repeal Parallel Import Restrictions (PIRs).

- Champion free speech on campus and at your Student Council. Every voice should be heard.

- Dramatically cut funding to 'collec-tives'. Tens of thousands of student dollars are spent on exclusive collec-tives. These collectives need a financial incentive to be more inclusive, and more accountable to Sydney students.

End the waste. Vote Liberal.

Team Cumbo for SRC

On the 21st and 22nd of September (from 11:00-3:00pm at Cumbo)

VOTE [1] Team Cumbo for SRC

Hi Cumbo! We're a group of first and second year Cumbo locals who are run-ning to be your representatives on the Students' Representative Council, better (or barely) known as the SRC.

The SRC is one of the most powerful ways we can make our concerns heard, and is also responsible for the use of over one million dollars of our money, including some of the \$290 we all paid at the start of the year.

Considering that, it should only be fair that some of us Cumbo kids should be on the SRC to see that money actually benefit us in some ways.

Two years ago, a few Cumbo locals were

able to get onto the SRC and make some changes, including a late night security bus, but, as always, there is still more to be done.
What we want to do includes:

- Fixing up the frequency and consist-ency of the M92 bus: we all know how annoying it is to see the M92 be late, full, or even non- existent after coming out from a 3pm lecture or going to an 8am tute. We need Cumbo kids on SRC to talk to those in power (like Government) to
- Improving the 'social life' and 'clubs' at Cumbo: we know ESSSA and the ECU, among others, are great, but even they know the vibrancy of uni life is lacking at Cumbo. We need Cumbo kids on SRC to talk to those in power and make it more affordable (discounts etc.) to participate in main campus activities, or bring more activities to Cumbo.
- Improving accessibility to student ser-vices: caseworkers, academic assistance and legal assistance are only available at Cumbo by appointment. Sometimes we Cumbo kids aren't even aware of the existence of these services, which are readily available on main campus. Nei-ther is a doctor, which is surprising given we are the Faculty of HEALTH Sciences.
- Help fight for concession cards for international students, considering the large number of international students in the FHS rightfully see this as a burden and a problem.
- Provide representation for Cumbo's transition to Main Campus: there is cur-rently no representation of Cumbo on the SRC to assist with its eventual move to main campus and the effects it will have on student services and social life, so Cumbo kids should be on the SRC to assist in the eventual move.
- Improve the visibility and relevance of the SRC: most Cumbo kids don't know the SRC exists and vice versa. Adding to this, the Intercampus Officers, who are supposed to be intercampus students and raise the issues of satellite campus students, are actually main campus stu-dents at present and are non-existent to Cumbo kids. Considering the SRC takes our money there should be representa-tion of FHS students on such an impor-tant body for us.

As was said two years ago,
It's our SRC too.

Stand Up for Student Rights

STAND UP! and Fight the Restructure
The University continues to advocate for its restructure policy, which would see a streamlining of degrees and the cutting of the number of degrees available to students from 120 to 20. This is a policy that seeks to push students into post-graduate study and even more expensive HECS debt. The University's attacks on the SCA highlight that this policy remains in play. We will work to ensure that the University remains a place of education, not a cash-grabbing degree mill. STAND UP to fight for the protection of at-risk faculties and their staff, and to ensure the University drops its streamlining agenda and keeps the SCA open.

STAND UP! for Fair Assessments
We think it's unfair that there is such a disparity between faculty assessment

policies. It is unfair for students to be hit with a 20% late penalty in one faculty and 2% in another, while other students face constantly changing penalty rates between assessments and courses. It's also unfair that the University fails to recognise the difficulty of balancing workloads and external pressures as grounds for special consideration. STAND UP for the creation of a standardised penalty system to ensure that all students are hit with the same penalty rate for their late submission, regardless of their faculty. STAND UP will ensure that the University recognises the stress put on students in balancing work and study as grounds for special consideration.

STAND UP! for Lecture Recordings
Lectures are vital for our education. It makes no sense and is unfair for UoS Coordinators to 'opt-out' of lecture recordings, particularly on the grounds of ensuring student attendance. This policy disadvantageous students that are unwell or have to balance study with full-time work loads. STAND UP for compulsory lecture recordings, which are to be made available on a unit's LMS Blackboard site. The full lecture slides or notes should also be made available to students. We want to ensure that all video and audio files of lecture recordings are made available for students to download through Echo Centre for offline revision.

STAND UP! for Travel Concessions
Travelling to and from Uni is essential for all students. However, we think that it's unfair that international students are not considered eligible for travel concessions. It's time that international students are stopped being treated like an income gold-mine. STAND UP for concession Opal Cards for international students, and to lobby the University to treat all students with the same respect.

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR RECOGNITION
Vote [1] POWER FOR NUS

POWER is a team of left wing, activist students who have the experience and passion to lead a fighting and inclusive SRC for students, by students. POWER will advocate for your interests against University management, reinvigorate student services and lead grassroots activist campaigns.

POWER FOR RECOGNITION
My name is Georgia Durmush and I am a proud Wailwan woman from the Gomeroi nation which is located in Warren a small town situated near Dubbo.

As an Aboriginal student representative I see my role to be crucial in providing the student voice and perspective in relation to creating a safer, culturally aware and respectful environment here at the University of Sydney. I see my role to be imperative in creating positive social change for us Indigenous students by pushing to improve the University of Sydney to be a culturally safe and inclusive space.

By introducing 24 hour free access to the Koori Centre students who are dedicated to their studies may need to use the facilities such as the computers and the printer. I would also like to improve the communication between students and the amazing programs the University of Sydney has to offer such as Compass, Career Trackers and AIME by seeing more emails or media approach. I would like to increase Indigenous representation in student leadership roles within the University and I would like to see more promotion of Indigenous culture to ALL students.

Vote [1] GEORGIA FOR PRESIDENT for a proud Indigenous leader
Vote [1] POWER FOR RECOGNITION to ensure First Nations People's voices are being heard

Free Parking!

There is something that unites all university students together. We are all lazy! Yet there is something that unites us even more strongly. We are all poor! Students, I have a solution for you to both of these problems:

FREE PARKING!

FREE PARKING will allow you to impress all your m8s with your sick ride. You will be able to pull up to members of the desired sex without it breaking your bank account balance. No longer will you have to choose between driving to university and walking for 3 hours. No longer will you be stuck next to a creepy dude on the bus.

FREE PARKING supports your right to go to university in comfort, luxury and style.

FREE PARKING supports the removal of Wentworth and the Chemistry Building to replace it with two new multi-storey car parks so we can all participate in an automobile Utopia together.

Q

Power for Refugee Rights

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR REFUGEE RIGHTS
Vote [1] POWER NUS FOR FREE EDUCATION

Australia's inhumane treatment of refugees is our greatest shame. The off-shore processing of people seeking asylum at Nauru and Manus Island has resulted in shocking Crimes Against Humanity. Sexual assault of women and children has been rampant, as well as high rates of suicide and self-harm, with almost 90% of detainees suffering from depression. 95% of children are unable to attend school due to bullying. Not only is Australia breaking its international obligations and treaties, but it is also directly contravening basic human rights.

POWER FOR REFUGEE RIGHTS is a staunchly left-wing ticket that will ensure that the conversation surrounding refugees and their rights is at the forefront of SRC activism in 2017.

POWER FOR REFUGEE RIGHTS will work to defeat the Turnbull government and call for the immediate resignation of Peter Dutton (Minister for Immigration and Border Protection) based on his cold-hearted violations of human rights.

POWER FOR REFUGEE RIGHTS believes that if Australia continues to treat people who come here seeking a better life like criminals it will become an international pariah, and this chapter of history will forever be looked upon with embarrassment and immense shame.

POWER FOR REFUGEE RIGHTS will fight for the university to formally denounce the Liberal and Labor Party's

cruel boat turnbacks and offshore processing policies. We will call on Sydney University Staff to boycott Unisuper, a super fund in partnership with Transfield Services, the infrastructure company that manages the detention centres on Nauru and Manus Islands.

POWER FOR REFUGEE RIGHTS will campaign to restore SRC funding to the Refugee Languages Program, which provides vital services to refugees and asylum seekers, including on-campus classes and home tutoring. And finally, we will seek to establish an accessible and publicised refugee scholarship program, separate from the Sydney Scholar's program.

POWER FOR REFUGEE RIGHTS will always put the Liberals last. The recently elected Turnbull government presents a clear threat to the rights of students, pensioners, workers, refugees, the queer community and immigrants. At all turns we must oppose Liberals in our SRC and in the broader Australian community.

Vote [1] GEORGIA FOR PRESIDENT.
For a left-wing President.
Vote [1] POWER FOR REFUGEE RIGHTS. For those who've come across the seas, we've boundless plains to share.
Vote [1] POWER NUS FOR FREE EDUCATION, for a National Union who fights for Student Rights and Social Justice.

Power for Mental Health

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR MENTAL HEALTH
Vote [1] POWER NUS FOR FREE EDUCATION

1 in 3 Young Australians (18-24) will experience mental health issues, with only 1 in 4 receiving treatment. The student population deserves accessible treatment and a voice to speak out against the stigma, and the SRC has the largest capacity to facilitate this.

1 Suicide occurs every 3 hours, yet Mental Health only receives 9% of federal health funding. Malcolm Turnbull's government has cut funding to Mental Health services by \$140 million; and Headspace has been told that their funding for early psychosis centres will lose 70% of their funding on July 1st next year. The Liberals consider Mental Health a “first term priority” with no indication for support in the future, and POWER FOR MENTAL HEALTH denounces both Malcolm Turnbull and the current Health Minister, Sussan Ley.

POWER FOR MENTAL HEALTH will lobby against the universities' changes to Simple Extensions. We will push for Simple Extensions to be extended to 3-5 working days across all departments. POWER FOR MENTAL HEALTH will advocate to centralise the Special Considerations system, to make it more accessible and user friendly for all students. We will push the university to make the system more humane and compassionate for all, including those suffering from Mental illnesses.

POWER FOR MENTAL HEALTH will fight for full university funding of CAPS (Counselling and Psychological Services), meaning that more services can be provided at a higher capacity and we will advocate for CAPS create drop in appointments.

POWER FOR MENTAL HEALTH will endeavour to create a Mental Health Officer position within the SRC to advocate for larger Mental Health recognition on campus. We propose the creation of a Mental Health Day, in collaboration with R U OK, to stand in solidarity with students suffering in silence.

POWER FOR MENTAL HEALTH will be actively involved in the creation of an ‘Open Door Policy’ with both the SRC President and other Officer Bearers. This enables the average student to become more engaged with the SRC. Students who are faced with a Mental Health crisis will thus be able to have access to advice from a variety of Office Bearers. POWER FOR MENTAL HEALTH is passionate

SRC REPRESENTATIVES

about removing the stigma around Mental Health. We will advocate for a variety of Awareness Programs with different organisations such as Headspace, the Black Dog Institute, BeyondBlue and the Butterfly Foundation.

POWER FOR MENTAL HEALTH will always put the Liberals last. The recently elected Turnbull government presents a clear threat to the rights of students, pensioners, workers, refugees, queer Australians and immigrants. At all turns we must oppose Liberals in our SRC and in the broader Australian community.

Vote [1] GEORGIA FOR PRESIDENT, for a candidate that understands mental health needs.
Vote [1] POWER FOR MENTAL HEALTH. Students deserve just treatment and an inclusive environment.
Vote [1] POWER NUS FOR FREE EDUCATION, for a National Union who fights for Student Rights and Social Justice.

Stand Up for Student Housing

Of the University of Sydney's 45,000 students, only 6,000 have access to Student

Housing, mainly in Residential Colleges. Thousands of Students are in over-priced, privately rented accommodation with leaky roofs. This is not a situation that is good enough. For those who are not locals, there is no option left but to choose between thousands of dollars in rent, or not attending university. This is a failure of the system.

STAND UP for LONG TERM LOANS.

The STAND UP team will work towards a LONG TERM LOANS SCHEME to help those in need. Currently, University loans must be paid of by the end of a course, and for many in our community, this is simply not possible when studying. STAND UP believes that if you are working several jobs and being forced to choose between study or work, then the university should provide LONG TERM, HECS STYLE loans. STAND UP believes that hard workers, regional and international students should not be put at a disadvantage because of where they come from, but rather, that the university should appropriately assist financially through a long term, zero interest educational accommodation loan for those in need.

STAND UP for AFFORDABLE OPTIONS.

STAND UP is aware that despite the University recently building 4,500 beds for accommodation, they are not accessible or affordable for the vast majority of students. The University has simply used them as a way to generate more profit. Money should not be a reason to not attend university, but due to a lack of affordable options, it is. STAND UP will fight for affordable options that are accessible, including a mandated percentage of student housing set aside for those of a lower, socio-economic, international and regional background set at a capped rate of \$150 rent per week.

STAND UP for REAL REPRESENTATION.

STAND UP believes that those in student housing are underrepresented and should have a seat at the table when it comes to dealing with management. Management must meet real people to understand the real issues present. STAND UP will work towards a permanent spot on the University's Investment and Capital Management committee to ensure that the voices of those in student housing are heard.

STAND UP for TEMPORARY ACCOMMODATION

STAND UP understands the many different situations that our student population can be in, whether crisis, or being newly arrived from the country or overseas. STAND UP will fight to provide temporary accommodation and emergency beds to those who need them most.

STAND UP FOR AN EQUITABLE SOLUTION.

STAND UP will provide equitable solutions to the very real problems facing Student Housing at USYD. STAND UP will approach all issues with the view of creating equitable solutions for all

involved. STAND UP will adopt a consultative approach, to listen and create real change in student housing.

Power for Free Education

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR FREE EDUCATION
Vote [1] POWER FOR FREE EDUCATION IN NUS

All students deserve access to a fair and equal education. It is essential that the SRC remains the most progressive student union in Australia, and they can provide a fair education for all; and POWER FOR FREE EDUCATION will actively ensure that.

POWER FOR FREE EDUCATION is opposed to the deregulation of University fees and the restructure, a neoliberal aspiration by the Liberal Government and University management respectively. Instead, POWER will advocate for a growth in scholarships provided to students, including more scholarships for low SES students. As well as this, we will push for a removal of the cap on the amount of Commonwealth Supported Places.

POWER FOR FREE EDUCATION supports the “LET SCA STAY” campaign. We will continue to stand in solidarity with the campaign for the full funding of Callan Park and rejection of the proposed staff cuts. In the event of the Callan Park closure, POWER calls on the university to provide adequate facilities for staff, students and resources as proposed by the staff and students at SCA.

POWER FOR FREE EDUCATION believes that students should be able to have the opportunity to do a dual degree in Arts/Visual Arts, and we will endeavour for this to become available.

Students who require or who want to study at both Winter and Summer School shouldn't be faced with upfront tuition fees, often upwards of \$6,000. POWER believes the SRC has the organ-

SRC REPRESENTATIVES

isational base to fight for HECS on Winter and Summer School, and will do so.

Students deserve longer access to textbooks and a wider selection of these textbooks at all libraries on campus. POWER will fight for this. We will ensure that subject readers become available at the libraries as well.

POWER FOR FREE EDUCATION will always put the Liberals last. The recently elected Turnbull government presents a clear threat to the rights of students, pensioners, workers, refugees, the queer community and immigrants. At all turns we must oppose Liberals in our SRC and in the broader Australian community.

Vote [1] GEORGIA FOR PRESIDENT, a candidate who believes in a fair go for all.
Vote [1] POWER FOR FREE EDUCATION, for equitable access to our university.
Vote [1] POWER FOR FREE EDUCATION IN NUS for a National Union who fights for Student Rights and Social Justice.

U

Stand Up for Fair Education

STAND UP for Fair Education!

STAND UP for simple extensions and special consideration - the STAND UP team helped save simple extensions and create a university-wide policy this year, meaning all students can access help and support when personal circumstances affect their studies.

However we know students are still having difficulty accessing special consideration when they need it. The STAND

UP team will continue working with the university to streamline the process and ensure all students can access support and don't have to jump through bureaucratic hoops!

STAND UP against cuts to education - the Federal Government's cuts to university funding could result in more course cuts, larger class sizes, and staff job losses. They want to deregulate fees for some courses so students will have to pay more money for their degrees, whilst also lowering the HECS threshold so students will have to start repaying increased study debts while earning less.

The STAND UP team thinks students' access to education should be based on their ability, not their bank account. Our experienced campaigners will oppose cost increases and lobby for more funding, while ensuring the quality of our education doesn't suffer! In addition we will fight on a university and community level to make education free for all!

STAND UP for our courses and degrees - under the university restructure outlined this year, faculties will be merged, jobs will be cut, and courses on offer severely decreased. This will affect class sizes, degree diversity, course costs, and students access to services, facilities, and support.

The STAND UP team will work to ensure that students are not put at an economic or educational disadvantage. We know many students chose to study here because of the wide range of courses available, and will fight to save the courses, facilities, and staff we all rely on to get our degrees.

STAND UP for more access for rural and regional students - currently Sydney University does not have a broad-based access scheme for rural and regional students unlike other major universities. The STAND UP team believe that people in rural and regional areas are severely disadvantaged when it comes to educational opportunity. We will fight for an equal access scheme for rural students.

STAND UP against Saturday exams - Saturday exams are not just annoying, they also mean students will often have to put off work and other weekend commitments to sit them. We all have a life outside of studying and that's why we will STAND UP for a university-wide policy against Saturday exams.

This election STAND UP for your SRC - vote for a passionate team with proven results.

Stand Up for Science

STAND UP for Lab Coat Loans
Our team created the lab coat loan program for first year student and will fight to extend this to all science students, because nobody should fail their practical because they couldn't afford the equipment.

STAND UP for Subsidised Lockers
Students who study sciences have to deal with annoyingly sized lab coats, heavy textbooks, and lab equipment at least once a week. Many of these students live far away for campus, and as uni students, don't want to fork out \$100 dollars for a locker at Wentworth or ISL. STAND UP will push for shared first year lockers, so you and your lab partners don't have to pay for a locker all year.

STAND UP for an Better CPC Study Space

The new CPC building has allowed students to have a space dedicated for science studies. But we know the student

space needs to be improved. STAND UP will make all study spaces open 24/7 for science students and deliver computers for hire to students too!

STAND UP for a Student Academic Journal
An academic journal to showcase the novel work being done by science students at the University of Sydney to the global science community.

STAND UP for Professional (and paid) Lab Experience
We know that science students are often stuck in Labs all semester long. So STAND UP will help connect science students with Paid summer internship programs to help you get lab experience and support yourself financially over the semester!

This election STAND UP for your SRC, and vote for a passionate team with proven results.

Left Action for Equal Marriage

Vote [1] Left Action for Equal Marriage for SRC

Vote [1] Left Action for NUS

Vote [1] Georgia for President

The campaign for marriage equality has been one of the most successful movements for social justice in recent years.

When introduced in 2004, the law forbidding LBGTI people from getting married was not so unpopular - just 38% of people polled opposed the ban at the time. Now well over 70% are in favour of full equality.

This amazing turnaround has been achieved through an ongoing grassroots campaign of mass protest involving students, workers, unions, community groups, and more.
But we can't stop now!

With bigots like Turnbull in government, it's crucial the campaign continues until we win full equality. LEFT ACTION candidates have been involved in this civil rights campaign for years, collecting signatures for the petition out on Eastern Avenue, helping organise and advertise the rallies through leafleting, chalking, poster runs and announcements in your lectures. You've seen us on the stalls and at the rallies, now help us take the fight for equality into the SRC!

Vote 1 LEFT ACTION for Equal Marriage and help support the campaign for civil rights and against all issues of homophobia and transphobia!

#CumboRepresent for SRC

– The SRC's free legal and casework services are very rarely seen - and even less frequently heard - at Cumbo. We have the experience and the know-how to make sure that the SRC works with the Cumberland Student Guild to make sure no Cumbo student misses out on these vital resources.
– Cumbo won't be at Cumbo for much longer... as we wind down the clock on our lovely Lidcombe hideaway, we need to make sure that our tight-knit student life and our specialist facilities are kept at main campus. We'll advocate within the University to fight for health-sciences students' rights in the transition phase.

- You pay for the SRC, the CSG and all other student organisations each year (to the tune of \$280!) – and you deserve to know where that goes. We'll make sure you have accountable and transparent student organisations, that work together, not apart.

Stand Up for Cheaper Textbooks

Have you ever wondered why you pay so much for textbooks? Well part of the reason is because the government imposes Parallel Import Restrictions (PIR) on textbooks. PIR's are an archaic protectionist regulation which keeps big business from facing any competition in the market for textbooks. This means publishers can charge vulnerable students exorbitant prices for textbooks, which just isn't fair. This year the National Union of Students has shone the light on this practice, running a campaign which gained over 7000 signatures in support of removing Parallel Import Restrictions. If elected, I pledge to continue this campaign through the NUS and through the USYD SRC to STAND UP for a fair price on texts that students must buy just to meet basic requirements of a course.

STAND UP for More Textbooks in the Library
Libraries across campus have too little copies of the required textbooks in the 2-hour and main sections. I would lobby these libraries to prioritise purchasing extra copies of these books in the future, so a broader range of students have the opportunity to borrow the books they need.

STAND UP for More Textbook Exchange Services.
Services such as StudentVIP are a great way to purchase textbooks off people who have used them, but a lot of students are unsure about the personal nature of it. I will STAND UP for designated areas on campus, where students can exchange textbooks in a safe and secure manner.

This election STAND UP for your SRC, and vote for a passionate team with proven results.

Power for Advocacy

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR ADVOCACY
Vote [1] POWER FOR FREE EDUCATION IN NUS

The SRC has a proud history of advocacy, which spans both inside and outside the university. POWER FOR ADVOCACY will aim to mobilise students and staff members for large scale advocacy projects.

Currently, 1 in 4 women will experience a form of violence by the hands of their intimate partner. POWER FOR ADVOCACY will lobby both the NSW and Federal governments to promote and establish adequate domestic violence programs, with the aim to educate the population on domestic violence and to help Australians who are currently facing domestic violence.

POWER FOR ADVOCACY will aim to create a refugee tutoring program for newly settled refugee children and young adults.

POWER FOR ADVOCACY will push the SRC to formally denounce the death penalty worldwide.

POWER FOR ADVOCACY will work with all collectives and student groups on campus, to promote their advocacy for a range of issues and to ensure that there is another strong left wing voice on the SRC.

POWER FOR ADVOCACY will always put the Liberals last. The recently elected Turnbull government presents a clear threat to the rights of students, pensioners, workers, refugees, the queer community and immigrants. At all turns we must oppose Liberals in our SRC and in the broader Australian community.

Vote [1] GEORGIA FOR PRESIDENT. A President who is a Proud Activist.
Vote [1] POWER FOR ADVOCACY to keep progressive policy at the head of the SRC.
Vote [1] POWER FOR FREE EDUCATION IN NUS, for a National Union who fights for Student Rights and Social Justice.

Stand Up for Social Justice

STAND UP for affordable student housing-- Students shouldn't have to pay exorbitant amounts to live near university. We will STAND UP and continue fighting the University to ensure new accommodation will offer affordable rental prices for students that are capped at \$150 per week.

STAND UP for more gender neutral toilets-- the National Union of Student's campaign against queerphobia in university bathrooms has shone light on the need for gender neutral toilets- so everyone can use the bathroom without fear of discrimination. We will STAND UP for gender neutral toilets to be available at every university building.

STAND UP for better mental health services in the SRC-- Currently our existing student services for mental health (Counselling and Psychological Services) are being overloaded with work and are ineffective at helping students who need help with their mental health. We will STAND UP to work with more organisations, both within the university and outside of it, to provide improved counselling services at university.

We will STAND UP for providing essential financial training such as doing one's taxes.

STAND UP for more support for rural and regional students-- STAND UP for a Rural and Regional Students Office Bearer in the SRC and a Rural and Regional Students Collective

Left Action For Free Education

Vote [1] Left Action for NUS
Vote [1] Left Action for Free Education for SRC
Vote [1] Georgia for President

Our education is under attack! The Liberal Government is determined to make fee deregulation a reality despite the overwhelming opposition from the public. Both of the major parties went to the elections with policies that included massive cuts to higher education funding and plans to increase student fees. On campus our Vice Chancellor is determined to cut courses, sack staff and is trying to close down or merge faculties, including closing the Sydney College of the Arts.

Left Action activists have been driving the campaigns to defend our education. In 2014 we built the fightback that defeated fee deregulation three times! Over the last two years we've campaigned to stop USyd management's restructure which is

trying to abolish 80% of courses.

Michael Spence, the vice-chancellor of USyd, has been one of the biggest supporters of deregulation. But since the bill failed to pass, he has decided to introduce it by the backdoor at a campus level. The plan means the university will offer just 20 undergraduate degree options, which will mean less choice for students and staff cuts across the board. We will then be forced to engage in expensive post-graduate degrees for career specialisation or interest exploration.

Left Action has been leading the campaign against these reforms, at a campus and national level. We are proud of what we've accomplished - as a result of student protests the measures have been voted down three times in the Senate.

Despite this, the Liberals have insisted that they will try again. Simon Birmingham has flagged partial deregulation and HECs increases as a step towards full fee deregulation. For his part, Michael Spence is determined to cut staff, degrees and courses.

So, we have to keep up the fight. But in addition to these defensive campaigns, we also passionately believe that quality education should be free and accessible for all students, and we pledge to continue fighting for this demand.

Stand Up for the Colleges

College students form a significant portion of the University's student body. Colleges host sporting, cultural and social events, and are a dynamic hub of activity within the broader university. They are a unique and vibrant component of campus culture, yet are neglected by the SRC.

STAND UP for College Representation
Our team will make sure that college students are represented fairly at the SRC, at the National Union of Students, and to the University.

STAND UP for a College Shuttle Bus
The long walk from college to the other

corners of University can be quite dangerous at night. To promote safety for college students, Stand Up will make sure the university shuttle bus will go to all colleges to accommodate for college student needs.

This ticket consists of college students who aim to facilitate a better understanding between these groups, and to break down some of the misconceptions about college students, as achieving a better relationship between these communities will be advantageous for them both.

Power for a Green and Just Campus

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR A GREEN AND JUST CAMPUS
Vote [1] POWER FOR NUS

POWER is a team of left wing, activist students who have the experience and passion to lead a fighting and inclusive SRC for students, by students. POWER will advocate for your interests against University management, reinvigorate student services and lead grassroots activist campaigns.

Vote [1] POWER FOR A GREEN AND JUST CAMPUS for an environmentally and socially conscious voice on council. I will fight for the following:

- 1. Fund environmental activism: Climate change is an unbelievably horrific phenomenon that constitutes nothing less than an existential threat to life on Earth. It necessitates an activist response, and it needs an SRC that wants to put money towards fighting the corporate forces that are propelling climate change!
- 2. Fund activism on social issues in Sydney: Sydney is a deeply unequal city that is very difficult to live in for those that aren't born into privilege. This demands a response and demands solidarity with those in our city that are unjustly punished simply as a function of their class and identity.
- 3. Support the environmental activism: Groups on campus like the Sydney Envi-

ro Collective are dedicated to fighting the systematic and extreme degradation and exploitation of the natural environment. Our relationship to the environment is overpoweringly toxic and constitutes its continuous and extreme destruction. The environmental activist movement is a form of necessary resistance to this phenomenon which must be supported.

4. Divest from fossil fuels: Sydney University can help prevent catastrophic climate change by divesting, not only doing their bit to weaken the fossil fuel companies themselves but also making a statement that encourages others to follow suit. Climate change is simply not a distant issue: it constitutes a total threat to everything we have ever known, other than death.

5. Support an activist, unionised campus: Sydney University is lucky to still offer students the autonomy they still have. Our privileges to have as much say as we do over our campus needs to be defended, not just for our own sake but for New South Wales generally, as the student union movement is an important part of the union movement as a whole.

Vote [1] GEORGIA FOR PRESIDENT. Georgia is an absolute legend with a huge amount of experience with the SRC and a compulsion for a society that is genuinely just. She works literally constantly for activist causes and I frankly admire her dedication to fighting such an impossible fight so bravely and so constantly.
Vote [1] POWER FOR FOR A GREEN AND JUST CAMPUS. For a fighting SRC.
Vote [1] POWER FOR NUS, for a National Union who fights for Student Rights and Social Justice.

Ignite for Business

Ignite for Business demands a more inclusive SRC that engages the entire student body as well as providing as more engaged atmosphere for academic resources and student support networks. Our team will pursue an independent, collaborative representation on the SRC that will be inclusive to students. We need independence in our representatives on campus so that the SRC is accountable to students.

Ignite for Business wants more Business students on SRC

Ignite for Business wants to expand the SRC Textbook store to include Business textbooks

Ignite for Business wants multilingual caseworkers to cater for all students

Ignite for Business wants to promote the PASS model to more subject areas

Ignite for Business wants to propose a peer-based mentoring opportunity for academic and professional careers advice.

Ignite for Interfaith

We're running on the Ignite ticket because we believe that Religious Freedom should be supported and maintained on our campus. Religion makes up an important part of many students' lives and that needs to be reflected on our SRC.

We support the freedom of any student to be able to identify with any religion without fear of persecution because of their beliefs.

We want to ensure SRC Resources aren't used to discriminate against any religious group, and that all religious groups are supported.

We will push to ensure that every religious group's freedom of communication is allowed to remain on this campus without attacks on the character of the organisation.

Ignite for Colleges

IGNITE for College believes in a Student Representative Council that represents and supports the college community. The SRC too often ignores the interests and needs of college students and maligns college identity.

We wish to focus on giving the college community a voice in the SRC and communicating the concerns of college students.

In addition we support the SRC directing more resources into programs that meet the needs of the student population and not funding frivolous niche interests such as protesting.

We stand for three main policy goals:

(1) Representing the College community on the SRC.

We aim to vocally advocate for the needs of ordinary college students and protect the identity of the college community. Moreover we support fiscally sensible policy that expands programs and services.

(2) Increasing the visibility and size of the SRC book exchange.

Many students are unaware of the SRC's book program. Expanding this service is an important leg-up for college and non-college students struggling with the high cost of books.

(3) Expanding the SRC's online presence and promoting SRC services.

The SRC provides numerous essential services. For students who live away from home (such as many college students) access to legal help, taxation and sexual harassment services can be vital. Promoting the SRC's online presence is a crucial step to helping more students realise the SRC's services on offer.

Stand Up for LGBTQIA

STAND UP for LGBTQIA Isabella Brook for President We're the students who are lesbian, gay, bisexual, transgender, queer, intersex, and asexual who are running to stand up for our rights on campus. Each person on this ticket brings a unique experience to this campus, but we all agree on one thing: The university has to improve on rainbow issues. Policies: Creation of a transgender officer position. Positive relationship with the university Ally Network. Full implementation of the Rainbow Campus campaign. Reshaping the queer department in the SRC to represent LGBTQIA people. Health services on campus, or linking with nearby health services that are LGBTQIA friendly.

SRC REPRESENTATIVES

About us: Andrea is a transgender woman who's been incredibly active in her first year and a half on campus. With a personal aim to work with all sides of politics, she's running to help increase the consultation with all sides of the LGBTQIA community, not just the far left. Being involved in LGBTQIA politics since 2011, she's got experience, knowledge, and passion. "I've found myself facing more barriers from queer and women's spaces on campus with the intention to keep trans women either in the closet, quiet about our needs, or barred completely. This happens to people across all sides of politics too, with only far-left identity politics respected, and I'm committed to changing this."

Joey is a first year who's studying Government and Political Economy. On a personal level, he's keen to see health services, accomidation services and academic services which support LGBTQIA people. But particularly as a first year, he's keen to bring fresh blood and energy to campaigning on LGBTQIA issues like marriage equality on campus, and the rainbow campus campaign.

"For too long marriage equality has been a contentious issue in Australia. It's time Australia caught up with the rest of the Western world and have same-sex marriage legalised." Cooper is a nursing student who's studying at Sydney Nursing School. As well as fighting for a LGBTI space on campus, they have had strong compassion for building links between religious communities and LGBTQIA communities. Both communities fight and exclude the other, but Cooper is asking the hard questions, like where do religious LGBTQIA people go for support? Below is a quote from Cooper's speech at the Rainbow Wedding: "A LGBTI space on each campus becomes a catalyst for long term action. Being acknowledged, being active, and being empowered means this campus will grow out of these past failings. Research and education regarding the needs of LGBTI patients is out there, I know it is. They teach so much about how to care for other marginalised groups, so why are they forgetting us?"

The three of us, along with Yolanda, Micah, Matilda, and Skye have all be petitioning, campaigning and been standing up for LGBTQIA rights simply as students, but now we have the chance to take it a step further. What will it look like when we get collaborative voices with long term passion and goals onto the SRC for 2017?

To bring about our change, we'll need your votes. Make sure you turn out on the 20th, 21st and 22nd of September. Policy expanded:

*** Creation of a transgender officer position.***

The University of Sydney SRC has many office bearer positions, many of them which do next to nothing. These token filler positions may not do much, but a transgender officer position would ensure that transgender, transsexual and non-binary students have a direct say inside the SRC, Honi Soit, and a platform for the greater university. We would also work to make sure this position is filled each year with diverse students.

*** Positive relationship with the university Ally Network ***

The Queer Action Collective and the SRC have not engaged well with the new University of Sydney Ally Network. From critiquing the uni's participation in Mardi Gras, to not having clear communication for other events like International Day against Homophobia and Transphobia, we hope to build the relationship between the two groups to be healthy, collaborative and productive. There is no reason for groups that support LGBTQIA peoples to argue over semantics or personal politics, but instead take a pragmatic approach to support the students on this campus.

*** Full implementation of the Rainbow Campus campaign ***

The author of the Rainbow Campus campaign, Andrea Zephyr, is at the head of our ticket. Become a Rainbow Campus. Support equitably education of lesbian, gay, bisexual, transgender, queer, intersex, and asexual (LGBTQIA) students

LGBTQIA youth and students face extra stress, depression, homelessness, drop out rates, verbal and physical assault, and higher suicide rates because of homophobia and bigotry. Being oppressed, discriminated against and treated as a second-class citizen is depressing.

University Campuses can help alleviate some of these injustices and be declared 'Rainbow Campuses' by implementing these six steps. This will ensure that in 2016, all university campuses are up to date with the needs expressed by LGBTQIA students.

The Rainbow Campus 'Spectrum of rights':

1. Give Transgender students their identities back.
2. Accessible LGBTQIA Space on each campus.
3. Mandatory University-wide LGBTQIA staff training.
4. Support the NUS "We all need to pee" campaign & Gender Neutral Bathrooms in all buildings.
5. Every SSF funded organisation commits portion to LGBTQIA services.
6. University to sign on to marriage equality immediately.

This spectrum of rights is a way students can quantify their universities current level of support for LGBTQIA students in 2016. Each of these points established prominence due to students at universities across Australia campaigning for their implementation, to varying degrees of success. We see this campaign as a cross-platform, nationwide venture which can share tactics, support and struggle across its benefactors. We would aim to collaborate with management to get the best support for LGBTQIA students on campus. Unfortunately, the campaign has only met with management once to discuss, and several of the solutions such as gender neutral bathrooms have been stalled due to a lack of engagement with the university staff. We have seen a successful on the ground campaign, but we now need to make sure individuals are regularly engaging with those with power in the university. We will see this properly resolved by semester 2, 2017.

(If you are interested or involved, you can contact Andrea at andy.a.zephyr@gmail.com)

*** Reshaping the queer department in the SRC to represent LGBTQIA people ***

The currently Queer department is small, and cliquey. Long term campaigns have failed to come out of the department since 2015, and this is due to not having popular support throughout the campus, nor the people power to maintain them. The Rainbow Campus campaign did not come from the SRC, and as of our Rainbow Wedding on the 16th of August, they have not yet signed on to supporting it. We aim to get the SRC to support it both by motion, and financially.

*** Health services on campus, or linking with nearby health services that are LGBTQIA friendly ***

Long-term, we hope to see how to engage medical health services which are LGBTQIA friendly. HIV and transgender health issues are both personally and politically relevant to our ticket. We aim to improve the psychologist services by making all staff members do an ally training, as well as work with them towards a future that we could have a psychiatrist on campus who could assist with hormones replacement therapy. The HIV crisis impacted the LGBTQIA community significantly, and the battle to keep the spread of HIV down in NSW is important to young people, who are disproportionately affected by a lack of sexual health. Mental health is also incredibly relevant, as the suicide rates for the LGBTQIA community are significantly higher than the rest of the population. Thanks for reading, and if you have any engagement with us you can contact us on andy.a.zephyr@gmail.com, or talk to any Stand Up campaigner over the election period. To bring about our change, we'll need your votes. Make sure you turn out on the 20th, 21st and 22nd of September. #SU4LGBTI STAND UP for LGBTQIA Isabella Brook for President

Stand Up for a Safer Campus

STAND UP for an anonymous online reporting system - bullying, harassment, and assault is an unfortunately common occurrence on campus. Yet many students don't know how to report incidents or where to go for help.

The STAND UP team have worked with the university to improve reporting systems, however more work needs to be done. We need a specialised anonymous reporting site that students and staff can access easily, not a general system with no support structures in place. We all have the right to feel safe in our classrooms, social spaces, and around campus!

STAND UP for better shuttle buses - the STAND UP team helped introduce shuttle buses to satellite campuses and stations. However, these services are often infrequent and crowded, so students and staff miss out. This is not good enough. STAND UP for a revamped bus sign for the Redfern buses, and to place a sign for each stop on campus on the way to Redern.

The STAND UP team will lobby for more frequent shuttle bus services at main and satellite campuses. We will also work on developing a campus safety app which shows arrival and departure times, and can track where buses are en route.

STAND UP for a campus safety app - many students don't know where to get help on campus in an emergency situation. Other universities like Melbourne Uni have developed campus safety apps and it's time Sydney Uni caught up!

The STAND UP team will work to secure funding for an app which shows locations of emergency panic buttons, shuttle bus routes and timetables, 24 hr study spaces, and local emergency numbers and support centres. This will make it quicker and easier for students to seek help on campus.

STAND UP for more support spaces - main campus is lucky to have autonomous spaces for different groups, which provide a safe and secure environment, facilities for breastfeeding, and resources like condoms and sanitary items. However, many of these facilities are lacking on satellite campuses. The STAND UP team will work with the university and satellite campus reps to provide supportive resources for all students, no matter what your degree or where you study.

STAND UP for better lighting - the STAND UP team has lobbied for better lighting around campus but more needs to be done. We will work with security and campus infrastructure to upgrade lighting, especially in smoking areas and on satellite campuses.

This election STAND UP for your SRC - vote for a passionate team with proven results.

Power for Diversity

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR DIVERSITY
Vote [1] POWER FOR NUS

POWER is a team of left wing, activist students who have the experience and passion to lead a fighting and inclusive SRC for students, by students. POWER will advocate for your interests against University management, reinvigorate student services and lead grassroots activist campaigns.

POWER FOR DIVERSITY
The University of Sydney has a wonderfully diverse population. The students of USyd come from many backgrounds, transcending the boundaries of race, class, sexuality and gender. Individuals too, come with a multiplicity of identities. This year I have worked extensively as one of the SRC office bearers for the Queer Action Collective, and have been involved with a number of other collectives. I am amongst other things, a student, an activist, plant enthusiast, flower crown connoisseur, queer, and a person of colour. I swear this is not my Grindr profile.

POWER FOR DIVERSITY AND COLLECTIVE FUNDING
I want the SRC to maintain funding for the collectives. In 2011, when the Liberals controlled the SRC, all collectives were defunded and students suffered greatly. I am here to ensure the security of funding; even a little can go a long way. Funding is important to sustain the collectives and the campaigns we run or support. I want to help different autonomous collectives maintain and increase their presence on campus, and continue the SRC's great legacy of activism and support for student welfare. I have tried to stay away from student politics but with the very real threat of cuts to collective funding through factional deals, that could see the Liberals and Unity in control of the SRC budget, I have decided to stand up and fight for the activist departments that have given me so much.

POWER FOR DIVERSITY AND ANTI-DISCRIMINATION
It is imperative that the collectives and all organisational groups within and connected to the SRC take an intersectional approach toward the oppression of minority groups. A queer movement that does not consider the struggles of People of Colour, women, people with disabilities or the Indigenous community, is no movement at all. I want the SRC to fight ableism, racism, queerphobia, sexism and classism at every opportunity.
POWER FOR DIVERSITY AND ANTI-DISCRIMINATION
I want the SRC to become more actively involved in queer and anti-racism campaigns and promote multiculturalism, diversity and acceptance. The University has failed to take a stance against discrimination, notably its failure to endorse Marriage Equality, whilst numerous other universities have done so including Monash, Curtin and the University of Western Australia. I want the university to respect people's identities, for example, using student's chosen names and pronouns. I want the university to respect the diversity of student's cultural backgrounds. I will continue my work through campaigns like Rainbow Campus to ensure marginalised voices are heard.

POWER FOR DIVERSITY AND ACCESSIBLE SAFE SPACES
It is vital that we maintain safe spaces on

campus. These spaces are not just a place for people to go when they are feeling distressed, but they are also pivotal in the organisation and mobilisation of activists. These spaces need to be available so that autonomous groups can engage in critical thinking, self-empowerment and ongoing support from their communities. These political spaces have been historically significant across the decades, and in order to continue the fight against oppression we must ensure that people can come together without the threat of violence. So often people from marginalised groups can feel isolated and alone, and these spaces and the collectives give us the communities that we are so often denied elsewhere.

Vote [1] GEORGIA FOR PRESIDENT for a President who will support collectives and foster activism.
Vote [1] POWER FOR DIVERSITY and an anti-discriminatory SRC
Vote [1] POWER FOR NUS, for a National Union who fights for Student Rights and Social Justice.

Power for Social Justice

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR SOCIAL JUSTICE
Vote [1] POWER FOR NUS

POPOWER is a team of left wing, activist students who have the experience and passion to lead a fighting and inclusive SRC for students, by students. POWER will advocate for your interests against University management, reinvigorate student services and lead grassroots activist campaigns.

Vote POWER for Social Justice!
The University is not a just or socially conscious institution. Instead it is an institution run for profit that is happy to invite riot cops onto campus to repress student activism, slash courses, exploit international students and allow a culture of sexism, queerphobia and racism to run rampant. I want to undertake a POWER-ful push for a socially just campus.
If elected I will advocate for
• Equal access for low SES students to create a more accessible University through encouraging scholarships and encourage the University to expand programs like compass
• Create a more accessible activist culture through more publicised activist workshops, zine fairs and online resources
• Promote activism through continuing radical education week, greater promotion of the SRC and its collectives and increasing activist budgets
• Increase transparency by publishing the SRC minutes on facebook, increase our use of Honi beyond OB report backs and trying to reduce the insularity surrounding #stupol culture

• Expand the SRC's welfare services by creating a crisis accommodation program
• Create a refugee tutoring program and lobby the University to provide a refugee scholarship
So for a socially conscious SRC and campus vote:
Vote [1] GEORGIA MANTLE FOR PRESIDENT. A President who will lead a socially just SRC.
Vote [1] POWER FOR SOCIAL JUSTICE, for an SRC who will fight for social justice.
Vote [1] POWER FOR NUS, for a National Union who fights for Student Rights and Social Justice.

Education Not Detention- Save SCA

SAVE SCA – FUND EDUCATION
FIGHT RACISM
END OFFSHORE PROCESSING
THROW OUT TURNBULL
BUILD STUDENT STRUGGLE

VOTE 1 EDUCATION NOT DETENTION
VOTE 1 GEORGIA FOR PREZ
Education Not Detention is a group of students building campaigns for our education and against xenophobia and refugee detention. These things go hand in hand. Under a Turnbull government there are billions of dollars to lock up refugees on remote islands, yet apparently art education is unaffordable. We know that to get change, we have to fight for it. We stand for an activist left-wing SRC, and for building stronger student movements that can topple Turnbull and the Liberals. Students have a long and proud history of fighting for a better world, and we want to continue that legacy. The fight we need won't be built in SRC meetings - it will be built in the lecture halls, on the avenues and in the workplaces. But an activist SRC can support these struggles.

SAVE SCA
Sydney Uni's attempt to close Sydney

College of the Arts, and the determined struggle to stop the closure, is an emblem of the kind of society we live in today, and the kind of fight we need. If the move goes ahead jewellery, ceramics and glassmaking will be outright scrapped. 25 of the 43 full-time equivalent positions will be cut. 15 academic and 10 technical staff will be axed. There will be no BVA enrolments for 2017 and all ongoing SCA students will be crammed into "transitional" spaces on the Camp-down campus in 2017. SCA at Rozelle will be shut down.

THE BIGGER PICTURE
The attack on SCA - and the fight to save it - are part of a bigger picture. The ALP corporatised universities in the early 80s. Since then student fees have risen, while corporate tax has been cut back. The Liberals tried to deepen this corporate agenda with their failed attempt to introduce uni fee deregulation in 2015. Our millionaire Vice Chancellor Michael Spence runs the university like a business, and can't see past the bottom dollar. That's why he described SCA - with its decades of history and acclaimed alumni - as nothing more than an "unnecessary cost". We have to fight against this whole corporate model, and for education funding.

FIGHT BACK
The SCA campaign has already won a victory, by forcing the University to abandon it's Plan A – to force students into the UNSW Art and Design school. They did this with mass meetings and public protests. Now, they have backed up their demand that SCA stay at Calan park in Rozelle with a student strike! This shows that if we fight, we can win.

FREE THE REFUGEES
Cuts and racism operate as two sides of the same coin. In the lead up to the Federal election Immigration Minister Peter Dutton tried to blame refugees for unemployment by saying they steal jobs. Pauline Hanson has fed off that racism getting huge votes in areas hit hard by the end of the mining boom.

The government's refugee policy is the sharp edge of racism in Australia. Before Abbott was elected, he spent every day of the campaign claiming he had "stopped the boats". He conflated refugees with terrorists, and whipped up Islamophobia. At the same time, he tried to deregulate university fees and introduce a Medicare fee.

But offshore processing is on the ropes. Manus Island has been ruled illegal. The Nauru files have made it impossible to ignore the horrors, from child self-harm, to rape, to the lack of basic medical care. Now over 100 Nauru and Manus staff have signed a letter calling for the camps to be closed. Not one of the 267 refugees in Australia as part of the Let Them Stay campaign have been sent back. Offshore processing is unravelling – a strong movement can kill it off for good.

WHAT HAVE WE DONE?
Our group has been building the refugee campaign on campus for years. This year, we built the Let Them Stay campaign on campus, took student contingents to all the major refugee rallies, worked with Medicine Students to take a stand against Offshore processing, and hosted

former workers from Manus and Nauru.

We have been active in the fight to save SCA from day one, and helped organise the General Assembly that called for a student strike. We will need more action like this to continue the fight into 2017.

CLOSE THE CAMPS, NOT THE ART SCHOOLS!

VOTE 1 EDUCATION NOT DETENTION

Kelton Muir
Arts

As a member of the socialist group Solidarity I have been actively devoting my political time and energy building real student struggle. The SCA campaign this year has been an absolute highlight as we have built a campaign with real students whose education is under real threat. They have activated themselves collectively to organise and carry out a student strike and multiple rallies full of colour, anger and possibility. They stand in solidarity, as do I, with their staff that are about to be cut. They have become the most radical part of student politics and I am proud to help facilitate their struggle - All power to the students and their imagination!

Stand Up for Education/Social Work

Vote [1] STAND UP for Education/ Social Work
Vote [1] STAND UP for NUS
Vote [1] ISABELLA BROOK for President & Support Ed McCann for VP

STAND UP for the Education and Social Work faculty - the university wants to see this large and dynamic faculty merged with Arts and Social Sciences, the largest faculty on campus. This announcement came with very little consultation of students and staff, and could mean huge changes to the way our courses are run, our access to administrative and

academic support, and our valued staff members. It could also mean our faculty has less representation on student and staff committees.

The STAND UP team wants a guarantee from the university that faculty cuts will be minimised and staff jobs secured. We also want to know that our voices will still be heard, with guaranteed retainment of faculty representatives and faculty heads at the table, and a proper consultative process before any major changes come into effect.

STAND UP for scholarships and bursaries for placement - anyone who's been on placement as part of their course knows how difficult it can be. You're essentially being asked to work fulltime, sacrificing study, work, and social life, whilst being provided with little to no support. We value our placement experiences but we know more can be done to make it easier for students.

The STAND UP team will lobby the university to provide better support structure for students on placement, through financial support like bursaries. We will establish a consultative committee to work with students, staff, and university management to achieve this.

STAND UP for smaller tutorials - our tutorials in the Education and Social Work faculty have now grown so large they are more like seminars! This makes it harder for students to access the attention and support needed to get the most out of their studies. With uncapped enrolments seeing a huge growth in numbers on campus, it's high time the university increased its staff and class availabilities.

Above all, we believe in an SRC that truly responds to student concerns. Make your vote count and Stand Up for your degree and your faculty!

This election STAND UP for your SRC - vote for a passionate team with proven results.

Stand Up for Real Student Issues

Only the STAND UP team will fight for regular students who just want a fair go at uni. We won't focus on the niche cause of the day or whinge about trivial issues, we will tackle the problems students face every day head on.

STAND UP for Cheaper Textbooks
In the current student climate, we're forced to fork out hundreds of dollars for a collection of textbooks that costs exuberant amounts of money for something that shouldn't be such a big stress when students already have so many issues. We will STAND UP for your right to buy a textbook for the right price and lobby the university to have more textbooks available for loan from the library.

STAND UP for No Saturday Exams
Saturday exams are a blight on the current student body, we will STAND UP for no Saturday exams and keep it free for everyone's enjoyment. Saturdays

SRC REPRESENTATIVES

should be special day away from stress where students can relax, socialise, practice religion and study. We will remove Saturday exams and embrace the diversity of our student body and their right to practice religion and relax on the weekends.

STAND UP for a Free Breakfast Bar
It is the harsh reality that some students come to university being unable to afford food or don't have time on their exceptionally long commutes where they already have to wake up early. It is a right of every student to study to their full potential and we will STAND UP to achieve this by offering a weekly free breakfast bar.

STAND UP for Cheaper Parking
We're going to STAND UP for your right to drive to university, for some it's a convenience, others it's a necessity! Some students have no feasible mode of transport to get to university and others have the right to use it for convenience, therefore we will 'drive' the price of parking on campus down and increase parking availability of parking on campus!

Left Action Against Racism

Vote [1] Left Action for Against Racism for SRC
Vote [1] Power for NUS
Vote [1] Georgia for President

Left Action against racism is a coalition of activists involved in anti-racist activism on and off campus. We're part of the campaign for refugee rights, have organised protests against Islamophobia, in support of Indigenous rights, in solidarity with Palestine & against Pauline Hanson's racist agenda.

Only activism on the streets can push back the racism of the Australian Government. Both the Liberal and Labor party continue their support for the racist offshore detention centres where refugees are locked up, abused and murdered. Left Action have participated in protests, blockades & occupied Turnbull's office to fight to free refugees.

The Australian government continues its campaign to whip up racist hysteria against Muslims-- this has helped to legitimise attacks on civil liberties, increasing police powers, border protection, national security scaremongering and bombing campaigns in Syria. This year on campus the Muslim prayer room has been trashed by racists six times.

It's on the back of this hysteria that a figure like Pauline Hanson, Australia's most famous racist, has come to the fore. Hanson's racist agenda must be opposed. Left Action activists are committed to building an anti-racist movement against One Nation, protesting Hanson and her senators wherever they go.

The recent reports into the Don Dale juvenile detention centre has revealed the systemic abuse of Aboriginal children. Left Action stands in solidarity with the struggle for Indigenous rights and against youth incarceration. We've helped to build the rallies against Indigenous community closures and raised funds to support the Redfern Aboriginal tent embassy.

Vote for us for an SRC that campaigns against racism in all its forms, and shows practical solidarity with all oppressed people in our society.

Stand Up 4 International Students

STAND UP for concession OPAL cards for International Students - the STAND UP team have been working on achieving transport concessions through the "Fair Fare" campaign and will continue to meet with important decisionmakers in the university, government, and community groups to make sure that International Students receive these concessions.

STAND UP for specialist legal help for International Students in the SRC - International Students often face very different legal obligations than domestic students, in areas like rental agreements, VISA requirements, and rights at work.

The Redfern Legal Service has a specialist legal service for International Students, and the STAND UP team wants to bring this service to the SRC on a regular basis to make it accessible for all International Students.

STAND UP for the International Students collective - this year, members of the STAND UP team helped establish the International Students collective, for International Students to network and socialise, run campaigns, and fight for International Students' rights at uni.

But the STAND UP team wants to see the collective grow bigger and stronger. We want to work with the collective to run help forums for International Students, to provide information about uni, employment, and housing, as well as have more networking opportunities, campaigns, and International Student representation.

This election STAND UP for your SRC - vote for a passionate team with proven results.

Stand Up for SRC

Vote [1] STAND UP for SRC

Vote [1] STAND UP for NUS

Vote [1] ISABELLA BROOK for President & Support Ed McCann for VP

The STAND UP team are an experienced and diverse group of students from across the university, from different faculties, collectives, clubs, and backgrounds.

We are a group of activists who have been involved in the fight for fair education, affordable student housing, travel concessions for International students, and a safer campus.

The STAND UP team believes that the SRC should be there for you when you need it, to provide vital services and engage with students throughout their degree. That's why we want to STAND UP for our SRC and STAND UP for students!

STAND UP for quality education!

The STAND UP team have experience working with the university to achieve a campus-wide policy on lecture recordings and simple extensions, which we won this year.

STAND UP against the university restructure to avoid course cuts, staff job losses, and more expensive degrees!

STAND UP for smaller class sizes and the retention of subject diversity!

STAND UP against deregulating flagship courses and cutting funding to our universities! The STAND UP team knows that education is a right, not a privilege!

STAND UP for the retention of simple extensions and fight for a fairer, more accessible special consideration system!

STAND UP for student services!

We believe that the SRC should be there for every student. The STAND UP team has already delivered a free tax help service for tax time and free wifi on campus.

STAND UP for an appliance rental scheme, so you can rent out rarely-used household appliances when you need them!

STAND UP for an SRC food bank and a weekly breakfast bar so students don't have to go hungry!

STAND UP for affordable student housing!

STAND UP for affordable housing for all students by demanding on a capping of student accommodation at \$150 per week!

STAND UP against rent rises in SUV and other student allocated accommodation!

STAND UP for free wi-fi in all student accommodation!

STAND UP for a safer, more inclusive campus!

The STAND UP team have already been working on the campaign for International Students' travel concession cards through the "Fair Fare" campaign, and for better safety on campus.

STAND UP for an online anonymous reporting system for bullying and harassment!

STAND UP for a campus safety app so students can navigate the campus safely!

STAND UP for International Students seminars so students know their tenancy, work, and study rights!

STAND UP for a rural and regional students' network and a rural and regional student SRC office bearer!

STAND UP for better engagement with satellite campuses and faculties!

STAND UP for SCA students to ensure they have continued access to the spaces and facilities they need!

STAND UP for better consultation with SCA and Cumberland campus so their voices are heard!

STAND UP for an improved shuttle service between main and satellite campuses!

Vote to STAND UP for your SRC - for a passionate team with proven results.

Power for Student Welfare

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR STUDENT WELFARE
Vote [1] POWER FOR FREE EDUCATION IN NUS

The University of Sydney SRC is best equipped to fight for the rights of students when it is distinctly left-wing and based on the values of unionism and activism.

POWER FOR STUDENT WELFARE will focus on the health and wellbeing of every student at the University of Sydney in the face of a hostile Liberal Government and University Management. We stand against the university restructure and the Liberal cuts to higher education and the deregulation of university fees.

POWER FOR STUDENT WELFARE rejects the closure of the Sydney College of the Arts (SCA). We will fight against the closure in every aspect and will push the University to keep SCA at Callan Park. If the university goes ahead with their plan to move students onto the Camperdown campus, adequate space and resources must be provided for all students and there must be no staff cuts.

POWER FOR STUDENT WELFARE will advocate for the introduction of consultation hours with the President of the SRC, as we believe it is vital that there is consistent communication between the President and the average student. When in discussion about SRC policies, we will consult with the collectives and student groups on campus, to make sure that all SRC policies support students on campus.

POWER FOR STUDENT WELFARE will lobby the Government to lower the age of independence to 18, therefore expanding the amount of young Australians who could receive youth allowance. For far too long, the government has remained steadfast in their opposition to ensuring that all young people have access to the social safety net.

POWER FOR STUDENT WELFARE will fight the Government's introduction of the Startup Scholarship on HECs, and will lobby for its reinstatement as a genuine scholarship, not a glorified loan.

POWER FOR STUDENT WELFARE will work to educate the university on what constitutes affordable rent. New housing on campus, provided by the university management partnering with profit-hungry student housing corporations, sees those who reside in this accommodation paying exorbitant fees for small shoebox units. It is essential that there is accommodation for students on or near campus that can cater to all socio-economic backgrounds, not just the rich.

POWER FOR STUDENT WELFARE sees that the SRC offers an essential service in the caseworkers. We will encourage officer-bearers and councillors to better collaborate with the caseworker team to outline issues facing the undergraduate student population. Better engagement with the entire student body is essential, and we will expand the caseworker service to an on the ground presence at the Conservatory of Music, SCA, and the Cumberland campus, at least once a fortnight.

POWER FOR STUDENT WELFARE believes that education on our rights as students and Australians is vital to ensure the wellbeing of the undergraduate body. We will work within the SRC to introduce practical programs educating students on their rights at work, and as tenants. It is far too often the case that unscrupulous bosses or landlords will exploit students who may not have been educated in their rights during high school. What is most important to achieve this aim is a closer working relationship with the trade union movement. POWER FOR STUDENT WELFARE will partner with Trade Unions to introduce legal education programs, and will work to launch a campaign from the SRC encouraging all students to join and become active in their trade unions.

POWER FOR STUDENT WELFARE will always put the Liberals last. The recently elected Turnbull government presents a clear threat to the rights of students, pensioners, workers, refugees, the queer community and immigrants. At all turns we must oppose Liberals in our SRC and in the broader Australian community.

Vote [1] GEORGIA FOR PRESIDENT, a candidate who will consult with students.
Vote [1] POWER FOR STUDENT WELFARE to have Student Welfare at the forefront of SRC policies.
Vote [1] POWER FOR FREE EDUCATION IN NUS for a National Union who fights for Student Rights and Social Justice.

Power for Disability Support

VOTE [1] GEORGIA FOR PRESIDENT
VOTE [1] POWER for DISABILITY SUPPORT
VOTE [1] POWER FOR NUS

POWER is a team of left wing, activist students who have the experience and passion to lead a fighting and inclusive SRC for students, by students. POWER will advocate for your interests against University management, reinvigorate student services and lead grassroots activist campaigns.

POWER for DISABILITY SUPPORT 2016 has shown clearer than ever before that our University is chronically inaccessible and actively discriminates against students with a disability. The systems in place for special consideration and disability services fail students who are most in need of help and support. I am tired of hearing horror stories across our community of students who have suffered at the hands of cruel bureaucracy as a result of funding cuts and an attempt to streamline systems at the expense of one on one support. I am tired of being told it is my fault, that I should have my condition under control. I'm tired of the system screwing over the students it is meant to help in the first place. We need an SRC and president who will fight against the status quo.

I will fight for the rights of disadvantaged students and be the voice of disabled students through • Advocating for a complete review of the special consideration system through the relevant committees and board
• Creating a better dialogue between staff and students. Bridging the communication gap between faculty administration and students by being an active member of liaison committees and the faculty board
• Liaising with and ensuring the funding of the disability and careers collective
• Pushing for a more accessible campus with more wheelchair access to science facilities and support for visually impaired students
• Ensuring disabled students who can not attend field trips are properly compensated and have the same learning opportunities as able-bodied students
• Running seminars for staff members on how to be better equipped to handle the problems facing students and avoiding unnecessary administrative burdens on both parties
• Ensure universal lecture recordings are offered
• Encouraging awareness of the com-

plexities of the student experience- not everyone experiences university in the same manner, but every single student should be entitled to receiving support.

Vote [1] GEORGIA FOR PRESIDENT, a president who has already fought against the university's inaction on lecture recordings and special consideration
Vote [1] POWER FOR DISABILITY SUPPORT, for passionate disability advocacy
Vote [1] POWER FOR NUS, for a National Union who fights for Student Rights and Social Justice.

#ConRepresent for SRC

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] #CONREPRESENT FOR SRC
Vote [1] POWER FOR FREE EDUCATION IN NUS

#CONREPRESENT FOR SRC will push for a higher engagement with the intercampus officers, to promote more engagement for both the students in the SRC, and the SRC at the Conservatorium. We will promote more consultation with Con students, to make sure their voice is heard.

#CONREPRESENT FOR SRC will fight to make sure the SRC consults with Con students to formulate campaigns that will directly involve Conservatorium students.

#CONREPRESENT FOR SRC will advocate for the SRC to make both the caseworkers and the legal services available to Con Students, by appointment. It is critical that Con students can access SRC services on their own campus - it is unfair that main campus students can access the SRC services at their place of study, whereas Con students must make the trip.

#CONREPRESENT FOR SRC will always put the Liberals last. The recently elected Turnbull government presents a clear threat to the rights of students, pensioners, workers, refugees, queer Australians and immigrants. At all turns we must oppose Liberals in our SRC and in the broader Australian community.

Harry Potter For SRC

First off, yes, quidditch is a real sport, and of course we really do fly just like in Harry Potter.
But did you know the Australia won the World Cup in July this year? Amazing fact I know, we want the university and the SRC to support quidditch in order to maximise our sporting success, both in the muggle and the wizarding world. Feel free to come to trainings at Victoria Park, if you want to find out more about playing quidditch, which is where I will be, instead of actually campaigning to you.

Power for Feminism

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR FEMINISM
Vote [1] POWER FOR NUS
POWER is a team of left wing, activist students who have the experience and passion to lead a fighting and inclusive SRC for students, by students. POWER will advocate for your interests against University management, reinvigorate student services and lead grassroots activist campaigns.
POWER FOR FEMINISM
POWER for Feminism is a bunch of badass feminists fighting for a better campus for women. The SRC is a vital resource for student services and activism. Both student services and activism are vital for the betterment of women. As such we're running a sassy misandrist no fucks given campaign to ensure the Wom*n's Collective is amply funded; to tell university management to do their God-damn jobs cause they ain't done shit to end sexual assault on campus. And we want a fully funded Misandrist Militia.
1. Funding to support women on campus
- Well funded Wom*n's Collective Budget

SRC REPRESENTATIVES

- Guaranteed funding for Wom*n of Colour Collective

- Funding for Wom*n's Theatresports

The comedy scene on campus is dominated by men. There are hilarious wom*n on campus yet many are intimidated to explore comedy. There is already a push to create a Wom*n only theatresports yet funding is needed to pay for a professional to run it. I will partner with the USU Wom*n's Portfolio holder to achieve this.

- Fund broader activist campaigns such as campaigns on gendered violence

2. Demand action from University management to address sexual assault on campus.

- Sexual Assault is a prevalent and devastating issue on campus. Management continues to pay lip service but not take real action on the issue.

- University funding for a specialised sexual assault lawyer in the SRC: the legal service at the SRC is already overworked and underfunded. Students pursuing legal action after sexual assault need to have skilled legal assistance available.

- Fix the reporting system: Sydney Uni's official system for reporting sexual harassment and assault is broken. It puts the burden on survivors to resolve the issue in private, rather than supporting them when they choose to come forward. The University's own survey in 2015 found that less than 1% of the most serious incidents are reported. This suggests that the University needs to overhaul the reporting system so that it is sensitive to the needs of survivors. Survivors need guaranteed confidentiality and timely responses from specially trained staff, not a generic, impersonal web form.

- Key resources in UoS outlines: many students aren't reporting these incidents because they simply don't know where to go. A simple step the University should take to improve awareness of the reporting process and support services is to include a list of key resources in all Unit of Study outlines, to make them easily accessible to all students.

- Educate students about consent: students need better education about consent to be able to prevent sexual assault and identify when consent is not being given. For a university that claims to create graduates with the holistic skills to be responsible community members, USyd is not doing enough to educate students about consent. We want university management to take sexual assault as seriously as it takes plagiarism. We want to see a mandatory consent education module implemented on ELearning, and bystander training during O Week.

- First responder training: student representatives and staff members are often the first people told about sexual harassment and assault, but are not trained to respond to these disclosures. Attitudes upon first disclosure are the most crucial factor determining a survivor's ongoing wellbeing; in addition to this, hearing stories of sexual assault can lead to vicarious trauma for the listener. The University should provide training around vicarious trauma and responding with compassion for all staff and student representatives, for their wellbeing and for survivors'.

3. Fully funded misandrist militia

- Gets results.

Vote [1] GEORGIA FOR PRESIDENT a President who will endorse the misandrist militia.

Vote [1] POWER FOR FEMINISM for a

feminist fighting SRC.

Vote [1] POWER FOR NUS, for a National Union who fights for Student Rights and Social Justice

Stand Up for Women

STAND UP for an anonymous online reporting system - harassment and assault is an unfortunately common occurrence for women on campus. Yet many students don't know how to report incidents or where to go for help.

The STAND UP team have worked with the university to improve reporting systems, however more work needs to be done. We need a specialised anonymous reporting site that students and staff can access easily, so that all women can feel safe around campus!

STAND UP for a safer campus - many students don't know where to get help on campus in an emergency situation. Other universities like Melbourne Uni have developed campus safety apps and it's time Sydney caught up!

The STAND UP team will develop an app showing the locations of emergency panic buttons, shuttle bus routes/timetables, 24 hr study spaces, and local emergency centres. We will also work to build a better relationship with campus security and for improved lighting and emergency phones around campus.

STAND UP for a women's room on every campus - it's important women feel safe on every university campus. Main campus is lucky enough to have a women's room where they can feel safe, where mothers can breastfeed, and where women's collective can meet weekly. But women at satellite campuses deserve their own space too!

STAND UP for a dedicated sexual assault solicitor at the SRC - this year has seen dozens of reports of sexual harassment and assault on and around campus, and the SRC solicitors have been flooded with cases. We need a dedicated solicitor who specialises in handling sexual assault cases and can provide support for assault survivors.

The STAND UP team will work with the legal service to lobby the university for increased funding for a specialised solicitor to handle the increased reporting of incidents. Many survivors of assault don't report their cases as they lack faith in the justice system. Students need to know that they will be supported if they choose to report their assaults.

STAND UP for more women in the SRC in leadership roles!

This election STAND UP for your SRC - vote for a passionate team with proven results.

STAND UP for a Sustainable Campus!

STAND UP for renewable energy - in 2015 the university community voted overwhelmingly to divest from fossil fuels and support renewable energy. Progress is being made but there's more to be done, and the STAND UP team is committed to helping Sydney Uni step into the 21st century.

The STAND UP team will work with environmental groups and the university to look at the most efficient way to transition to renewable energy and cut emissions. Solar panels can save almost a

kilogram of Co2 emissions per kilowatt hour produced, and are increasingly used by businesses, homes, and educational institutions - it's time for Sydney Uni to catch up!

STAND UP for sustainable water use - we use huge volumes of water everyday but most of it ends up wasted. Having retention schemes in place to reuse water from bathrooms and showering facilities will help the environment and save money!

The STAND UP team will work with the university and campus infrastructure to look at accessible water harvesting, so our wasted water can be redirected to our gardens and green spaces.

STAND UP for biodegradable cutlery - members of the STAND UP team worked to introduce biodegradable cutlery at all USU food outlets last year. This is a simple and affordable way to reduce the university's environmental impact by limiting landfill and waste.

The STAND UP team will extend this program to all food outlets on campus and work with them to transition efficiently. We will also look at increasing the number of recycling bins and keep cups.

STAND UP for sustainable green spaces - our university is noted for its outdoor spaces and lawns but we can be smarter in how we use these. The STAND UP team wants to see more native vegetation and trees planted, as well as bio-retention gardens to filter rainwater runoff. We will work with campus grounds maintenance and environmental groups to make sure our university is operating efficiently and environmentally.

This election STAND UP for your SRC - vote for a passionate team with proven results.

Power for Student Rights

Vote [1] GEORGIA FOR PRESIDENT

Vote [1] POWER FOR STUDENT RIGHTS

Vote [1] POWER NUS FOR FREE EDUCATION

POWER FOR STUDENT RIGHTS will continue to fight for the return of free tertiary education, to ensure that all students do not suffer under a hidden privatization agenda. We oppose an increase in fees and course cuts. We are committed to fighting attempts to push corporatisation and profit over the quality of education and we will fight any university management policies that compromise the education of students.

POWER FOR STUDENT RIGHTS acknowledges that drug use will occur despite the saturation of police at events, with substances such as MDMA and ecstasy posing a real threat through the risks of impurities. Students deserve better than a conservative 'war on drugs' that puts their health at risk but rather a progressive, safer approach through drug testing kits. We will introduce disposable pill-testing kits, available at the SRC which will contribute to safer student life.

POWER FOR STUDENT RIGHTS will take a stand against the ludicrous and shameful changes to the University's special consideration policy. With cancer patients and students grieving recently deceased denied special consideration. POWER FOR STUDENT RIGHTS will strive to see a fair and comprehensive extension system that recognises the struggles and stresses that students face. We will push for Simple Extensions to be extended to 3-5 working days across all departments and faculties.

POWER FOR STUDENT RIGHTS will not allow for any subject cuts to occur. These proposed cuts disregard popular student opinion, in favour of a corporatist, neoliberal agenda that prioritizes profit over education. University is fundamentally an institution of knowledge, not a corporate business.

POWER FOR STUDENT RIGHTS is a firm adherent of the belief that transparency of management is a fundamental right of students. Students' futures can change dramatically through the modification of university policy and the university should be lobbied at every turn to provide as much information and due warning as possible.

POWER FOR STUDENT RIGHTS will always put the Liberals last. The recently elected Turnbull government presents a clear threat to the rights of students, pensioners, workers, refugees, queer

Australians and immigrants. At all turns we must oppose Liberals in our SRC and in the broader Australian community.

Vote [1] GEORGIA FOR PRESIDENT. A candidate who isn't afraid of University Management.

Vote [1] POWER FOR STUDENT RIGHTS, for an SRC who will fight for you.

Vote [1] POWER NUS FOR FREE EDUCATION, for a National Union who fights for Student Rights and Social Justice.

Ignite for Arts

The University of Sydney proudly posts of the best Faculties of Arts and Social Science in the country because it produces results. But not a lot of students give a shit about that. What students care about is the positive experience they expect from university. The people on Ignite care about catering to the extraordinarily diverse nature of every student who calls themselves an Arts student. Not only that, but we want to ensure that the right student representative structures are in place – and students are aware of them – so that we can all harness the potential of our university experience.

The SRC should broaden the capacity of its safety and support networks for disadvantaged or marginalised students. Improving the legal service with not only more caseworkers but caseworkers who can target specific groups on campus such as international students or honors students.

The SRC should also step up its assistance for students’ mental health through a more direct engagement with the issue on campus as well as de-stress initiatives that focus on the quality rather than quantity of services.

Stand Up for Student Welfare

STAND UP for Simple Extensions
The STAND UP team will bring back simple extension for all students, and fight to deliver an easier extension application process to makes sure that when students are doing it tough they don't fall behind at uni.

STAND UP for Online Readers
Every semester students are forced to buy a reader that sets them back as much as \$200. Given the payment for this materials is a part of your student fees the STAND UP team will make sure online versions of all readers are available to all students in all subjects.

STAND UP for a Weekly Breakfast Bar
No student should have to try 2and learn on an empty stomach, STAND UP will work with the University of Sydney Union to make this longstanding policy promise a reality and bring a free break-

fast bar to you!

STAND UP for Affordable Student Housing
Too many students are forced to travel hours each day to attend university, limiting the amount of time available for students to get involved with campus life. Our team will STAND UP to the university and make sure that all new housing developments on campus have equity places for students who can't afford the high cost of living.

This election STAND UP for your SRC, and vote for a passionate team with proven results.

Twins 4 Tickets: (It) Takes 2

After a shock defeat in 2014, Twins 4 Tickets re-emerge in biennial tradition to promote our two (2) policy platforms:

1. Improve the welfare of twins on campus throughout the oppression of fee deregulation.
2. Interrogate the motives of triplets, particularly their interaction with Vice Chancellor (and fellow triplet??) Michael Spence during such deregulation.
3. Stop an over-opinionated and under-educated student hack from getting onto the SRC.
4. Build resumes.

Questions:

- Why have Sydney University hacks deliberately and consistently failed to identify the impact of fee-deregulation on twins, who together are forced to pay twice as much as the average student??
- Considering twins account for 0.4% of the population, why don't they currently hold 6% of SRC tickets (2 seats)??

Note: Anyone who publicly or privately doubts the above facts will be subject to costly and interminable litigation.

Patrick Ryan

Reds Under The Bed

The world under capitalism is a place of inequality, injustice, hierarchy and general misery. Under capitalism we are alienated from ourselves and from each other, and distracted from this fact by spectacle. Part of this spectacle are elections, where we are told that as individuals we are empowered via our vote, that as a society we are united in deciding upon our leaders, and that social change comes from electoralism and building up political parties. This distracts us from realising that true change happens via collective direct action and that the real fight is on the streets.

Student elections are no different, with various parties and party factions doing deals to promote themselves and gain power. However, the SRC elections at least determine the leadership of a valuable student union. Indeed, the SRC only exists because of the ongoing struggles for the rights of students and oppressed minorities, and provisioning for stu-

dents dealing with housing and legal costs. These things are only needed in the context of the nature of the capitalist mode of production. The SRC should be funding campaigns off campus such as to do with First Nations solidarity, refugee rights, and environmental issues, amongst others.

Thus we propose a vision for Sydney University:

1. NO CUTS, NO FEES. Fight Neoliberalism wherever it rears its ugly head, including on campus. We demand universal free education as a right and not a privilege. Such mismanagement occurs due to the fixation on the profit motive for running a place of learning. Let Sydney College of the Arts stay at Callan Park and fight the Sydney University restructure that threatens the jobs of staff and the learning of students. Defend your degree and stand in solidarity with international students being exploited by the university's profit-based approach to education. The students united will never be defeated.

2. COPS OFF CAMPUS. Police have repeatedly invaded our campuses in collaboration with university management, with the intention of repressing democratic student protests. At times they have brutalised students to the point of long-lasting trauma. We have a right to demonstrate.

3. Abolish student elections. Representative democracy is inherently hierarchical and does not truly make for collective decision-making, co-operation and participation. Direct democracy is the only way to truly empower students.

4. Overthrow Vice-Chancellor Michael Spence, SCA Dean Steven Garton and other university bureaucrats looking to push the University of Sydney further and further in the direction of being a lucrative business producing for both domestic consumption and international exports.

5. Rid the campus of Liberals, Conservatives, Fascists and other reactionaries and free market fetishists who prop-up the ruling class through their adoption of bourgeois ideology, and whose beliefs contribute to the marginalisation of women, people of colour, and LGBT folk (amongst others).

6. Disband the colleges (specifically, Wesley, St Paul's and St John's) and replace them with a student co-op in the pursuit of affordable housing; a far better alternative to the hotbeds of misogyny we have at present.

7. Put an end to the university's inaction on sexual assault and harassment on campus. All perpetrators of sexual assault and/or harassment will be exposed and punished, according to the will of their victims.

This ticket has been created without the intention of building any party, and without making any deals - especially not with 'moderate' Liberals. It may appear ironic to run an anti-electoralist ticket in a student election, but that is perhaps the beauty of this ticket. We may disrupt the spectacle of student elections momentarily in this way but will con-

tinue to fight on hereafter, dedicated to eradicating inequality and exploitation.

Power for Low-SES Students

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR LOW-SES STUDENTS
Vote [1] POWER NUS FOR FREE EDUCATION

The University of Sydney is a notoriously elitist institution - fewer than twenty percent of the student population come from low socioeconomic backgrounds. Most students from working class backgrounds face barriers to access when it comes to Group of Eight Universities. These barriers are distinctly economic - transport costs, textbook costs, rents all contribute. The absence of state support for working class students to relocate for higher education, the exorbitant and unaffordable accommodation costs near top ranking Universities, and the looming threat of university fee deregulation have pigeon-holed low SES students into higher education providers that might not have been their first choice. Non-GO8 Universities obviously provide a fantastic educational experience for their students and are obviously excellent choices for some, but the fact that the best resourced universities in the country take in so few students with less money to their name is a problem. POWER FOR LOW-SES STUDENTS believes that the deregulation of University fees advocated by the Abbott and Turnbull Governments remain a looming threat and that the student movement must remain vigilant. Fee deregulation is a political choice and can be opposed with political activism - to this end, POWER believes that education activism must continue to be funded and prioritised by the SRC.

POWER FOR LOW-SES STUDENTS acknowledges that high rents are a huge barrier for working class students in the inner city. The SRC is unlikely to achieve legislated rent controls, alas, but can continue to provide support to STUCCO, the low-rent student housing cooperative affiliated to the University of Sydney. The SRC can continue to lobby University of Sydney management to set aside cheap rooms for low-SES students in all developments in the area.

POWER FOR LOW-SES STUDENTS opposes the planned restructure by the University of Sydney management to extend flagship three year degrees like Arts into four-year programmes. These programmes have successfully operated with a fourth year honours option for decades - clearly, this is a cynical attempt to force students around for a fourth year in the degrees that have the highest enrolments to accrue the extra fees from that fourth year. Working class students may want to enter the labour force after their third year, rather than being forced into a fourth year, and may not desire to accrue an extra year's worth of fees.

POWER FOR LOW-SES STUDENTS will always put the Liberals last. The recently elected Turnbull government presents a clear threat to the rights of students, pensioners, workers, refugees,

the queer community and immigrants. At all turns we must oppose Liberals in our SRC and in the broader Australian community.

Vote [1] GEORGIA FOR PRESIDENT.
Who stands for a University for all, not just the rich.
Vote [1] POWER FOR LOW-SES STUDENTS for an SRC that will stand by you.
Vote [1] POWER NUS FOR FREE EDUCATION, for a National Union who fights for Student Rights and Social Justice.

SCA Let Us Stay

The Sydney College of the Arts is under attack!

The university recently announced that the Callan Park campus would be sold off and the arts school moved to main campus - beginning as early as first semester 2017! This is despite being told for years that no major changes would come into effect until at least 2020.

The university has been unable to guarantee that the vital facilities and resources we rely on for our degrees, including gallery space, kilns, glass blowing etc, will be available on main campus.

This means no guarantee of courses, postgraduate study, or staff retention - no guarantee of the things that many of us chose to study at SCA specifically for.

SCA students have had enough! We need a voice to stand up for us at the main table and stand up for our courses and staff.

SCA LET US STAY wants:
-Proper, broader consultation of SCA students and staff before any major changes to courses or facilities!
-Guaranteed no course cuts or staff cuts!
-Guaranteed continued access to our facilities and resources on main campus before any move is begun!
-The B.VA reinstalled for 2017!
-A voice for SCA students on main campus!

This election, stand up for SCA – SCA LET US STAY

Power for Science

Vote [1] GEORGIA FOR PRESIDENT
Vote [1] POWER FOR SCIENCE
Vote [1] POWER NUS FOR FREE EDUCATION

STEM (Science, Technology, Engineering and Maths) are all under represented on the SRC, and POWER FOR SCIENCE will aim to give those students a louder and left-wing voice.

POWER FOR SCIENCE will advocate for the university to put more clean energy alternatives on campus, including the integration of green energy into all existing buildings and its implementation into all new buildings. We will also push the university to divest from fossil fuel and non-renewable energy resource investment.

POWER FOR SCIENCE will work with the Caseworkers and Office Bearers to

fight the faculties in making sure that all lecture slides and lecture recordings are fully available to all students.

POWER FOR SCIENCE will aim to provide all students with semester printing allowances, to ensure any student who requires a large amount of printing, is not financially disadvantaged because of their studies.

POWER FOR SCIENCE will establish a dropbox at the SRC offices for students to recycle study notes and readers.

Mike Baird, the NSW Liberal Premier, has endangered the NSW environment and the livelihoods of Agricultural communities, through his promotion and allowance of Coal Seam Gas fracking. POWER FOR SCIENCE condemns the NSW Government for their short-sighted and damaging policies.

Under the Liberal Federal Government, the CSIRO budget has been cut by over \$115 million and over 300 jobs are under threat. POWER FOR SCIENCE denounces the Prime Minister Malcolm Turnbull, Environment Minister Josh Frydenberg and the Science Minister Greg Hunt for their cuts to the CSIRO.

POWER FOR SCIENCE will lobby for the reimplementation of the Carbon Tax on a Federal level. A free market solution will not solve Climate Change.

POWER FOR SCIENCE will always put the Liberals last. The recently elected Turnbull government presents a clear threat to the rights of students, pensioners, workers, refugees, the queer community and immigrants. At all turns we must oppose Liberals in our SRC and in the broader Australian community.

Vote [1] GEORGIA FOR PRESIDENT because students deserve a President who will fight for them.
Vote [1] POWER FOR SCIENCE because Science students deserve a stronger voice.
Vote [1] POWER NUS FOR FREE EDUCATION, for a National Union who fights for Student Rights and Social Justice,

Maccas on Campus

Mmmm mmmm mmmm mmmm best time in the world. Mmmm mmmm mmmm mmmm mmmm it's Mac time. McDonalds. It's Mac time. For over a century this timeless jingle has not been allowed to ring throughout Sydney University due to the influence of an insidious ideology. That ideology is communism. Contrary to popular belief, communism did not die with Lenin. It did not die when Trotsky got pick axed in South America. It did not die with Glasnot and Perestroika. It lives on in weekly meetings at the Newtown Neighbourhood centre attended by unshowered university students in the eighteenth year of their arts degrees. For over a century these dishevelled idiots have stood outside Fisher under the ridiculous assumption that handing out fliers and putting up posters will get troops out of Afghanistan. These people are not irrelevant anachronisms. Their silly and ostensibly impotent campaigns for the socialist revolution and an end to imperialism have masked their success in preventing McDonalds setting up a store at Sydney University. Motivated by notions of false consciousness and hegemony, they have precluded you from experiencing the joys of chocolate sundaes. Obsessed by the extraction of surplus value, they have prevented you from eating rubbery fries. Characterised by dialectical materialism they have denied you the ability to munch on scrumptious McChicken burgers. Stop the international communist conspiracy. Vote 1 McDonalds on Campus so that you can have the best time in the world. Best time in the world! Mmmm mmmm mmmm mmmm mmmm mmm

Mark Asuncion

Stand Up for Multiculturalism

STAND UP! for Travel Concessions
Travel is an inevitable and often expensive expense for domestic students. International Students however, do not have the luxury of student Travel concessions that domestic students enjoy. This means international students literally have to pay double to travel to and from University. It is time to STAND UP for fair prices for all students. University life is already expensive enough, and especially more so for International Students.

STAND UP! Against Price Discrimination
We believe that the current University fee model discriminates against international students who, more often than not, are treated like cash cows. Students often change their minds about their units and their academic direction. It is unfair that international students should have to pay administration fees even if they change their units before the census date. This is a struggle faced by many international students; an experience that no domestic student has to face. That's why we are going to STAND UP! against price discrimination, with the creation of a standardised fee system that sees international students able to change their units without facing the

full financial burden. International students compromise ten thousand of our current student body. It's time that we STAND UP! to ensure financial equality for international students.

STAND UP! for Racial Awareness
The most effective way to combat racism and discrimination is through awareness. The university can only improve the experiences of people of colour on campus if they are aware of the micro-aggression and discrimination they face daily. The STAND UP team will conduct end of semester surveys where students can voice their concerns. The survey will also run students through small modules that aim to increase student awareness of the various forms racism may take. STAND UP! International Student Scholarships

STAND UP! for International Student Scholarships
The university has consistently let down international students. This year saw international student scholarships scrapped. The university failed to provide students with any reasoning. These scholarships are often worth up to 10% of student tuition fees. The STAND UP team will fight for these students and force the university to pay students the money they are owed.

International Students for SRC!

Vote [1] Georgia for President!

Vote [1] International Students for SRC!

Vote [1] POWER for NUS!

Inarguably, international students make up a considerably large proportion of the student body at Sydney Uni. However, the group has long been underrepresented in student council which inevitably results in opinions and concerns receiving insufficient attention.

As such, we are supporting Georgia Mantle for President as we know she will advocate for International Students to the University, and look forward to working with her on this issue.

We want to empower the International Students Collective, ensuring it has the capacity and diversity to fight for all international students at this university.

We will improve the orientation and mentoring programs offered to international students and provide more financial support for international students in need.

As an International student I have firsthand experience with the struggles we encounter so I'm ready to fight for change and want an International Student voice heard at council.

International Students for SRC will fight to:

Lobby the University to ensure a quota of affordable housing for international students in upcoming accommodation developments

Continuing the Fair fare campaign for Opal concessions for International Students!

Establish cultural programs and work with the USU to provide cheap meals and coffee for International students!

Developing a pre-order program based on existing USYD app, which will enable students not longer need to queue for a long time during peak hours!

Legal info sessions for international students!

Expanding the caseworker service by providing multilingual caseworkers!

A bike swap program to encourage healthy lifestyles amongst International students who often live near campus!

Promote the SRC's available services that benefit international students more through awareness campaigns and community outreach

Ignite for Mental Health

As students that care strongly about mental health it's important that we push for the university to be more accommodating towards those that suffer from mental health problems.

We see those struggling with depression unable to get special consideration on their assignments due to the university's policy being cumbersome and difficult to navigate. And even when students are able to navigate the minefield of special consideration it's commonly rejected for those with mental health issues.

We will lobby the university to increase the amount of counselling sessions available under the university's counselling and psychological services, the current five sessions results in the inability for a counsellor to get to know a student before having to refer them on.

We will work with the university to help ensure that the CAPS scheme works closer with outside organisations to help build a relationship between students and their counsellors, with less issues upon being referred on.

We will ensure SRC Funding remains for caseworkers to ensure that students have a first port of call.

We want to ensure that the university

brings in mandatory academic training for staff so they're aware of how to deal with these issues, and treat them with more sensitivity.

Vote [1] Ignite for Mental Health

Vote [1] Ignite for NUS

Vote [1] Isabella Brook for President

And support Ed McCann for Vice President
